

## **Triton Distribution Systems Inc.**

Notes to quarterly financial report for the period  
ending March 31st, 2014.

The enclosed financial statements have not been audited nor reviewed by a third party accounting firm. These statements have been generated in conjunction with an internal review of the records of Triton Distribution Systems Inc. This review is incomplete at this time; however, significant progress has been made.

It is important to note that the former officer and director who was operating Triton Distribution Systems Inc. prior to February 28, 2014, did not provide to Green Cures, Inc., or to Triton's current management any financial statements for the period beginning October 31, 2013, through December 31, 2013, or from January 1, 2014, through February 28, 2014, when Green Cures, Inc., obtained control of the Company. Prior to the acquisition of control of Triton by Green Cures, Inc., Triton (by its prior management) sold, transferred, and conveyed all of the assets and all of the liabilities and obligations of Triton, other than securities held for investment (discussed below), to Privileged World Travel Club, Inc., a publicly reporting company which was also managed by the same individual who was the former officer and director of Triton. Pursuant to that transaction, Privileged assumed all liabilities and obligations of Triton, including any and all outstanding debts, notes, contracts, and other obligations of Triton. Further, Privileged agreed that Triton would not be liable in any way for any debt or obligation of Triton, whether known or unknown, disclosed or undisclosed, including but not limited to any note, debt, or liability due as of February 28, 2014.

The sole asset remaining in the Company as of February 28, 2014, was 4,062,500 shares of restricted common stock of Privileged World Travel Club, issued in the name of Triton. All other assets, liabilities, obligations, and business and operations, were transferred by Triton to Privileged World Travel Club, Inc. as of February 28, 2014 (the date of closing of the acquisition of Triton Distribution Inc., by Green Cures Inc). It is the understanding of current management that prior to the acquisition of control of Triton, Triton was not engaged in business operations.

The enclosed financial statements are based on the transferring of controlling interest of Triton Distribution Systems Inc to Green Cures Inc. Therefore, in light of Privileged's assumption of all liabilities and assets other than the shares of Privileged World Travel Club Inc., common stock, as of December 31, 2013 and as of February 28, 2014, and to show no liabilities or obligations as of December 31, 2013 and as of February 28, 2014

Based on the review and analysis by current management about records of issuance of stock by prior management operating Triton Distribution Systems Inc., prior to February 28 2014, the last date a certificate was reported having been issued is 10/25/2012 and the last date a certificate of stock was converted into floating shares is 12/13/2012.

Pursuant to information provided by the Company's transfer agent, as of April 23r 2014, the total number of outstanding shares of common stock was 1,933,695,597, of which Green Cures, Inc., holds 300,000,000 shares. Green Cures, Inc., is working with the Company and its transfer agent to cancel these shares.

Pursuant to information provided by the Company's transfer agent, as of April 23rd 2014, the total number of shares in the public float (i.e. not restricted) was 1,633,695,597.

As of April 23rd 2014, current management has not issued any notes, debt securities, or shares of stock for the payment of any acquisition or for the operation of business activities beginning 02/28/2014

## Additional notes To Unaudited Financial Statements

### Note 1. Significant Accounting Policies

#### Use of Estimates

Preparation of the Company's financial statements, in accordance with generally accepted accounting principles, requires the use of management's estimates and assumptions that affect the financial statements and related notes. Actual results could differ from those estimates.

#### Revenue Recognition

The Company plans to earn revenue from the sale of nutritional and botanical products. Revenue from these products and services will be recognized when received.

#### Financial Instruments

The carrying amounts reported in the balance sheet for cash, accounts payable, and accounts receivable from October 1, 2013, to December 31, 2013, have been reduced to zero. As noted above, Triton's prior officer and director did not provide information about the Company's income and expenses to current management. Additionally, as noted above, Privileged World Travel Club assumed all of Triton's liabilities, debts, obligations, and contracts, effective February 28, 2014. Therefore, current management has estimated in good faith that the current assets, fixed assets (other than goodwill), current liabilities, accumulated deficit, and net income, from October 1, 2013, through December 31, 2013, should be zero.

For these same reasons, current management has estimated in good faith that current assets, fixed assets (other than goodwill), current liabilities, accumulated deficit, and net income, from January 1, 2014, through February 28, 2014, should be zero.

Triton's cash balance sheet, accounts payable, and accounts receivable for the period beginning 02/28/2014 to 03/31/2014 is based on the transferring of controlling interest of Triton Distribution Systems Inc to Green Cures, Inc., on 02/28/2014. Triton is currently in the process of receiving designated assets from Green Cures, Inc., its controlling entity.

#### Fixed Assets

As noted above, Triton's prior officer and director did not provide any valuation of the fixed assets owned by Triton between October 1, 2013, and December 31, 2013, and from January 1, 2014, through February 28, 2014. Additionally, as noted above, Privileged World Travel Club acquired all of the fixed assets of Triton, and assumed all of Triton's liabilities, debts, obligations, and contracts, effective February 28, 2014. Therefore, current management has estimated in good faith that the value for the fixed assets owned by Triton for the period from October 1, 2013, through December 31, 2013, and from January 1, 2014, through February 28, 2014, should be zero.

In light of the acquisition by Privileged World Travel Club, Inc., of all of the fixed assets of Triton as of February 28, 2014, in connection with the sale of the controlling interest of Triton Distribution Systems Inc to Green Cures, Inc., on February 28, 2014, the current management received zero balance and no fixed assets, in return from management operating Triton prior to February 28, 2014.

In the Stock Purchase Agreement dated February 05, 2014, between Gregory Lykiardopoulos, the prior officer and director of Triton, and Green Cures, Inc., Mr. Lykiardopoulos represented and warranted to Green Cures, Inc., that Triton had no outstanding notes involving the issuance of stock, and that there were no additional preferred stock other than the shares of preferred stock that were transferred to Green Cures Inc., as follows:

(acquired by Green Cures, Inc., under the Stock Purchase Agreement:)

1 Series A Preferred Shares  
1,000,000 Series B Preferred Shares  
4,250,000 Series C Preferred Shares  
8,000,000 Series F Preferred Shares

Other than its ownership of 4,062,500 shares of restricted common stock of Privileged World Travel Club, Inc., **Triton Distribution Systems Inc. does not have any affiliation with any publicly held company or company trading in the OTC.**

#### Stock Based Compensation

**As of May 15, 2014, current management has not issued any notes, debt securities, or shares of stock for the payment of any acquisition or for the operation of business activities beginning February 28, 2014.**

#### Note 2. Commitments and Contingencies

The company has no material long term leases.

The company rents office spaces. The lease is on a month to month basis. The payment due under the lease is approximately \$1,500 per month.

#### Note 3. Shareholders' Equity

The Company has not adopted a stock option plan for officers or employees.

#### Note 4. Other matters

On February 28 2014, Green Cures, Inc., a California corporation formed on January 28, 2014, acquired from the prior officer and director of Triton controlling shares of Triton. Following the acquisition of control, Green Cures, Inc., elected new directors, who appointed new officers. Because all of the prior business, operations, assets, liabilities, and obligations of Triton had been conveyed to Privileged World Travel Club, Inc., the Company's new directors and officers have determined to change the focus of the Company to the botanical and nutritional supplement industry, focusing on hemp-derived products, as well as the operations of services, products, technology, and businesses mainly focused on the medical cannabis industry.

As of the date of the filing of this Report, the Company is reviewing and considering potential strategic partnerships with numerous privately held companies. Management of the company will provide additional disclosure relating to the Company's plans as more details are available.
