

GNCC CAPITAL, INC.

ARTICLES OF AMENDMENT

**COMPANY IMPLEMENTS NAME CHANGE AND A REVERSE SPLIT OF
OUTSTANDING COMMON STOCK**

EFFECTIVE DATE: NOVEMBER 9, 2015

FILED: NOVEMBER 15, 2015

GENERAL INFORMATION

On November 9, 2015, our Board of Directors (“Board”) and holders of a majority of the voting power of GNCC Capital, Inc. (“GNCC” or “the Company”) approved the following matters:

On November 9, 2015, the Company received a written consent in lieu of a meeting of stockholders from those stockholders representing 14,515,268,686 shares of voting shares of Common Stock, this being 54.28% of the voting power of the Company, which was sufficient to achieve stockholder approval of these actions.

1. REVERSE SPLIT OF OUR COMMON STOCK

On November 9, 2015, the Board and holders of a majority of the voting power of the Company approved a reverse split of the Company’s Common Stock in the ratio of 2,000 to 1. This means that after the reverse stock split has taken effect, you will own one share of GNCC Common Stock for each 2,000 shares of GNCC Common Stock that you currently own.

Following the reverse stock split, we will have approximately 13,370,551 shares of Common Stock issued and outstanding. As at November 9, 2015, the Company had 26,741,103,470 shares of outstanding Common Stock.

As at November 9, 2015, there are 14,348,166,231 shares of Common Stock on deposit at the DTCC. Following the reverse stock split, we will have approximately 7,174,083 shares of Common Stock on deposit at the DTCC.

Stockholders representing 379,017,600 shares of the Company’s Common Stock are requesting their shares of Common Stock in certificate form. This will reduce the shares of Common Stock on deposit at the DTCC to 13,969,148,721, following the reverse stock split, we will have approximately 6,984,574 shares of Common Stock on deposit at the DTCC.

The Company has requested that two additional stockholders representing 2,101,251,086 shares of the Company’s Common Stock on deposit at the DTCC, request that their shares of Common Stock be placed in certificate form. Should they comply with the Company’s request, this will reduce the shares of Common Stock on deposit at the DTCC to 11,867,897,635 following the reverse stock split, we would then have approximately 5,933,948 shares of Common Stock on deposit at the DTCC. There are no assurances that either of these stockholders will comply with the Company’s request.

As at November 9, 2015, the Company has 12,392,937,239 shares of restricted shares of Common Stock issued and outstanding. Following the reverse stock split, the Company will have approximately 6,196,468 shares of restricted shares of Common Stock issued and outstanding.

2. CHANGE IN COMPANY NAME

On November 9, 2015, the Board and holders of a majority of the voting power of the Company approved a change of the Company's name to "C4 Odyssey, Inc."

As a result, we have filed an amendment to our Articles of Incorporation with the State of Wyoming to effectuate this reverse stock split and change in name.

RATIONALE FOR THE REVERSE SPLIT OF THE COMPANY'S COMMON STOCK

The Company's common stock has been and is currently trading at a highly depressed value, being \$0.0001 with no bid whatsoever, with zero to limited liquidity in the trading of the Company's stock; a situation that has prevailed for over a year. This abnormally low stock price, no liquidity and no bid has resulted in the Company's complete inability to raise necessary financing or consummate any transactions whatsoever.

The Directors Resolution in respect of a Stock Repurchase Program as approved on January 13, 2014 and extended on September 14, 2015 as filed on the OTC Markets and Disclosure Service; was not yet implemented due to the very limited liquidity and no bid on the Company's Stock; as such stock repurchases are subject to the rules and regulations in terms of Rule 10b-18 of the 1934 Securities Act (As Amended). The conditions as set out in these rules was not met, in order to permit any such stock repurchases by the Company.

The Company has consistently stated that it intends to diversify the Company into other Industry Sectors in order to acquire revenues, profits and cash flow. This will only be achieved through acquisitions and those acquisitions, to be consummated, primarily in cash.

The Company's Directors are determined and very committed to continue to pursue acquisitions and/or transactions in other Industry Sectors and these corporate actions will hopefully serve to assist them in their achievement of these goal to maximize stockholder value.

After months of ongoing discussions with potential financiers and vendors; the Company's Directors were clear that these corporate actions were not only necessary but not negotiable, if the Company was to survive but hopefully in the future, prosper and reward its stockholders.

Furthermore, following the inability of the Company to obtain external financing and to consummate any transactions, the Company's existing Convertible Loan Note Holders, shareholders representing in excess of 51% of the outstanding shares of Common Stock and the majority of the stockholders representing issued and outstanding Classes of Convertible Preferred Stock; withdrew financial and other support to the Company pending a resolution. These corporate actions were deemed acceptable to the aforesaid parties in order to gain their support.

The Company will continue to hold its interests in Mining Exploration and will attempt to seek Joint Venture Partners and/or other transactions in that Sector. The currently depressed precious metals prices and the financial community's universally accepted negative outlook for this sector will in all likelihood continue to result in very limited interest in any transactions in this sector, for the Company; and therefore in all likelihood result in zero cash flow, revenues or profits for the Company in the foreseeable future, in the opinion of the Company's Directors. This is clearly not in stockholder interests in the immediate term.

Whilst the Company's Directors have historically negatively commented upon the impact upon stockholders caused by a reverse split of the Company's Common Stock, the current situation whereby the complete inability to raise any financing and the failure (despite best efforts) to consummate any acquisitions whatsoever; far outweigh the Directors previous statements in order to best protect and to serve our stockholders.

NOTES TO THE REVERSE SPLIT OF THE COMPANY'S COMMON STOCK

We will not issue fractional shares or scrip; rather, shareholders holding fractional shares will have their shareholdings rounded down to the nearest whole number of shares.

RATIONALE FOR THE CHANGE IN THE COMPANY'S NAME

In the opinion of the Company's Directors and the majority of the voting stockholders, it was decided that GNCC Capital, Inc. was solely recognized as a Mining Exploration Company.

As previously stated, the Company's Directors are determined and very committed to continue to pursue acquisitions and/or transactions in other Industry Sectors.

Based upon the proposed and planned diversification of the Company, a new name was deemed to be in our best interests as we seek to be branded as a Diversified Holding Company whilst maintaining our interests in Mining Exploration; but growing through acquisitions of companies that meet our goal of Revenues, Cash Flow and Profits, and in multiple Industry Sectors.

Whilst the Company will continue to hold its interests in Mining Exploration; it is envisaged that the Company will become fairly diversified over time and therefore become very focused upon acquisitions in multiple Industry Sectors.

NO EFFECT UPON COMPANY'S AUTHORIZED COMMON STOCK

The Company has entered into several convertible promissory notes (“Notes”) with investors as well as issued various Classes of Convertible Preferred Stock (“the Preferred”). These Notes and the Preferred are convertible into Common Stock. In order to have sufficient shares available for issuance to these investors in the future, the Board and holders of a majority of the voting power of the Company approved no amendment to the number of Authorized Common Stock. These Notes and the Preferred require the Company to maintain a certain number of shares of Common Stock available for issuance to creditors that wish to convert their Notes and the Preferred into Common Stock. As a result, the Company must maintain the number of authorized shares of Common Stock in order to fulfill its obligations under the Notes and the Preferred in order to avoid default. In addition to complying with its existing obligations under the Notes, the Board has determined that it is in the best interest of the Company to maintain good relations with these creditors so that the Company may access additional capital in the future. Further, the Board believes it is in the Company’s best interest to have additional Common Stock authorized for general corporate purposes, including acquisitions, equity financings and grants of stock and stock options. The maintaining of the number of authorized shares of Common Stock has been determined by the Board to allow for these possibilities and to provide for a sufficient amount of Common Stock to support its expansion and future financing activities, if any. Other than as set forth in the above Notes, there are no present plans for future issuances of common stock. When the Board deems it to be in the best interest of the Company and stockholders to issue additional shares of Common Stock or Preferred Stock in the future, the Board will not seek further authorization by vote of the stockholders, unless such authorization is otherwise required by law or regulation.

APPLICATION FOR A NEW CUSIP NUMBER

Upon receipt of the stamped Articles of Amendment from the Secretary Of State in Wyoming, the Company will immediately apply for a new CUSIP Number as is required following these amendments to our Articles of Association. As at the date of this filing, these amendments had not as yet been processed by the Secretary of State, Wyoming.

APPLICATION FOR A NEW TRADING SYMBOL, CHANGE IN NAME AND APPROVAL OF THESE CORPORATE ACTIONS

Following the Company's receipt of the stamped Articles of Amendment from the Secretary Of State in Wyoming and the new CUSIP Number, the Company will make an application to FINRA for approval of these Corporate Actions, the setting of both the "Record Date" and "Pay Date" of the Reverse Split of the Company's Common Stock and the new Trading Symbol.

The Company's Directors will liaise with its Transfer Agent and its professional advisors in order to prepare all of the requisite filings as are required to implement these corporate actions. Stockholders will be kept apprised of all pertinent details through our filings on the OTC Markets Filing and Disclosure Service.

EFFECT UPON STOCK REPURCHASE PROGRAM

These corporate actions have no impact whatsoever upon our intentions to implement our Stock Repurchase Program, details of which have been filed on the OTC Markets Filing and Disclosure Service. The Directors Resolution in respect of a Stock Repurchase Program as approved on January 13, 2014 and extended on September 14, 2015 as filed on the OTC Markets and Disclosure Service.

It is anticipated that post the reverse split of the Company's Common Stock, that the Stock Repurchase Program may well be implemented, however any such implementation will be strictly to the adherence to the rules and regulations in terms of Rule 10b-18 of the 1934 Securities Act (As Amended).

OTHER

In due course, a new web site will be introduced, www.c4odyssey.com. The existing web site, www.gncc-capital.com is now obsolete. The Company's Social Media presence will be rebranded as "C4 Odyssey". The Company contact details remain as displayed on Press Releases, Filings and on the OTC Markets website; as they are amended, all of the same will be updated accordingly. The Company's Twitter has been changed to "@C4Odyssey".
