Redijet is a concierge-style service company specializing in the ultimate travel experience for travelers who prefer the luxuries of private air travel. Our goal is to provide an unprecedented level of service to our clients; travelling on their schedules, not ours, while delivering a unique travel experience unlike any other carriers.

We have faced many challenges in meeting our goals. The market for luxury private travel is large, yet fragmented and constantly changing. The Company has been undercapitalized, therefore unable to generate any revenues due to lack of its ability to raise capital for marketing and sales. Management has determined that in the best interest of our shareholders to continue searching for new opportunities to generate meaningful revenues and profits. Management has identified several merger candidates that are currently being reviewed and in the due diligence stage.

We do not have any off-balance sheet arrangements in the fiscal years ended December 31, 2012 and 2011 or the three-month period ended March 31, 2013.
