6) Describe the Issuer's Business, Products and Services

Describe the issuer's business so a potential investor can clearly understand the company. In answering this item, please include the following:

- A. a description of the issuer's business operations;

Tesoro Enterprises, Inc., an Oklahoma corporation, was incorporated November 12, 2009. Simultaneously with its incorporation and on the same day, TEI entered in a share exchange agreement with Fashion Floor Covering and Tile, Inc ("FFC&T"), whereby the sole stockholder of FFC&T received 500,000 shares of TEI restricted shares of common stock in exchange for all the outstanding shares of FFC&T. TEI has never been a shell. FFC&T is a full line (wood, carpet and tile) retail dealer and installer of floor and wall covering materials. FFC&T has been in business for over thirty years under the same ownership and management. In June of 2011, TEI formed The Fashion Floor Annex, Inc. ("FFA"), as a wholly owned subsidiary, to market and sell its products over the internet. In

January of 2012, the web site was activated and began selling product. The web address for FFA is www.stone-tile-showroom.com.

Through its wholly owned subsidiaries FFC&T and FFA, TEI markets and sells carpet, rugs, wood, ceramic and porcelain tile and natural stone materials for floor and wall covering. FFC&T sells and installs these products to retail and commercial customers, do-it –yourselfers and building contractors. Approximately 70% of FFC&T's sales include installation labor. For twenty-five years prior to its acquisition by TEI, FFC&T operated out of a single location. In November 2011, the FFC&T opened a second retail location in Wilton, CT. This location became fully operational in December 2014. On October 30, 2013, the Company closed the original Wilton, CT store and now operates out of one location. The store serves the surrounding counties of Westchester and Putnam, New York and Fairfield and Litchfield, Connecticut. Repeat customers include owners of multi-family rental homes, small apartment complexes and small commercial office buildings. The current mix of business is approximately 30% commercial and 70% residential.

The retail store web site is www.fashionfloorcoveringandtile.com. The retail web site displays a variety of room scenes that are intended to direct the customer to the store for the selection of product and installation services. The retail site has only limited e-commerce capability.

FFA operates TEI's e-commerce business. The web site, www.stone-tile-showroom.com, affords the customer the opportunity to view and purchase stone, tile and area rugs. FFA has a dealer agreement with Surya Carpets to market and sell Surya's products on the web site. Surya has provided a 3-D shopping experience that allows the customer to view over 250 different hand knotted rugs and place them in a room scene in real time. FFA also has an agreement with a wholesaler of officially licensed sports team and college spirit rugs including 77 NCAA schools and all of the MBL, NFL, NBA and NHL teams. All of the FFA marketed products are shipped directly from the distributor/manufacturer to the customer anywhere in the United States, Mexico or Canada. FFA is not required to hold any inventory. FFA plans to continue to expand its product suite during the coming years

Subject to the availability of capital, TEI intends to expand the FFC&T product line by introducing natural stone for outdoor use, fireplace and building facial finishes and stone fireplace, window and door frames. A second phase of expansion could be acquiring or starting up complementary flooring stores or ancillary businesses in the region.

On April 1, 2014, TEI acquired 100% of the Joseph M. Zarcone Company ("JZM") an electrical contractor through an exchange of shares. JZM provides residential and commercial products and services including LED lighting, electrical generators and wiring and installation for new or remodeling construction projects. JZM has been in business for over twenty years and has an established base of customers. TEI's objective for acquiring JZM was to expand horizontally into a related but not overlapping market segment in the building and remodeling industries.

TEI's corporate web site, www.tesoroenterprises.us, provides shareholders with news about the company, links to the subsidiaries sites and a connection to streaming stock quotes and pricing information
