Business Description:

The Company

Our company, X Rail Enterprises, Inc., has acquired an interest and signed License and Service Agreement with Las Vegas Railway Express, Inc. in order to establish a new and innovative charter passenger train service between Las Vegas and the Los Angeles metropolitan area using existing railroad tracks and equipment. The proposed service, called the “X-Train,” will introduce a “Las Vegas” style experience on the train, while traversing the route in approximately 5 ½ hours. Once established on the LA to Vegas corridor, the Company plans to export a branded charter train to other resort casino destinations served by rail.

Our trains indicative of the X-Train brand of passenger travel, will feature first class service using large comfortable seats and extraordinary service levels in its First Class compartment; and economical seating in Coach class. In both classes the passenger experience can be enhanced materially through ancillary service options that is expected to generate additional revenue for the company.

X Rail Enterprises, Inc. under license., dba X Train Vacations, a licensed IATA travel agency, is also planning to be licensed by the Nevada Gaming Control Board as a licensed casino and club host. This entitles us to receive a commission from the casinos and clubs which we direct our riders to. Our Club X Host program is a membership club for gaming enthusiasts.

Our casino host program is called Club X which is a membership program exclusively for riders of the X Train. Riders are offered a membership, which allows discount at hotels, restaurants, night clubs, outings such as golf, tours and rides. Club X members fill out a profile of their preferences for their Vegas experience and our Club X VIP hosts help to make the client’s experience a memorable one. We treat our clients like “whales” even though they are not, but we ensure they feel special. This creates a loyalty to our service. The company is an entertainment based business with a loyal clientele and not simply a transportation vehicle.

Over the last 18 months, we have been engaged in activities designed to secure the necessary rights, equipment and facilities required to commence commercial service in 2016. These include: securing a charter agreement from Amtrak to operate our 8 excursion runs per year, securing operating rights to run our trains over tracks owned by private railroads, obtaining the capability to operate train equipment safely and in conformity with applicable government regulations, purchasing or leasing appropriate locomotive and passenger cars designed to move passengers over the route in comfort and securing leases on terminal facilities and passenger depots in Los Angeles and in Las Vegas.

The first train set of 12 passenger railcars has been acquired and will begin to be renovated following this Offering.

The Company's common stock is currently quoted on the OTC:PINK under the symbol "XREE". The company website is www.xrailenterprises.com, www.vegasxtrain.com, and www.xtrainvacations.com.
