

Alaska Pacific Energy Corporation Announces That Deposit Chill Has Been Removed By DTCC

Apr 20, 2015

OTC Disclosure & News Service

Sunrise, FL - Alaska Pacific Energy Corporation President, Dominick Falso, Announces That Deposit Chill Has Been Removed By DTCC.

OTC Disclosure & News Service ACCESS WIRE 04/20/2015 1:00:00PM – Alaska Pacific Energy Corporation, (OTC PINK: ASKE) President Dominick Falso is reporting that the company has successfully removed its DEPOSIT CHILL with DTCC.

President of ASKE Dominick Falso states “ As indicated in the previous press release we need to move Alaska Pacific Energy Corporation forward, so that the new prospective stewards of the company will feel comfortable inheriting a structurally sound public entity. Removing the DEPOSIT CHILL through DTCC is a step in the right direction because it makes it easier for prospective investors in the open market. ”

" This was something on our bucket list that we just had to get done, in advance of any deal to change the direction of the company and its management, said Dominick Falso. “ We have to make sure the company remains a current information pink sheet company, has its chills removed, and is up to date with all State filings. This bodes well for the stockholders as we negotiate new management control and super voting control of the public company. ”

Safe Harbor Statement:

This release may include "forward looking statements" within the meaning of Section 27 A of the Securities Act 1933 as amended, and Section 21 E and /or 27 E of the Securities Exchange Act of 1934, that are based on assumptions that in the future are inherently uncertain, may prove not to be accurate, and are subject to significant risks and uncertainties. These include, but are not limited to statements as to the future performance of the company, its ability to raise necessary financing, and other general economic risks and uncertainties.
