Effective from the fiscal year ending December 2015, the Company has partially reorganized its business segment classification method, ahead of a new organizational system to start in the fiscal year ending December 2016. Under the revision of reportable segments, the "Domestic Cosmetics Business" and "Global Business" segments became the "Japan Business" and "Global Business" segments. Some subsidiaries, previously classified under the "Domestic Cosmetics Business" segment, are reclassified under the "Global Business" or "Others" segment. Also, the method of allocating certain expensed has been revised in order to more accurately ascertain the operating performance of individual segments. Results for the first three months of the preceding fiscal year have been adjusted to the post-revision classification and allocation methods.
