Part C Business Information

Item VII The Name and Address of our Transfer Agent

Our transfer agent is Stalt, Inc. Their address is 671 Oak Grove Avenue, Suite C, Menlo Park, CA 94025 and their telephone number is 650.321.7111

Stalt Inc. is registered under the Securities Exchange Act of 1934 and it is regulated by the United States Securities and Exchange Commission.

Item VIII The Nature of Our Business

A. Business Development.

THE TRANSACTIONS BELOW RESULTED IN THE ISSUANCE OF CERTIFICATES REPRESENTING 450,000,000 SHARES OF OUR COMMON STOCK BEING ISSUED WITHOUT RESTRICTIVE LEGENDS. THE DESC|RIPTION BELOW IS A SUMMARY AND QUALIFIED IN ITS ENTIRETY BY THE FULL TEXT OF THE AGREEMENTS WHICH ARE ATTACHED AS EXHIBITS TO THIS INFORMATION AND DISCLOSURE STATEMENT AND INCORPORATED HERE IN BY REFERENCE.

For a sixteen month period, from January 20, 2009 through May 21, 2010, we entered into a series of transactions and agreements (the "Transactions") with Big Apple Equities LLC a New York limited liability company, Big Apple Consulting, Inc. ("BAC"), a Florida corporation, MJMM Investments LLC ("MJMM"), a Pennsylvania limited liability company, Twin Equities LLC ("Twin Equities"), Marc Jablon, Keith Jablon, Jason Takacs, Matthew Maguire, Mark Kaley, Management Solutions, Inc. ("Management Solutions") and certain attorneys who are collectively referred to hereinafter as "Big Apple" . Neither Big Apple nor MSI are registered with the Financial Industry Regulatory Industry ("FINRA") or the Securities and Exchange Commission ("SEC") as a broker dealer.

The Transactions resulted in our former transfer agent, Interwest Stock Transfer, issuing at least an aggregate of 450,000,000 shares of our common stock without a restrictive legend (the "Big Apple Shares") directly and indirectly inuring to Big Apple"s benefit. The stock issuances increased our common shares outstanding by over 250%, from 234,915,033 on April 24, 2009 to 813,988,456 on May 21, 2010, and increased our common shares in our public float 849%, from approximately 56,767,975 to 538,807,505.

Based upon our transfer agent records, the common shares issued to Big Apple represented between approximately 9% percent of our common shares as of April 24, 2009, and 55%

percentage of our common shares as of June 1, 2010; and in addition, Big Apple had options to purchase additional shares of our common stock representing approximately 21 % of our outstanding shares. As such, we determined that Big Apple was an affiliate based upon their beneficial ownership of our voting securities in accordance with applicable SEC rules, which provide in part that:

> A person is deemed to own beneficially any security as to which such person has the right to acquire sole or shared voting or investment power within 60 days through the conversion or exercise of any convertible security, warrant, option, contract or other right. More than one person may be deemed to be a beneficial owner of the same securities. The percentage of beneficial ownership by any person as of a particular date is calculated by dividing the number of shares beneficially owned by such person, which includes the number of shares as to which such person has the right to acquire voting or investment power within 60 days, by the sum of the number of shares outstanding as of such date plus the number of shares as to which such person has the right to acquire voting or investment power within 60 days. Consequently, the denominator used for calculating such percentage may be different for each beneficial owner.

We believe that Big Apple was our affiliate because they held or had the right to acquire more than ten percent of our securities at all times since April 1, 2009, the date of execution of the Consulting and other Agreements described below.

The Escrow Agreements.
In order to secure the shares being issued to Big Apple, we were instructed to enter into two escrow agreements with Big Apple"s attorneys requiring 400,000,000 shares be placed in escrow as authorized by the attached corporate board resolution (See Exhibit 1, 2 and 3), which resolution authorized 400,000,000 shares of our common stock to be issued free of restrictive legends "to Big Apple" and titled in the name of "Carl Duncan, Esq. as escrow agent."

Going Public Agreement between Enable and Big Apple dated January 20, 2009.
On January 20, 2009, Enable Software, a company controlled by our present management, engaged Big Apple"s services to locate a public shell company so it could become publicly traded on the pink sheets market and operate the business of Enable Software Limited. Big Apple services consisted of "all steps … to assist" us in "going public" and "trading on the pink sheets market."

Enable was required to pay the following transaction based compensation to Big Apple for its services:

i. $7,500 due upon the signing of the Agreement in the form of cash, cashier"s check or wire transfer into an account designated by Big Apple;
ii. The balance of $52,500 due and payable upon acquisition of the public vehicle in the form of cash or free trading securities in "Vehicle";
iii. Two Hundred Thousand ($200,000) Dollars in cash due and payable when Enable acquired the publicly traded Vehicle and commenced trading on either the Pink Sheets or the OTC Bulletin Board Exchange;

iv. An eight (8%) percent commission of the issued and outstanding shares of the publicly traded Vehicle in free trading shares; and
v. An option to acquire One Million Dollars ($1,000,000.00) worth of the publicly traded vehicles common stock at a Fifty percent (50%) discount to Market of the five (5) day average closing bid price.

In January 2009, a „Going Public" agreement was signed with Big Apple for which they received $7500 with the remainder due upon completion of acquiring an adequate shell company which Big Apple failed to provide. In September 2009, another contract, replacing the original contract, was signed to find an adequate shell company for Enable Software and two payments of $5,000 were made to this end. Enable Software Ltd was then acquired by GuestTek International, and the managers of Enable bought a controlling interest in GuestTek International. From January 2009 to December 2009, Big Apple received $17,500 solely for the purpose of finding an adequate shell for Enable Software.

In August 2009, VClouds, a business controlled also by one of the managers of Enable Software, signed an agreement with Big Apple to go public. In August 2009, VClouds was acquired by Big Apple"s client, IJJ Corporation.

The Big Apple MJMM Financing Agreement.
Under the terms proposed by Big Apple, Big Apple"s affiliate MJMM would provide financing of the public shell located by. The financing would be evidenced by a promissory note with interest at the rate of 9% (Attached as Exhibit 4).

Big Apple raised money from investors of IJJ , which was then used to pay an initial payment for the public shell GuestTek International, which was our predecessor, GuestMetrics, Inc., Delaware ("GuestMetrics Delaware"). Big Apple then received a payment, outlined above, of $5,000 commission of the funds raised and funds were paid to the principals of GuestMetrics Delaware for their shares. In April 2010, Big Apple arranged to remove VClouds from IJJ Corporation and moved it into a GuestTek International. Big Apple agreed to only charge an additional $70,000 for its services related to locating a second shell and accept a $10,000 down payment and $60,000 represented by a promissory note.

Services Agreement
On September 29, 2009, Big Apple, through its affiliate Management Solutions International, Inc. ("MSI"), entered into an agreement (the "MSI Agreement") (Exhibit 5) with Enable providing that Enable would pay $60,000 and a five percent (5%) commission for any acquisition candidate for services to be rendered by MSI. Under this 5% commission provision, we paid Big Apple 10,000 in cash and signed a note for $60,000 payable to the shell company"s control persons , ultimately it transpired that the note would be assigned by the control persons to Big Apple at a later date. The Note is described in detail under the heading "the Big Apple Notes" below. In connection with the transaction, we issued the 1,000 shares of our Series D Stock to Mr. Barrett and Ms. Posten from our authorized but unissued preferred stock as security for the repayment of the Note assigned to Big Apple (Attached as Exhibit 6).

The Big Apple services under the MSI Agreement included but were not limited to:

(i) determining the best means for us to become publicly traded;

(ii) transitioning us from private status to publicly traded status;

(iii) preparing the documentation and paper work for the Form 15C211;

(iv) developing presentation material for potential investors;

(v) assisting in evaluating and performing due diligence on reverse merger candidates; and

(vi) negotiating agreements with reverse merger candidates.

Pursuant to the MSI Agreement, Big Apple facilitated the purchase and sale of 100% of Enable"s securities so that we could become publicly traded (the "Reverse Merger") by our present management obtaining control of our predecessor, GuestMetrics, Inc., a Delaware corporation, ("GuestMetrics Delaware") whose common shares were quoted on the Pink Sheets under the ticker symbol GESM.

In connection with the Big Apple transactions:

(i) Big Apple introduced our present management to GuestMetrics Delaware;

(ii) Big Apple negotiated the Reverse Merger between our management and GuestMetrics Delaware;

(iii) Big Apple drafted the MSI Agreement and/or compensated the attorney who drafted such agreement;

(iv) Big Apple structured the Reverse Merger transaction including: (a) on September 1, 2009, forming a new holding company in Florida, then known as GuestTek International, Inc. ("GuestTek") for the purpose of acquiring GuestMetrics Delaware; (b) on October 20, 2009, forming GuestMetrics Inc., in Florida ("GuestMetrics Florida") as our wholly owned subsidiary; and (c) on November 10, 2009, arranging for GuestMetrics Florida to acquire 100% of Enable in exchange for 1,000,000 shares of our Series C Shares which were subsequently retired upon the sale of Enable. (See Exhibit 7");

(v) Big Apple negotiated and facilitated the November 12, 2009 sale of 100% of Guest Metrics Florida"s securities to Shot Spirits Corporation, a Nevada corporation controlled by Brian Barrett (the former control person of GuestMetric Delaware) in exchange for one hundred million (100,000,000) restricted common shares of Shot Spirits (See Exhibit 8);

(vi) On November 30, 2009, Big Apple negotiated our purchase of an additional 120,367,000,000 restricted common shares of Shot Spirits for 96,294 shares of our Series E Preferred stock and as a result, we held an aggregate of 220,367,000 shares of Shots Spirits as of November 30, 2009 (See Exhibit 9).

(vii) On December 17, 2009, Big Apple assisted us with our distribution of an aggregate of 205,991,880 of the 220,367,000 Shot Spirits restricted common shares to our shareholders of record as of January 15, 2010, which resulted in each holder of our common shares receiving two (2) shares of Shot Spirits Corporation common stock for every three (3) shares of our common stock they held;

(viii) Big Apple through its affiliate, MSI, prepared our public disclosure of the Reverse Merger and Pink Sheets reports as well as provided notification to FINRA of our name change to Cloud Centric (See Exhibit 10);

(ix) Guy Jean Pierre, the attorney for our predecessor, GuestMetrics Delaware and Big Apple, become our attorney in connection with the transaction and rendered the legal opinions necessary to remove restrictive legends from shares (See Exhibit 11) ;

(x) Big Apple requested Guy Jean Pierre render a legal opinion (See Exhibit 12) for posting on the Pink Sheets in connection with our Information and Disclosure Statement for the period ending September 30, 2009, and filed November 17, 2009 which stated that: (a) Mr. Jean Pierre had personally met our management and a majority of the directors and discussed the Information with our management and a majority of our directors when he had neither met with nor spoken with our management concerning such disclosure; (b) our Information and Disclosure Statement and other reports posted on Pink Sheets (prepared by Big Apple) provided current information publicly available within the meaning of Rule 144(c)(2) under the Securities Act and included all of the information that a broker-dealer would be required to obtain to publish a quotation for the Securities under Rule 15c2-11 under the Securities Exchange Act of 1934, despite no disclosure being made of the Big Apple transactions, including the agreements for the issuance to Big Apple of 450,000,000 shares of our unrestricted common stock representing more than half of our outstanding common shares without a restrictive legend; and (c) no holder of 5% or more of our securities was under investigation by any federal or state regulatory authority for any violation of federal or state securities laws despite Big Apple being under investigation by the SEC and the defendant in an enforcement action filed by the SEC only two days later;

(xi) The Big Apple shares were issued in the name of Big Apple‟s attorneys which may have been to facilitate Big Apple‟s concealment that it was our affiliate; and

(xii) Big Apple engaged in investor relations activities without disclosing the Big Apple transactions described above and without disclosing its compensation as required by Securities Act Section 17(b) (See Exhibit 13). It appears that Big Apple recommended and arranged for transactions which appear to be for no purpose other than to engage in an investor relations campaign at a time when they sold their unrestricted securities into the public market.

The Consulting Agreement

On April 1, 2009, our predecessor, GuestMetrics Inc., a Delaware (GuestMetrics Delaware) company, while under the control of our former management, entered into a consulting

agreement (See Exhibit 14) whereby it agreed to pay Big Apple $25,000 on the first day of each month for a period of six months payable in shares of our common valued at prior ten day average bid price.

Upon execution of the agreement, GuestMetrics, Delaware issued 25,000,000 common shares to Big Apple. GuestMetrics Delaware granted Big Apple an option to acquire $500,000 worth of common stock at a fifty percent (50%) discount "from market" based upon the average bid price of our common stock for the prior ten (10) days.

From April 1, 2009 through June 1, 2010, GuestMetrics Delaware issued an aggregate of 225,765,192 common shares without a restrictive legend for services purportedly rendered pursuant to the consulting agreement and 132,846,730 shares without a restrictive legend pursuant to the option granted under the agreement. In exchange for the issuance of the 132,846,730 shares and upon payment of the option price we received an aggregate of $82,500.

The Big Apple Notes.
David Lovatt, our President, entered into an agreement dated October 23, 2009, (Attached as Exhibit 15) to purchase 2,850,000 shares of our Series A Preferred Stock from Brian Barrett and Tammy Posten in exchange for 1,000 shares of our Series D stock and $75,000, $15,000 of which was due upon execution and $60,000 of which was evidenced by a promissory note of even date therewith which the parties agreed would be assigned to Big Apple as compensation for the Reverse Merger. The note had payments of $5,000 per month or more beginning no later than 60 days after execution of the note based upon the proceeds of any capital received by GuestTek International, Inc. or its successor from 50% of funds received from "New equity capital". The note had a maturity date of December 1, 2010.

On May 18, 2010, Brian Barrett and Tammy Posten assigned (Attached as Exhibit 16) the note dated October 23, 2009, to Big Apple in exchange for payment to them of $30,000. At the time of the assignment, the Note had $60,000 of principal outstanding. The assignment provided that we (not Lovatt) were obligated to pay Posten and Barrett the principal amount of $60,000, and that the obligation of $60,000 was assigned by Posten and Barrett to Big Apple in exchange for $30,000 and 1,000 shares of our Series D Preferred Stock. The note was subsequently converted into 80,000,000 unrestricted shares of our common stock from the Escrow Shares issued in the name of Carl Duncan, Esquire. At the time of the issuance to Big Apple, we estimate that the shares had a value of $120,000 based upon the then trading price of our common stock.

On December 15, 2009, we executed a note (Attached as Exhibit 17) with a stated principal amount of $137,500, with Big Apple which immediately upon execution was converted into 64,883,728 unrestricted shares of our common stock. The principal amount due of $137,500 was purportedly due as a result of services rendered by Big Apple pursuant to the April 1, 2009 Consulting Agreement described above.

On April 10, 2010, Big Apple assisted in the negotiation of our purchase of 100% of the securities of V Clouds limited, a UK Registered Company from IJJ Corporation, a Maryland Corporation and Big Apple client for 50,000,000 shares of our common stock (Attached as Exhibit 18).

The Legal Opinions

In connection with these issuances, Big Apple arranged for Guy Jean Pierre, our former legal counsel, to deliver legal opinions to our transfer agent, Interwest Stock Transfer opining that the certificates representing the shares issued to Big Apple could lawfully be issued without restrictive legends based upon Rule 504 of Regulation D of the Securities Act ("Rule 504") and Section 352 Article 23A of the General Business Law of the state of New York.

Rule 504 provides an exemption from registration for an Issuer and allows for the offer and sale of up to $1,000,000 in securities in a twelve month period and allows the issuance of unrestricted shares where (i) an Issuer registers the offering in a state that require a publicly filed registration statement and delivery of a substantive disclosure document to investors; or (b) an Issuer sells exclusively according to state law exemptions that permit general solicitation and advertising, so long as you sell only to "accredited investors" .

Our former legal counsel, opined that the shares issued to Big apple could be issued without a restrictive legend despite that (i) Big Apple was our affiliate; (ii) no such registration statement was publicly filed in any state requiring delivery of a substantive disclosure document to investors; and (iii) Section 352 and Article 23A of the General Business Law of the state of New York do not contain an exemption from registration that permits general solicitation and advertising, so long as sales are only to "accredited investors" as required by Rule 504.

We believe that the shares issued to Big Apple are restricted securities which could only be resold by Big Apple if they complied with Rule 144 of the Securities Act. We believe that Big Apple violated Section 5 of the Securities Act because they were our affiliate and they failed to comply with Rule 144 requirements, including that: (i) Big Apple hold its shares for a period of twelve months prior to public resale (ii) we have current public information available including full disclosure of the Big Apple transactions and myriad of agreements; (iii) based upon the trading volume of our common shares we believe that the number of equity securities sold by Big Apple during certain three-month periods exceeded the greater of 1% of the outstanding shares of the same class being sold; (iv) Big Apple made private re-sales and did not make all sales in routine trading transactions; and (v) Big Apple was required to file notices with the SEC on Form 144, which it failed to do.

We believe several issuer exemptions are available for our offer and sale to Big Apple, including Rule 504. We believe that Section 4(2) and 4(6) of the Securities Act were available for the offer and sale of the shares because: (a) there was no general solicitation in our isolated transaction with Big Apple; (b) Big Apple represented to us that it was an accredited investors; (c) we had a pre-existing relationship with Big Apple; (d) the offer and sale did not involve a public offering; and (e) we did not receive proceeds from any resales of the shares by Big Apple. We also believe that Rule 504 was available for our offer to Big Apple because: (a) we are not an SEC reporting company; (b) we did not receive proceeds of more than $1,000,000 from Big Apple; and (c) we are not a blank check company.

We believe that as an accredited investor Big Apple possessed sufficient sophistication and experience to determine (i) whether a non-issuer exemption from registration is available for Big

Apple"s resale; and (i) whether the safe harbor provided by Rule 144 of the Securities Act was available for its resales.

Preferred Stock Offerings.
We relied upon Sections 4(2) of the Securities Act of 1933, as amended ("the Securities Act") for the offer and sale of the Preferred shares as set forth in Section 5 hereof and listed below. We believed that Section 4(2) was available because: (a) there was no general solicitation in the offer or sale; (b) we placed restrictive legends on the certificates representing these securities stating that the securities were not registered under the Securities Act and are subject to restrictions on their transferability and resale; (d) the offer and sale did not involve a public offering; and (e) we had a pre-existing relationship with each purchaser.
