Global Resources Technologies, Inc. agreed on March 23, 2009 to issue 255,000,000 shares of its common stock in consideration of 100% of the outstanding stock of Arizona BEM 1 Mining Company [A 1 Mining]. A 1 Mining was incorporated on January 19, 2009 and is in the development stage. On April 23, 2009, Global Resources Technologies, Inc. changed the name of the corporation to Gold & Onyx Mining Company (GOMC). On May 5, 2009, GOMC borrowed \$23,000 from MS Assets on a Promissory Note, the funds to be used for legal fees, operational costs and geologic reports. A 1 Mining, the subsidiary of the Company was in the process of developing its mineral properties and contracting with an operating company to mine the identified ore and prepare it for processing. However, in 2014, the Company did not renew its lease on the mineral properties under its control in Arizona.

The GOMC Board of Directors met on April 23, 2010 and approved the purchase of a new pink sheet, Viking Capital Group, Inc (VGCP). The transaction, approved by the Board, would place all assets and rights of GOMC in VGCP in exchange for 131 million shares of VGCP when the transaction was complete. In June 2010 VGCP, pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934, filed Form 15 to suspend the Company's reporting requirements under the Exchange Act. In June 2010, VGCP filed a name change from Viking Capital Group, Inc. to Arizona Gold and Onyx Mining Company (AGOMC). On June 28, 2010, a Securities Exchange Agreement was signed closing the transaction approved by the board, placing all assets and rights of GOMC in AGOMC (formerly VGCP) (The Company). This Agreement provided for a rescission within thirty days in the event there was any material misrepresentation of warranty by any party to the Agreement. No such material misrepresentation of warranty was found, and the transaction is complete. We updated the disclosures contained in the Form 10-K/A to reflect events that have occurred subsequent to the filing date of the Original 10-K. Accordingly, this Form 10-K/A should be read in conjunction with the Original 10-K and our subsequent filings with the SEC.

ARIZONA GOLD AND ONYX MINING COMPANY
NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 – Basis of Presentation, Organization, Going Concern, Recent Accounting Standards and Earnings (Loss) Per Share

Basis of Presentation

The unaudited consolidated financial statements of Arizona Gold and Onyx Mining Company (the “Company”) as of March 31, 2019, and for the three months ended March 31, 2019 and 2018, have been prepared in accordance with generally accepted accounting principles (“GAAP”) in the United States for interim financial reporting and include the Company’s subsidiaries. Accordingly, they do not include all of the disclosures required by accounting principles generally accepted in the United States for complete financial statements and should be read in conjunction with the audited consolidated financial statements and notes thereto for the year ended December 31, 2018, as filed with the Securities and Exchange Commission as part of the Company’s Form 10-K. In the opinion of management, all adjustments (consisting only of normal recurring adjustments) considered necessary for a fair presentation of the interim financial information have been included. The Company did not record an income tax provision during the periods presented due to net taxable losses. The results of operations for any interim period are not necessarily indicative of the results of operations for the entire year.

Organization

Our Company’s name is Arizona Gold and Onyx Mining Company. The Company was incorporated on November 12, 1986, in the state of Utah under the name of Silver Harvest, Inc. In February 1990, the Company amended its Articles of Incorporation to change its name to Viking Capital Group, Inc. In June 2010, the Company changed its name to its name to Arizona Gold and Onyx Mining Company. On February 1, 2018, the Company changed its name to its name to Nuzia Pharmaceutical Corporation in anticipation of completion of a merger with California Biotech, Inc., owner of www.NunziaPharmaceutical.com. Due to lack of FINRA approval of the name change to Nunzia Pharmaceutical Corporation, on April 17, 2019, the Company changed its name back to Arizona Gold and Onyx Mining Company. The proposed transaction has not been consummated.

In February 2007, the company fell into default status after abandoning its business plan and for failing to file and pay annual fees to the State of Utah. On May 21, 2009, the Third District Court, in and for Salt Lake County, State of Utah, appointed a custodian to the Company. The custodian reestablished the Company in good standing, but did not resume operations. The Company was seeking an operating company with which to merge or to acquire.

On October 5, 2009, the court appointed custodian reverse split (1-for-10) the outstanding Class B Common shares of 100,000 to 10,000 shares and issued a new certificate for 51,000 Class B Common shares to Joseph Arcaro, former CEO, bringing the total outstanding Class B Common shares of 61,000.

On October 6, 2009, the Company affected a reverse split of 1:300 resulting in the reduction of Class A Common Stock outstanding from 112,410,467 to approximately 375,000 shares.

On April 23, 2010, the Company filed Form 15 to suspend the Company’s reporting requirements under the Securities Exchange Act of 1934, as amended.

Pursuant to the terms of the Merger, the Company changed its corporate name from Viking Capital Group, Inc. to Arizona Gold & Onyx Mining Company (“AGOMC”), and issued 131,000,000 shares

to the shareholders of GOMC such that GOMC shareholders acquired approximately 91.6% of the total 143,089,077 shares of Class A Common Stock outstanding after the Merger.

The terms and conditions of the Merger gave rise to reverse merger accounting whereby Gold & Onyx Mining Company was deemed the acquirer for accounting purposes. Consequently, the assets and liabilities and the historical operations of Gold & Onyx Mining Company prior to the Merger are reflected in the financial statements and have been recorded at the historical cost basis of Gold & Onyx Mining Company.

In the purchase of GOMC by AGOMC, all seven subsidiaries of AGOMC became part of the combined corporation. A closing condition of the MCA is bringing the Company current with its SEC reporting requirements. Upon closing, the MCA provides for the Company to issue a single share for each single share of California Biotech, Inc. outstanding.

Going Concern

The Company's financial statements are prepared using generally accepted accounting principles in the United States of America applicable to a going concern which contemplates the realization of assets and liquidation of liabilities in the normal course of business. The Company has not yet established an ongoing source of revenues sufficient to cover its operating costs to allow it to continue as a going concern. As of March 31, 2019, the Company had an accumulated deficit of \$303,454. The ability of the Company to continue as a going concern is dependent on the Company obtaining adequate capital to fund operating losses until it becomes profitable. If the Company is unable to obtain adequate capital, it could be forced to cease operations.

In view of these conditions, the ability of the Company to continue as a going concern is in doubt and dependent upon achieving a profitable level of operations and on the ability of the Company to obtain necessary financing to fund ongoing operations. Historically, the Company has relied upon internally generated funds and funds from the sale of shares of stock, issuance of promissory notes and loans from its shareholders and private investors to finance its operations and growth. Management is planning to raise necessary additional funds for working capital through loans and/or additional sales of its common stock. However, there is no assurance that the Company will be successful in raising additional capital or that such additional funds will be available on acceptable terms, if at all. Should the Company be unable to raise this amount of capital its operating plans will be limited to the amount of capital that it can access. These financial statements do not give effect to any adjustments which will be necessary should the Company be unable to continue as a going concern and therefore be required to realize its assets and discharge its liabilities in other than the normal course of business and at amounts different from those reflected in the accompanying financial statements.

Applicable Accounting Guidance

Any reference in these notes to applicable accounting guidance is meant to refer to the authoritative non-governmental US GAAP as found in the Financial Accounting Standards Board's Accounting Standards Codification.

In February 2016, the FASB issued ASU No. 2016-02, "Leases (Topic 842)", which supersedes ASC Topic 840, Leases, and creates a new topic, ASC Topic 842, Leases. ASU 2016-02 requires lessees to recognize a lease liability and a lease asset for all leases, including operating leases, with a term greater than 12 months on its balance sheet. ASU 2016-02 also expands the required quantitative and qualitative disclosures surrounding leases. ASU 2016-02 is

effective for the Company beginning January 1, 2019. Early adoption is permitted. The Company has determined that the adoption of ASU 2016-02 did not have an impact on its consolidated financial statements.

The Company reviews new accounting standards as issued. Although some of these accounting standards issued or effective after the end of the Company's previous fiscal year may be applicable, the Company has not identified any standards that the Company believes merit further discussion other than as discussed above. The Company believes that none of the new standards will have a significant impact on the financial statements.
