EFFTEC INTERNATIONAL, INC. AND SUBSIDIARIES
Notes to Consolidated Financial Statements
(Unaudited - prepared by management)

NOTE 1: ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of consolidation and basis of presentation

The consolidated financial statements include the accounts of Efftec International, Inc. (“EII”) and it’s wholly owned subsidiaries, Efficiency Technologies, Inc. (“Efftec”), Efftec GS, Inc. ("GS") and Black Nickel Acquisition Corp. III ("BNAC") collectively referred to as “the Company” or “the Companies”. All significant inter-company balances and transactions have been eliminated in consolidation.

Fiscal years:

The company has a fiscal year beginning July 1 and ending June 30 of each year.

Organization

EII was originally incorporated on June 4, 1997 in Delaware as Communitronics Holdings, Ltd. On September 29, 1998, the Company changed its name to Dr. Squeeze International, Inc. and on June 11, 2001, the Company changed its name to American Resource Management, Inc. On July 19, 2007, the Board of Directors approved the re-domestication of American Resource Management, Inc. from Delaware to Nevada and simultaneously changed the name of the Company to Efftec International, Inc. The Certificate of Conversion was filed in Delaware on July 25, 2007.

Efftec was incorporated in Nevada on October 14, 2003, and was acquired by the Company in November 2003. The shareholders of Efftec were issued 2,000 shares of the Company’s common stock in exchange for 100% of the common stock of Efftec.

GS was incorporated in Nevada on August 28, 2009 as a subsidiary of EII.

BNAC was incorporated in Delaware on May 26, 2005 and was acquired by the Company effective February 15, 2010 in exchange for 350,000 shares of the Company's common stock.

Effective June 30, 2013, the Company acquired Yam Yam, Inc. (“Yam Yam”), the successor to Yam Yam, LLC.

Nature of business

EII is a holding company with three wholly owned subsidiaries.

Efftec developed a powerful, easy to use, Internet-based chiller tool called EffTrack™ that:

- Collects, stores and analyzes chiller operating data,
- Calculates and trends chiller performance,

- Diagnoses the cause of chiller inefficiencies,
- Notifies plant contacts when problems occur,
- Recommends corrective actions,
- Measures the results of corrective actions and
- Provides cost analysis of operational improvements.

Chillers are the single largest energy-using component in most industrial or commercial type facilities using water-cooled chillers for comfort or process cooling and can consume up to 50% of the facility's electrical usage. There is a vast array of operational and mechanical problems that occur causing a chiller to lose performance. Even small inefficiencies can result in thousands of dollars in energy waste. In November, the Company completed sale of its equipment, inventory and all rights to its software in exchange for $275,000 in cash and sufficient shares of common stock of the purchaser to provide a sales value of $500,000 six months after closing. (Note 3).

GS was organized to sell EffTrack services to governmental entities and has not had any operations as of June 30, 2013.

BNAC is a reporting public company with whom the Company originally planned to merge and assume its reporting responsibilities. The Company has now determined to become a reporting company in a different manner and has fully impaired the goodwill of $56,917 associated with BNAC.

Yam Yam is a boutique software developer specializing in mobile applications and cloud-based services. Yam Yam is active in the area of large scale multiplayer games and has developed multiple proprietary client/server mobile tools and technologies.

Cash and cash equivalents

The Company considers all cash; cash in banks and all highly liquid debt instruments purchased with a maturity of three months or less to be cash and cash equivalents.

Earnings (loss) per common share

The Company is required to report both basic earnings per share, which is based on the weighted-average number of common shares outstanding, and diluted earnings per share, which is based on the weighted-average number of common shares outstanding plus all potential dilutive shares outstanding. At all periods presented all exercisable common stock equivalents were antidilutive and are not included in the earnings (loss) per share calculations. Accordingly, basic and diluted earnings (loss) per share are the same for all periods presented.

Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Reclassifications

Certain reclassifications have been made to the financial statements for the purpose of conformity between periods presented.

Fair value of financial instruments

Financial instruments consist of cash, accounts receivable, accounts payable, accrued expenses and short-term borrowings. The carrying amount of these financial instruments approximates fair value due to their short-term nature or the current rates at which the Company could borrow funds with similar remaining maturities.

Contingencies

Certain conditions may exist as of the date financial statements are issued, which may result in a loss to the Company, but which will only be resolved when one or more future events occur or fail to occur.

NOTE 2: GOING CONCERN

The Company sold the assets and business of Efftec in November 2012 and acquired Yam Yam. (See Note 7). The Company plans to raise capital utilizing debt and equity to fund the continuing development operations of Yam Yam. The company is experiencing continued losses and has a high debt obligation.

These conditions raise substantial doubt about the Company's ability to continue as a going concern. The accompanying consolidated statements have been prepared assuming that the Company will continue as a going concern. These consolidated statements do not reflect any adjustments that might result from the outcome of these uncertainties.

NOTE 3: DISCONTINUED OPERATIONS

Effective November 9, 2012, the Company completed sale of its equipment, inventory and all rights to its chiller diagnostic software in exchange for $275,000 in cash and sufficient shares of common stock of the purchaser to provide a sales value of $500,000 six months after closing. The shares had a value of $393,930 at June 30, 2013 and $278,449 at July 31, 2013 and restricted cash available for liabilities of discontinued operations was $35,375 and $47,507 at June 30, 2013 and July 31, 2013, respectively.

Pursuant to the sales agreement, the Purchaser issued 133,589 shares of its common stock to the Company, which were valued at $500,000 at closing. The Purchaser guaranteed to pay the Company in cash for the amount the value of the shares was less than $500,000, if any, six months after closing. At that date, the value of the shares exceeded $500,000.

Assets and liabilities of discontinued operations consist of the following at June 30, 2013:

Assets of discontinued operations:		
Common stock of purchaser	$	393,930
Total assets of discontinued operations	$	393,930
Liabilities of discontinued operations:		
Convertible notes payable - shareholders	$	429,305
Total liabilities of discontinued operations	$	429,305

Liabilities of discontinued operations is adjusted to equal the value of the purchaser common stock unsold plus the balance of restricted cash, which is the amount of proceeds from sales of the purchaser common stock to date, as of June 30, 2013.

Revenues from discontinued operations amounted to $75,468 and $507,010 for the years ended June 30, 2013 and 2012, respectively.

No income tax provision has been recorded for the gain on disposal of discontinued operations, since the Company has a net operating loss carryforward of $6,825,000 at June 30, 2013.

NOTE 4: <u>CONVERTIBLE NOTES PAYABLE-SHAREHOLDERS</u>

The Company has convertible notes payable with a group of shareholders, the majority of which accrue interest at 12% per annum and are convertible at $0.02 to $0.03 per share. The balance at March 31, 2014 is $610,202. During the nine months ended March 31, 2014, the Company issued 37,722,757 shares of common stock in conversion of $470,968 of notes payable and related accrued interest.

During the nine months ended March 31, 2014, the Company issued six notes payable to an individual in exchange for $26,150 in total. The notes bear interest at 12% per annum and are due four months from the date of issuance. One such note matured in January 2014, and the balance of notes begin maturing in May 2014 through July 2014 and are unsecured.

NOTE 5: <u>INCOME TAXES</u>

The Company has available an unused net operating loss carry-forward of approximately $6,964,000 which will expire in various periods through 2033, some of which may be limited as to the amount available on an annual basis.

NOTE 6: <u>STOCKHOLDERS' DEFICIT</u>

<u>Common Stock</u> - The Company is authorized to issue up to 200,000,000 shares of common stock with a par value of $0.001. At March 31, 2014 and 2013, the Company had 545,000 shares reserved from the 1,000,000 shares initially authorized, for future issue to employees at the discretion of the board of directors.

<u>Changes in Capital</u> – On December 4, 2009, the Board of Directors approved a 1 for 100 reverse split of the authorized, issued and outstanding common stock of the Company and an increase in the par value to $0.001 which was filed in Nevada on December 8, 2009 and became effective on December 29, 2009. All share references have been restated to give effect to the reverse split.

Effective June 30, 2013, the Company issued 5,000,000 shares of its common stock to acquire Yam Yam, Inc.

During the nine months ended March 31, 2014, the Company issued 1,136,364 shares of common stock valued at $13,114 for services.

Also, during the period ended March 31, 2014, the Company issued 34,222,757 shares of common stock for the conversion of $470,968 of notes payable and related accrued interest.

NOTE 7: <u>ACQUISITION</u>

On August 15, 2013 and effective June 30, 2013, the Company acquired 100% of Yam Yam in exchange for 5,000,000 shares of its common stock and a contract payable to Yam Yam in the amount of $500,000. The contract is payable beginning by the end of the fifth month after closing at the rate of $55,000 per month for eight months with a final payment of $60,000.

Yam Yam is a boutique software developer specializing in mobile applications and cloud-based services. Yam Yam is active in the area of large scale multiplayer games and has developed multiple proprietary client/server mobile tools and technologies.

The acquisition was accounted for using the purchase method of accounting and, accordingly, the consolidated statements of operations will include the results of Yam Yam beginning July 1, 2013. The assets acquired and the liabilities assumed were recorded at June 30, 2013 at the estimated fair values as determined by the Company's management based on information currently available and on current assumptions as to future operations. A summary of the estimated fair value of assets acquired and liabilities assumed in the acquisition follows.

Contract receivable	$	500,000
Accounts receivable		10,712
Other assets		4,163
Computer equipment		441
Total assets, excluding cash acquired		515,316

Net assets acquired, excluding cash		509,057
Contract payable issued		(500,000)
Common stock issued		(19,279)
Cash received net of cash paid	$	10,222

For the three and nine months ended March 31, 2014, the Company has not included the results of operations for Yam Yam Inc. as our subsidiary has been unable to complete the close of it's periods in a timely manner. Once the results of operations have been received, the Company will amend its Form 10Q. At this time, the Company is unable to determine the materiality of the results of operations and the effect these amounts will have upon the consolidated operations of the Company.
