United Tennessee Bankshares, Inc. Announces Fourth Quarter Earnings

United Tennessee Bankshares, Inc. (OTC Markets Group OTCQB: UNTN), the holding company for Newport Federal Bank, reported net income for the year ended December 31, 2019 of \$1,508,000, which is a decrease of \$331,000, or 18.0%, compared to 2018. The decrease in net income is primarily the result of a decrease in net interest income of \$354,000, due to a 37 basis points increase in the Bank's average cost of funds.

Total assets at December 31, 2019 were \$213.6 million while total assets at December 31, 2018 were \$206.0 million. The increase in total assets was primarily the result of an increase in net loans receivable of \$3.0 million and an increase in cash and amounts due and interest earning deposits of \$4.1 million.

Total liabilities at December 31, 2019 and December 31, 2018 were \$188.2 million and \$183.0 million, respectively. Total deposits increased \$5.1 million, which represents the majority of the increase.

The Company's equity increased \$2.4 million, primarily due to an increase in accumulated other comprehensive income of \$1.4 million, net income for the year of \$1,508,000 and stock transactions of \$46,000, offset by cash dividends paid to shareholders of \$469,000. The change in accumulated comprehensive income was a result of an increase in bond market prices for the quarter-ended December 31, 2019. The Bank generally holds bond investment securities until maturity but is required to mark-to-market its bonds on a quarterly basis.

Presented below are condensed statements of income for the three-months and twelve-months ended December 31, 2019 and 2018 and selected financial condition data as of December 31, 2019 and December 31, 2018.
