#### 5) Issuer's Business, Products and Services

The purpose of this section is to provide a clear description of the issuer's current operations. In answering this item, please include the following:

A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

Kelyniam Global, Inc. is a medical device manufacturing company. The Company is engaged in the production of custom prosthetics utilizing computer-aided design and computer-aided manufacturing of medical-grade polymers. Its Engineering Division uses Bio-Computer Aided Design (CAD) Computer Aided Manufacturing (CAM) technology to provide replicated cranial implants to replace damaged bone structures. Its product, PEEK-Optima, is engineered for biocompatibility. Derived from the patient's computed tomography (CT) scan data, the Company's 3D BIO-CAD/CAM software is used to transfer the details found on the edge of the defect directly to the implant edge. Its K-Plans include ke24, ke72 and kp5day. The Company's emergency plan, ke24, provides precision-replicated, patient-specific cranial implants in approximately 24 hours. The ke72 plan provides the implants in approximately 72 hours.

B. Please list any subsidiaries, parents, or affiliated companies.

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **Nature of Operations**

Kelyniam Global, Inc. ("the Company"), organized under the laws of the State of Nevada, specializes in the rapid production of custom prosthetic cranial implants utilizing computer-aided design and computer aided manufacturing of advanced medical grade polymers. The Company develops, manufactures, and distributes custom cranial and maxilla-facial implants for patients requiring the reconstruction of cranial and certain facial structures. The Company works directly with surgeons, health systems and payors to improve clinical and cost-of-care outcomes. The Company has additional products and categories in various stages of development and commercialization.

The Company's business operations consist solely of regulatory approvals, manufacturing operations and distribution to customers and markets entirely in the United States.

#### **Basis of Accounting**

The financial statements of the Company have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP").

#### **Revenue Recognition**

Revenue from the sale of implantable products is generally recognized at an amount that the reflects the expected consideration at the point-in-time the hospital customer obtains control of the product which is defined as when the product is delivered and accepted, or upon shipment to a third-party distribution customer assuming control of the products.

Significant judgments – contracts with multiple performance obligations

Generally, each customer order represents a separate contract. Customer orders may include promises to transfer multiple performance obligations. A performance obligation is a promise in a contract with a customer to transfer products or services that are distinct. Generally, each specific product or service ordered is considered distinct and therefore, considered a separate performance obligation.

The Company allocates the transaction price to each performance obligation on a relative standalone selling price ("SSP") basis. The SSP is the price at which the Company would sell a promised product or service separately to a customer. Judgement is required to determine the SSP for each distinct performance obligation.

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Company determines SSP by considering its overall pricing objectives and market conditions on a customer basis. Significant pricing practices taken into consideration include the Company's discounting practices, price lists, historical sales and contract prices. As the Company's go-to-market strategies evolve, the Company may modify its pricing practices in the future, which could result in changes to SSP. In certain cases, the Company is able to establish SSP based on observable prices of products or services sold separately in comparable circumstances to similar customers. The company uses a single amount to estimate SSP when it has observable prices.

The transaction price for each contract with a customer is generally fixed. Amounts that have been invoiced are recorded in accounts receivable and revenue, when control to customers has occurred.

The Company has determined that it qualifies for the practical expedient to expense incremental costs of obtaining a contract as incurred in the period that the goods or services are transferred to the customer as this treatment is consistent with the incremental costs incurred.

#### **Use of Estimates**

Management uses estimates and assumptions in preparing these financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from those estimates.

#### Cash and Cash Equivalents and Credit Risk

The Company considers all investments with the original maturities of three months or less to be cash equivalents.

The Company maintains its cash and cash equivalents in bank deposit accounts that, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash and cash equivalents. The Company did not exceed the insured limit as of June 30, 2021.

#### Accounts Receivable

Accounts receivable are recorded at fair value and are recorded as current assets. Uncollectible account balances are written-off when management determines the probability to collection is remote. The Company does not require collateral in providing credit. The allowance for doubtful accounts reflects the best estimate of probable losses determined principally on the basis of historical experience and specific allowances for known troubled accounts. All accounts or portions thereof that are deemed to be uncollectible or that require an excessive collection cost are written off to the allowance for doubtful accounts. No allowance for doubtful accounts was deemed necessary at June 30, 2021.

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Inventory**

Inventory, consisting primarily of supplies, is stated at the lower of cost (first-in, first-out basis) or market value (net realizable value).

#### **Property and Equipment**

Property, plant, and equipment are recorded at cost. Depreciation is provided using straight-line methods for financial reporting purposes. Estimated useful lives of the assets are as follows:

Manufacturing equipment	7 years
Computer equipment	3 years
Furniture and fixtures	5-7 years
Leasehold improvements	15-39 years

The cost and related accumulated depreciation of equipment and furniture sold, retired or otherwise disposed of are removed from the related asset accounts, and any resulting gain or loss is recorded in operations for the period in which the transaction occurred.

Expenditures for major renewals or improvements that extend the useful lives of equipment and furniture are capitalized. Expenditures for maintenance and repairs are expensed as incurred. Depreciation expense for the six months ended June 30, 2021 was \$20,946.

#### Fair Value of Financial Instruments

The Company has a number of financial instruments and none are held for trading purposes. The Company estimates that the fair value of all financial instruments as of June 30, 2021 does not differ materially from the aggregate carrying values of its financial instruments recorded in the accompanying balance sheets. The Company used available market information and appropriate valuation methodologies to determine the estimated fair value amounts. Considerable judgment is required in interpreting market data to develop the estimates of fair value and, accordingly, the estimates are not necessarily indicative of the amounts that the Company could realize in a current market exchange (See Note 10).

#### **Advertising Costs**

The Company expenses advertising costs as they are incurred. Advertising expenses for the six months ended June 30, 2021 was \$10,511.

#### **Shipping and Handling Costs**

All shipping and handling costs billed to customers are recognized in sales. Shipping and handling costs are charged to expense as incurred and included in cost of sales on the accompanying statement of income. Shipping and handling costs incurred for the six months ended June 30, 2021 was \$14,682.

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Income Taxes**

Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due plus deferred taxes related to differences between financial statement and taxable income arising primarily from depreciation expense for tax purposes using accelerated methods and for financial statements using the straight line method, in addition to future benefits for net operating loss carryovers for tax purposes.

The deferred tax assets and liabilities represent the future tax return consequences of those differences, which will either be taxable or deductible when the assets and liabilities are recovered or settled.

There are no uncertain positions that would require recognition in the financial statements. If the Company were to incur an income tax liability in the future, interest on any income tax liability would be reported as interest expense and penalties and income tax would be reported as income tax expense. Management's conclusions regarding uncertain tax positions may be subject to review and adjustment at a later date based upon ongoing analysis of or changes in tax laws, regulations and interpretations therefore as well as other factors.

#### Lease Arrangements

Annual rentals pertaining to the real estate lease, which convey merely the right to use property, are charged to current operations.

#### **Subsequent Events**

In preparing these financial statements, management has evaluated subsequent events through August 19, 2021, which represents the date the financial statements were available to be issued.

#### NOTE 2 - RELATED PARTY TRANSACTIONS

#### Officer Loan Payable

Officer loan payable represents amounts due to officers of the Company. The outstanding balance as of June 30, 2021 was \$123,749. The amount is not subject to a specific repayment schedule.

In January 2020, the Company settled a mutual suit against a former officer and shareholder accusing eachother of various actions. As part of this settlement, the Company agreed to repurchase the entire shareholding stake of the former officer for \$80,000. At June 30, 2021, the Company owes an additional \$40,000, which is included in accrued expenses, on this settlement which will be fully paid in the first half of 2022.

#### **NOTE 3 – INVENTORY**

Inventory consists of supplies on hand in the amount of \$62,096 as of June 30, 2021.

#### NOTE 4 – LINE OF CREDIT

The Company has a \$230,000 revolving line of credit with Westfield Bank, secured by the assets of the Company. The balance on the line at June 30, 2021 was \$7,656 at the rate of interest of 4.25%.

#### **NOTE 5 – LONG-TERM DEBT**

Loans payable at June 30, 2021 consist of the following:

Note payable to Prodways, payable in monthly installments of \$11,053, interest-free, through December 2021. The Company was provided a deferral of payments for the first quarter of 2021 associated with Covid-19 uncertainty.	\$	58,604
Note payable with the Department of Economic and Community Development, payable in monthly installments of \$2,996, including interest of 3.00%, through June 2022, secured by assets of the Company.		49,995
Loan payable to the SBA for the Paycheck Protection Program, funds to be forgiven during third quarter of 2021 (See Note 13).		144,120

JUNE 30,	
2022	\$ 237,659
2023	15,060
	<u>\$ 252,719</u>

#### NOTE 6 - STOCKHOLDERS' EQUITY

#### Common Stock

As of June 30, 2021, the authorized capital stock of the Company was 60,000,000 shares of common stock, \$0.001 par value per share; 25,144,165 shares are outstanding at June 30, 2021.

#### Treasury Stock

The Company is authorized to repurchase shares of its common stock in the open market or through negotiated transactions, at such times and at such prices as management may decide.

During the second quarter of 2021, the Company undertook a thorough review of issued and outstanding common stock via historic issuances and cancelled previously existing outstanding issuances that were recorded as Treasury stock. The Company determined there were 25,144,645 shares of par value \$0.001 common stock outstanding. Common stock has been adjusted to \$25,145 with offsetting values accounted for in Additional Paid in Capital. Only the equity section of the balance sheet was affected by this adjustment.

In addition, the Company previously reported its' investment in open market repurchases of its' securities as an asset identified as Marketable Securities instead of reporting such amounts as Treasury Stock. The effects of this change have been accounted for during the second quarter of 2021 and are shown in the "Statement of Changes in Stockholders' Equity."

#### **NOTE 7 – INCOME TAXES**

The provisions for income taxes consist of the following at June 30, 2021:

	<u>FEDE</u>	ERAL		<b>STATE</b>		<b>TOTAL</b>
Current Taxes	\$	-	\$	4,700	\$	4,700
Deferred Tax (Benefit)	24	,300		9,400		33,700
Net	<u>\$ 24</u>	<u>,300</u>	<u>\$</u>	14,100	<u>\$</u>	38,400

#### **NOTE 7 – INCOME TAXES (Continued)**

The deferred taxes result from the following:

- 1) The use of the accrual basis of accounting for financial purposes versus the cash basis of accounting for tax purposes.
- 2) Net operating losses that are available to offset future taxable income.
- 3) The use of straight-line depreciation methods for financial reporting purposes versus accelerated depreciation methods for tax purposes.

The Company's deferred tax assets and deferred tax liabilities at June 30, 2021 consist of the following:

Deferred tax assets	\$ 432,100
Deferred tax liabilities	 
Net Deferred Tax Asset	\$ 432,100

Included in the accompanying balance sheet at June 30, 2021, as follows:

Long-term deferred tax asset \$ 432,100

The Company has federal loss carryforwards totaling \$1,713,925 and state loss carryforwards totaling \$1,693,380, respectively, that may be offset against future taxable income. If not used, the carryforwards will begin to expire in December, 2030.

The Company files tax returns in U.S. federal jurisdiction, as well as various states. The Company is no longer subject to U.S. federal and state income tax examinations by tax authorities for the years before 2017.

#### **NOTE 8 – LEASES**

The Company leases its facilities under a non-cancelable lease. The following is a schedule of future minimum lease payments required under the lease agreement.

PERIOD ENDING JUNE 30,	
2022	\$ 32,004
2023	32,723
2024	33,707
2025	 8,489
	\$ 106,923

#### NOTE 9 – RETIREMENT PLAN

The Company maintains a 401(k) plan for full-time employees defined as an employee whose schedule services exceed 1,000 hours during a calendar year. Newly hired employees are eligible to participate in the plan after six months of service. The Company contributed \$4,408 to its' 401(k) plan during the six months ended June 30, 2021.

#### NOTE 10 - FAIR VALUE MEASUREMENTS

FASB 820, Fair Value Measurements and Disclosures (FASB ASC 820) established a framework for identifying and measuring fair value. FASB ASC 820 provides a fair value hierarchy, giving the highest priority to quoted prices in active markets, and is expected to be applied to fair value measurements of derivative contracts that are subject to mark to market accounting and other assets and liabilities reported at fair value.

FASB ASC 820 defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

FASB ASC 820 emphasizes that fair value is a market-based measurement, not an entity specific measurement, and establishes a fair value hierarchy that distinguishes between assumptions based on market data obtained from independent sources and those based on the entity's own assumptions. The hierarchy prioritizes the inputs to fair value measurements into three levels:

Level 1- measurements utilize unadjusted quoted prices in active markets for identical assets and liabilities that the entity had the ability to access. These consist primarily of listed equity securities, exchange traded fixed income, derivatives and certain U.S. government treasury securities.

Level 2- measurements include quoted prices for similar assets and liabilities in active markets, quoted prices identical or similar assets or liabilities in markets that are not active, and other observable inputs such as interest rates and yield curves that are observable at commonly quoted intervals. These consist primarily of non-exchange traded derivatives such as swaps, forward contracts of options and most fixed income securities.

Level 3- measurements use unobservable inputs for assets and liabilities, are based on the best information available and might include the entity's own data. In some valuations, the inputs used may fall into different levels of hierarchy. In these cases, the financial instrument's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. These consist mainly of assets and liabilities valued through an internal modeling process.

The following section describes the valuation methodologies used by the Company to measure different financial instruments at fair value, including an indication of the level in the fair value hierarchy in which each instrument is generally classified. Where appropriate, the description includes the details of the valuation models, the key inputs to those models, and significant assumptions.

#### NOTE 10 - FAIR VALUE MEASUREMENTS (Continued)

Available-for-sale and Held-to-maturity securities- The Company uses quoted market prices to determine fair value for these classes of securities. These financial assets consist of exchange traded fixed income and equity securities, and are classified in Level 1 of the financial hierarchy.

The following table presents information about the Company's respective assets and liabilities measured at fair value on a recurring basis at June 30, 2021 including the fair value measurements and the level of inputs used in determining those fair values:

Description	Level 1		Level 2	?	Level 3	3	Tota	<u>ıl</u>
Assets:								
Equity Securities	\$	_	\$	-	\$	_	\$	-
Fixed Income		_		_				
Total	<u>\$</u>	-	<u>\$</u>		<u>\$</u>		<u>\$</u>	

Transfers between Level 1 and 2 generally relate to whether a market becomes active or inactive. Transfers between Levels 2 and 3 generally relate to whether, for various reasons, significant inputs become observable or unobservable. During the six months ended June 30, 2021, there were no significant transfers into and out of each level of the fair value hierarchy for assets and liabilities measured at fair value.

#### NOTE 11 - SUPPLEMENTARY ANALYTICAL DATA

The Company uses the indirect method when presenting its cash flows from operating activities in the Statements of Cash Flows, therefore, the Company is required to disclose the following supplementary information:

Interest paid \$3,223

#### **NOTE 12 – CONCENTRATIONS**

Two customers represented approximately 22% of the revenue for the six months ended June 30, 2021 and two customers represented 29% of accounts receivable at June 30, 2021.

#### NOTE 13 – SUBSEQUENT EVENT

On July 20, 2021, the Company was notified by the U.S. Small Business Administration that it had met the requirements of the Paycheck Protection Program forgiveness and funds for the full amount of principle and interest had been remitted to the lending institution. The Company will recognize forgiveness of indebtedness income associated with this in the third quarter of 2021.
