

September 10, 2015

Dear Solos Endoscopy, Inc. Shareholders,

I am very pleased to be able to communicate with our loyal shareholders directly and to give you an update as our company moves forward with our plans for restructuring.

Solos Endoscopy, Inc. has been at the forefront of breakthrough medical devices and technologies for the treatment and management of diseases for over 25 years. The Company markets over 200 items to the endoscopic market and is continuing the development of products that will enhance the ability of medical professionals to perform minimally invasive surgical techniques.

Management believes the current market capitalization of Solos Endoscopy stock does not truly reflect the value of the company. Despite being one of the few micro cap medical device companies with both FDA and ISO certifications, Solos Endoscopy stock price has remained very low. It is for this reason, the Board of Directors has approved a one thousand five hundred to one (1500 to 1) reverse stock split of the Corporation's common stock with a record date of September 28, 2015.

It is our hope that the recapitalization of the company will give the market an opportunity to recognize the value of Solos Endoscopy. Solos has been recognized by physicians who use their instruments Nationwide. All of Solos Endoscopy's instruments are FDA and ISO compliant.

As a result of Solos Endoscopy's poor capital structure over the past year, the company has not been able to raise sufficient capital to properly effectuate its business plan. The company has experienced significant back orders in 2014 and 2015 due to supply issues, and

management has not had the funding necessary to pursue plans to market its instruments internationally. Management continues to work with its suppliers in an effort to resolve outstanding issues regarding production. As mentioned above, the recapitalization is an effort by management to give the market an opportunity to recognize the value of our company and rebuild shareholder value.

Solos Endoscopy, as a public company, will continue to update its shareholders through regular postings on www.otcmarkets.com and through company press releases. To learn more information about the company and its products visit www.solosendoscopy.com. I want to thank all our loyal shareholders and I look forward to success in the future. To learn more information about the company and its products visit www.solosendoscopy.com. I want to thank all our loyal shareholders for their continued support.

Regards,

Robert Segersten

President and CEO

Solos Endoscopy, Inc.
