## **Management Discussion & Update Report on Various Corporate Matters**

**ITEM 6** – A regularly scheduled meeting of principal managers of Hannover House, Inc., was held at 10:00 am, on Tuesday, Sept. 24, 2012 at the Company's offices in Springdale, Arkansas. The following items were discussed, and if so noted, acted upon as described below. This Management Discussion and Update Report is being provided as a service to the Company's shareholders, in respect of the Company's ongoing commitment to maximize transparency and communication with shareholders.

6(a) – **Change In Share Structure** – Company CEO Eric Parkinson voluntarily surrendered back into treasury a total of seven-million-five-hundred-thousand (7,500,000) shares of Class A Common Stock from his personal holdings. These shares are subject to return and reissue to Parkinson in 2014, conditioned upon the successful achievement of revenue goals and governance objectives for calendar year 2013. To date, Parkinson has surrendered a total of 32,500,000 shares.

6(b) – **Mother Goose Production Update** – Company has made an agreement in principal with a notable "director" for this project. Based upon the director's existing commitments and contractual obligations, the start date for filming is likely to be moved forward into January, or such earlier point in time that the director and the principal "star" talent actors will be available in a synchronous schedule to facilitate filming. A sublicensing venture covering the international sales rights to the film and associated production financing will be announced separately.

6(c) – **VODwiz.com Update** – Managers reviewed a report submitted by employees Garret Krier and Tim Ellis, covering the hardware, software and infrastructure requirements for the VODwiz venture for streaming of movies over the internet. Operating out of the Company's principal headquarters in Springdale, AR, the VODwiz venture could be ready for a beta or "soft" launch within eight weeks or less; however, once demand exceeds 1,000 films to be streamed daily, the primary switch and storage banks will need to be located nearer to a major trunk line for maximum internet traffic accessibility. A list of films ready to post to the site was reviewed and discussed. The discussion also covered financing opportunities that have been presented to the Company regarding this new Video-On-Demand venture. A determination was made that no outside financing will be required at this point for the Company to complete the basic infrastructure and beta-launch; a study of results following 30+ days from the beta launch is expected to provide the Company with better data as to the scope of outside financing ultimately needed to build the brand to a major portal status.

6(d) – **Debt Conversion Update** -- As previously posted, Company approved in June the issuance of 14,727,272 shares of stock to Graham Financial Services, Inc., with the goal of retiring approximately three-hundred-thousand dollars of debt. The venture has successfully concluded, with \$296,432 in debts retired since late June. Primary beneficiaries of the debt conversion proceeds were Fantastic Films International, Elite Entertainment, Technicolor Labs, Kalmbach Publishing and CAV Replication.

6(e) – **New Acquisitions** – A discussion was held covering a slate of new feature film titles that the Company has acquired over the past four months, and a schedule for announcing and releasing these titles.

There being no other items on the agenda, the meeting was adjourned at 11:05 am.
