Phoenix, Arizona - August 15, 2014 **PTA Holdings, Inc. (OTC Pink Sheets: PTAH)** a multi-faceted transportation group providing a broad array of traditional transportation and management services, announced today that it is delaying its 2nd Quarter Reporting for approximately 10 business days as a result of very positive business events.

Leonard Lewensohn, CEO stated today that;" We are pleased to report that the company has completed a realignment of operations deemed critical to its future success and competitiveness in the markets we serve. As a result of a new and critical customer relationship requiring restructuring of how we deploy assets and human resources we have embarked on change that will assure customer service levels we have proudly maintained. In that regard, I can announce that we are have agreed to terms for the acquisition of a trucking company to be completed within the next week or so. We have also completed a major funding package that we will report on in the next few days. This is the reason for our delay in reporting the 2nd quarter as we complete the work in process.
