NOTES TO FINANCIAL STATEMENTS
For the 3 Months Ended September 30, 2017
(Unaudited)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND NATURE OF OPERATIONS

NATURE OF OPERATIONS

Symmetry Technologies Inc. (The Company"), was incorporated in the State of Nevada on October 30, 2001. The Company's fiscal year end is June 30. The Company has operated continually as Symmetry Technologies Inc. since this date of incorporation.

The Company specializes in producing a variety of pre-cooked, smoked meat products for retail sale.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

Financial Reporting Release No. 60, "Cautionary Advice Regarding Disclosure About Critical Accounting Policies" ("FRR60") issued by the SEC, suggests companies provide additional disclosure and commentary on those accounting policies considered most critical. FRR 60 considers an accounting policy to be critical if it is important to Symmetry's financial condition and results of operations, and requires significant judgment and estimates on the part of management in its application. For a summary of our significant accounting policies, including the critical accounting policies discussed below, see the accompanying notes to the consolidated financial statements.

The preparation of our consolidated financial statements in conformity with accounting principles Generally Accepted in the United States of America ("GAAP") requires management to make estimates, judgments and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of expenses during the reporting period.

On an ongoing basis, the Company evaluates its estimates, which are based on historical experience and on various other assumptions that are believed to be reasonable under the circumstances. The result of these evaluations forms the basis for making judgments about the carrying values of assets and liabilities and the reported amount of expenses that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions.

NEW ACCOUNTING PRONOUNCEMENTS

There are no new accounting pronouncements applicable to the Company's accounting that are applicable through September 30, 2017.

ISSUANCE OF SHARES FOR SERVICES AND ACQUIRED ASSETS

Valuation of shares for services and other acquired assets were based on the fair market value of services and assets received. For the twelve months ended September 30, 2017, no shares of common stock were issued for the acquisition of assets, and no shares of common stock or preferred stock were issued for services.

SYMMETRY TECHNOLOGIES, INC.
NOTES TO FINANCIAL STATEMENTS
For the 3 Months Ended September 30, 2017
(Unaudited)

NOTE 2 - BASIS OF PRESENTATION

The accompanying financial statements present financial results on the accrual basis of accounting as required under the United States generally accepted accounting principles. All amounts are presented in United States Dollars. The financial statements included herein have not been audited by an independent registered public accounting firm but, include all adjustments (including normal, recurring entries) which are, in the opinion of management, necessary for a fair presentation of the results for such periods.

NOTE 3 – ASSET IMPAIRMENT AND ADJUSTMENTS TO EQUITY

The Balance Sheet of the Company of June 30, 2014 under “Current Assets” recorded an entry of “Prepaid Services” in the amount of \$104,107, and another entry, “Accrued Salary”, in an amount of \$94,787, for a total of \$198,894 respectively. These entries were misclassified in that they reflect amounts owed by the Company under a note payable to a former officer and director, (see Note 4 below) and are not assets of the Company. As a result, these entries have been eliminated as assets and a charge of \$198,894 has been taken as an adjustment to equity on the September 30, 2014 Balance Sheet and Statement of Stockholders Equity (Deficit) which carry through to the June 30, 2016 Balance Sheet. Additional adjustments to equity were taken including, but not limited to, for the cancellation of 2,992,360 shares of common stock in the period ended June 30, 2015.

As stated in the Annual Report for the 12 months ended June 30, 2016, an adjustment to equity was made on the Balance Sheet as a result of an Amendment to the Articles of Incorporation of the Company filed on February 11, 2016, wherein the par value per share of the common stock was adjusted from \$0.01 to \$.0001, with a corresponding increase to the total amount of Additional Paid-In Capital, such that there was no net effect on the total value of the entries under “Equity” on the Balance Sheet as a result of this adjustment.

NOTE 4 - DEBT TRANSACTIONS

On March 31, 2013, the Company had an accrued debt owed to Chad Reed, an individual, of \$104,107.00 in prepaid expenses and \$94,787 in accrued salary, which amounts were recorded on the Balance Sheet. The Company entered into a one year secured 8% convertible promissory note with Chad Reed on March 31, 2013 for the total principal amount of \$198,894. The terms of the note stipulate that full payment of principal and accrued interest is due and payable to Chad Reed on or before March 31, 2014.

The note contains conversion rights should the note be paid at the end of year 1. The Company and Chad Reed shall have the option to convert the principal amount plus interest to common stock shares of the Company (conversion price at par value) or negotiated value, if negotiated cannot be reached then par value will be used after year 1.

On May 6, 2014, the above referenced note was transferred to and assumed by Roy J Meadows, an

SYMMETRY TECHNOLOGIES, INC.
NOTES TO FINANCIAL STATEMENTS
For the 3 Months Ended September 30, 2017
(Unaudited)

individual, who became the new holder of said note. The note, including principal and accrued interest and fees, continues to appear on the Balance Sheet as part of the aggregate sum under “Notes Payable” and has an unpaid, accrued balance of \$543,076 as of September 30, 2017, which total includes additional loan advances by Meadows since the loans making, and accrued and unpaid interest and fees to date.

On September 24, 2014, the Company assumed \$469,545 of long term debt obligation pertaining to the financing of land and facilities in Kendall County, Texas, to be used in connection with the production of its products. On August 14, 2017, the Company sold to a third party all its interest in the its land and facilities in Kendall County and from the proceeds of the sale paid in full the outstanding balance on said financing, such that for the period ended September 30, 2017, the financial statements of the Company show no remaining balance outstanding on said financing.

On October 14, 2014, the Company entered into a long term convertible promissory note with Roy J Meadows in principal amount of \$437,871 for purposes of the purchase of manufacturing facilities, materials and equipment and general working capital. The note, including principal and accrued interest and fees, appears on the Balance Sheet as part of the aggregate sum under “Notes Payable” and has an unpaid, accrued balance of \$717,859.03 as of September 30, 2017, which total includes additional loan advances by Meadows since the loans making, and accrued and unpaid interest and fees through September 30, 2017.

NOTE 5 - NON-CASH TRANSACTIONS

No non-cash investing and financing activities occurred during the three months ended September 30, 2017.

NOTE 5 - REVENUE RECOGNITION

Revenue is recognized in accordance with the guidance of FASB ASC 605-10-25, which is when the revenue is realized or realizable, and when revenue is earned. Revenue is considered earned when any services to be rendered by the Company are substantially completed. The Company had no revenue for the period ending September 30, 2017.

NOTE 6 - GOING CONCERN

The Company has only limited revenues and has generated a net operating loss since its inception. The Company also has a negative working capital and accumulated deficit as of September 30, 2017. These factors among others raise substantial doubt about going concern. The accompanying financial statements have been prepared on a going concern basis of accounting, which contemplates continuity of operations, realization of assets and liabilities and commitments in the normal course of business. The financial statements do not include any adjustments relating to the recoverability of the carrying amount of the recorded assets or the amount of liabilities that might result from the outcome of this uncertainty. The accompanying financial statements do not reflect any adjustments that might result if the Company is unable to continue as a going concern. The Company’s ability to continue as a going concern and the appropriateness of using the going concern basis is dependent upon, among other things, additional cash infusions. Management may raise additional capital through stock offerings in order to build up the business and name

SYMMETRY TECHNOLOGIES, INC.
NOTES TO FINANCIAL STATEMENTS
For the 3 Months Ended September 30, 2017
(Unaudited)

recognition. However, there can be no assurance that the Company will be able to raise sufficient capital to fully implement its business model.

NOTE 7 – MANAGEMENT DISCUSSION OF OPERATIONS

On May 25, 2017, an offer was made to the Company to purchase the real property at 919 State Highway 46 Boerne, Texas, in Kendall County, Texas, along with the personal property and equipment (collectively, the “Property”), to be used for the production of pre-cooked, smoked meat products by the Company.

The Board of Directors believed this offer was in the best interests of the Company and its shareholders, and on August 9, 2017, the Board approved the sale of the Property. On August 14, 2017, the transaction closed and the funds received, \$350,000, were used to pay in full the amount remaining in financing on the Property. As a result, the financial statements of the Company for the period ended September 30, 2017, show no remaining outstanding balance owed on said financing.

The Company is currently in negotiation to enter into an unrelated line of business through the acquisition of a private company with ongoing operations. Finalization of said business combination is anticipated to close on or before December 31, 2017.
