Item 3 – Interim Financial Report

Delta Mining and Exploration has posted its quarterly financial report on Pinksheets.com under the company filings page for the quarter period ending December 31 2009. It has also posted an annual financial report for period ending September 30, 2009.

Item 4 – Managements Discussion and analysis or plan of operation

Delta Mining and Exploration has commenced a full scale geophysical exploration project on the Delcer Buttes property in Elko County Montana. Mapping and sampling along with induced polarization and magnetometer analysis will be undertaken in the first half of the year to identify potential copper/gold skarn mineralization and possible sediment hosted mineralization which may lie beneath extensive covered areas. The company secured financing in the summer of 2009 and is well funded to complete the initial work program but will continue to raise additional capital for future work programs as well any valuable land investments that may come along. Delta does not anticipate any purchase or sale of plant and significant equipment, but does

reserve the right to make such purchases if the situation presents itself. The company does not expect significant changes in the number of employees and is not aware of any off-balance sheet conditions that affect the company.
