## **FOREWORD**

### **Basis of Presentation; Explanatory Notes.**

This is the annual report by Signature Devices, Inc., a Delaware corporation (the "Issuer", the "Company", "we", "us", "our", "ourselves", or "ours"), for the year ending December 31, and in some cases, although not required, for earlier periods based on management's determination to provide our stockholders and investors with a more complete material understanding of our history and performance) (this "Report").

We will further discuss the status of our former and existing plan of operations in the material set forth under Item 6, *Issuer's Business, Products, and Services*, and under Item 5, *Financial Statements*, and elsewhere in this Report as deemed necessary by management for any investor or shareholder to make an informed decision about us.

For interpretative purposes respective to our responses in this Report, we consider ourselves a "small business", as that term is defined in 17 CFR 230.157.

### **Information Unknown or Not Available; Disclaimer of Control.**

Due to a significant number of factors beyond our control, we are not in possession of a number physical corporate documents and financial historical data and records, and, we cannot obtain the same without unreasonable effort and expense, if at all. These records are in the possession of certain of our former auditors, and/or former directors, and, as such, have not been delivered to our current senior executive management following a series of changes in our control. We do however have a significant amount of records in digital format.

While we believe the information in this Report is accurate; however, without possessing and examining all of our records, our management cannot state that the information contained in this Report is complete. To that extent, we are relying on the disclaimer more fully described in Rule 12b-22 of the Securities Exchange Act of 1934 (17 CFR 240.12b-22).

### **Non-Reliance on Third-Party Information.**

With the exception of the records maintained (i) by the Office of the Secretary of State of the State of Delaware and available on its website or (ii) by the United States Securities and Exchange Commission on its website, if any information in this Report was originally provided to us by a third party or incorporated by reference herein in reliance of any such third-party's statements, we cannot warrant or represent the accuracy or sufficiency of any such information, and, we shall not be held liable for the authenticity of any such third-party information. You may form your own conclusions based on the available information therefrom obtained.

### **Advice of Forward-Looking Statements.**

There are various sections of this Report that contain "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. We use words such as "believe", "intend", "expect", "anticipate", "plan", "may", "will", and similar expressions (in either their singular or plural forms) to identify forward-looking statements. All forward-looking statements, including, but not limited to, projections or estimates concerning our former business or plan of operations, including demand for our products and services, mix of revenue streams, ability to control and/or reduce operating expenses, anticipated operating results, cost savings, product development efforts, general outlook of our business and industry, our business, competitive position, adequate liquidity to fund our operations, and meet our other cash requirements, are inherently uncertain as they are based on our management's expectations and assumptions concerning such future events. These forward-looking statements are subject to numerous known and unknown risks and uncertainties. You should not place undue reliance on

these forward-looking statements. Our actual results could differ materially from those we anticipate and convey by the use of such forward-looking statements, and, for many reasons, are subject to certain risks. All forward-looking statements in this Report are made as of the date hereof, based on information available to us (taking into consideration that certain information is unknown or not available to us) as of the date hereof, and we assume no obligation to update any forward-looking statement or information contained in this Report.

**NOTES TO THE FINANCIAL STATEMENTS**

**NOTE 1. NATURE OF OPERATIONS AND DISCONTINUED OPERATIONS.**

Signature Devices, Inc. (“Signature” or the “Company”) is seeking a business combination with a qualified candidate with greater than minimal or no assets, or, the Company is seeking to acquire an ongoing business or asset that it can develop.

Prior to 2015, our previous plan of operations called for us to manufacture, sell, and distribute video games. Currently the company is shifting focus to software and hardware in the Internet of Things technology space.

Employees.

As of December 31, 2015, we employed one full-time employee, Charles Townsend who serves as our Chairman of the Board, President, Chief Executive Officer, Acting Secretary, and Acting Treasurer. We consider our relations with our employee to be excellent.

Subsidiaries.

As of the date of this report, the Company had two operating subsidiaries, Graffiti Entertainment, Inc. and Innovo Technology, Inc. The financial statements for Signature Devices, Inc. and Graffiti Entertainment, Inc. have been consolidated in this report.

Revenue and Expense Recognition.

Revenues are earned in accordance with SEC Staff Accounting Bulletin No. 101 (“SAB 101”), “Revenue Recognition in Financial Statements,” as amended by SAB 104, “Revenue Recognition.” The Company considers amounts to be earned once evidence of an arrangement has been obtained, services are delivered, fees are fixed or determinable, and collectability is reasonably assured.

Product Development Expenses.

The Company charges all product development costs as incurred. Types of costs incurred in product development expenses include employee compensation, consulting, travel, facility costs, along with equipment and technology costs.

Advertising Costs.

The Company recognizes advertising expenses in accordance with Statement of Position 93-7 “Reporting on Advertising Costs.” Accordingly, the Company expenses the costs of producing advertisements at the time production occurs, and expenses the costs of communicating advertisements in the period in which the advertising space or airtime is used.

Income Taxes.

The Company accounts for its income taxes in accordance with Statement of Financial Accounting Standards No. 109, which requires recognition of deferred tax assets and liabilities for future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and tax credit carry forwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in operations in the period that includes the enactment date.

### Stock-based Compensation.

The Company applies Accounting Principles Board (“APB”) Opinion No. 25, “Accounting for Stock Issued to Employees, and Related Interpretations”, in accounting for stock options issued to employees. Under APB No. 25, employee compensation cost is recognized when estimated fair value of the underlying stock on date of the grant exceeds exercise price of the stock option. For stock options and warrants issued to non-employees, the Company applies SFAS No. 123, “Accounting for Stock-Based Compensation”. SFAS No 123 requires the recognition of compensation cost using a fair value based method whereby compensation cost is measured at the grant date based on the value of the award and is recognized over the service period, which is usually the vesting period. The Company uses the Black-Scholes pricing model to calculate the fair value of options and warrants issued to non-employees. Stock issued for compensation is valued using the market price of the stock on the date of the related agreement. The Company granted no warrants or options to employees for compensation for the years ended December 31, 2015 and 2014.

### Fair Values of Financial Instruments.

The carrying amounts of accounts payable, accrued liabilities, due to stockholder and convertible debentures approximate fair value because of the short-term maturity of these instruments.

### Net Loss per Common Share.

The Company computes net loss per share in accordance with SFAS No. 128, “Earnings per Share” (SFAS 128) and SEC Staff Accounting Bulletin No. 98 (SAB 98). Under the provisions of SFAS 128 and SAB 98, basic net loss per share is computed by dividing the net loss available to common stockholders for the period by the weighted average number of shares of common stock outstanding during the period. The calculation of diluted net loss per share gives effect to common stock equivalents, however, potential common shares are excluded if their effect is antidilutive. For the years ended December 31, 2015 and 2014, no options and warrants were excluded from the computation of diluted earnings per share because their effect would be antidilutive.

### Accounting for Uncertainty in Income Taxes.

We recognize the effect of tax positions only when they are more likely than not to be sustained. Our management has determined that we had no uncertain tax positions that would require financial statement recognition or disclosure. We are not subject to U. S. Federal, state, or local income tax examinations for any period prior to 2015.

### Working Capital and Other Sources of Liquidity.

As at the date of this report, our working capital was limited and for us to resume or continue operations, it is necessary for us either (i) to seek a business combination with a qualified company with qualified assets, (ii) issue equity or debt securities, or (iii) borrow money and pay interest at a higher than market rate.

### New Accounting Pronouncements.

In April 2015, FASB issued ASU No. 2015-03, *Simplifying the Presentation of Debt Issuance Costs*, which changes the presentation of debt issuance costs in the financial statements. ASU 2015-03 requires an entity to present such costs in the balance sheet as a direct deduction from the related debt liability rather than as an asset. Amortization of the costs will continue to be reported as interest expense. The guidance is effective for annual reporting periods beginning after December 31, 2016, with early adoption permitted. The guidance will be applied retrospectively to each period presented. The adoption of this standard update is not expected to have any impact on the Company’s financial

statements. Management has not opted to adopt the provisions enumerated in ASU 2015-03 until after December 31, 2016.

## **NOTE 2. RELATED PARTY TRANSACTIONS.**

Due to Officers.

The Company entered into employment agreements with our Chief Executive Officer, Kenneth Hurley on May 13, 2008. The employment agreements called for the Company to pay a base salary of \$1.00 per year and \$25,000.00 a month into investments and commodities. The term of the employment agreement was perpetual and could be terminated by either the Company or him, respectively. The termination clause called for a payment of two-million (\$2,000,000.00). Mr. Hurley resigned his CEO position on November 25, 2011 and all positions including Director positions with the Company on April 12, 2012, thereby, effectively, terminating his employment agreement and triggering the termination payment clause.

On December 14, 2015, the Company entered into a settlement agreement and stipulation with Kenneth Hurley ("Hurley"), whereby Hurley was owed two-million (\$2,000,000) for an employment agreement from 2008 and was the majority shareholder via his Preferred share block. In exchange for extinguishing the \$2,000,000 debt and transference of the preferred shares to Charles Townsend, Hurley was given rights to common stock issuance. The agreement has a blocker agreement wherein Hurley is not able to hold more than 9.99% of the common outstanding shares available. This agreement has also eliminated Hurley from being a control person or an affiliate of the company.

## **NOTE 3. LITIGATION.**

There is no pending litigation as of the date of this report.

## **NOTE 4. STOCKHOLDERS' DEFICIT.**

The stockholders' deficit for the year-ended December 31, 2015 is **\$(559,096)**.

## **NOTE 5. SUBSEQUENT EVENTS.**

Reorganization

On July 16, 2016, we entered into a non-bankruptcy triangular reorganization and contemporaneous share exchange pursuant to the applicable provisions enumerated in Section 368, *et seq.* of the Internal Revenue Service Code of 1986, as amended (the "Code"). Our predecessor, Signature Devices, Inc. was incorporated in the State of Nevada on July 24, 2002 ("Signature Nevada"). Signature Nevada, was converted and redomiciled to a Delaware corporation ("Signature Delaware") on February 18, 2016 and dissolved in Nevada on June 3, 2016. Signature Delaware then formed and organized Signature Devices Holdings, Inc. in Delaware; then, Signature Devices Holdings formed and organized Signature Devices Services, Inc. in Delaware. In general terms, under the terms of the merger agreement and plan of reorganization, which includes a share exchange, Signature Delaware merged into Signature Devices Services, which was then automatically dissolved, and Signature Delaware performed a share exchange with Signature Holdings, Inc. ("Signature Holdings"), where Signature Holdings received all of Signature Delaware common and preferred stock and Signature Delaware received equivalent shares of Signature Holding's common and preferred stock. Following the effect of the merger, reorganization, and share exchange, Signature Holdings changed its name, to "Innovo Technology, Inc.". Upon the completion of all of the terms of the reorganization, including required filings with regulatory agencies, Innovo Technology, Inc. will become the parent organization. As part of the non-bankruptcy triangular reorganization the par value of the preferred and common stock was changed from \$.0001 to \$.00001.

As the result of that certain action described in Note 1 above, the Company made a commitment to Kenneth Hurley., an individual to issue him shares of its common stock, and, furthermore, in accordance with that agreement and to participate in the acquisition of certain property interests, the Company has agreed to grant Kenneth Hurley the right to receive shares of its common stock.

#### Acquisition of Intangible Assets

On May 16, 2016 Graffiti Entertainment, Inc., acquired the assets of Tapply from Inqubus, Inc., in exchange for one-dollar (\$1.00) and preferred shares. These assets consisted of Sixty-Seven (67) iOS applications/games and twenty-seven (27) android applications/games. In determining the asset value of these applications, we took an average cost to develop, test and distribute applications (\$12,500) and multiplied by the number of apps we acquired.

## **Item 6. Issuer's Business, Products, and Services.**
