

ENVIRO-SERV, INC. ANNOUNCES ENVIRO-SERV, INC. MAKES OFFER TO PESTMASTER SERVICES, INC. FOR TERRITORIAL RIGHTS

TAMPA, FL. May 5th, 2015) - [Enviro-Serv, Inc.](#) (OTC: EVSV), which targets highly profitable small service companies in the commercial and residential property maintenance industry, is pleased to announce that Enviro-Serv, Inc. has commenced making a formal offer to Pestmaster's Inc. a national Franchisor with 30 locations and a dominant player in the Governmental contracts sector for pest control.

Trina went on to exclaim. "For several months the dates of April 27th-May 1 have been earmarked on my calendar for mandatory training at the Pestmaster's services HQ offices in Reno which were announced to the public last week. I am excited to state that not only was the visit a huge success from the learning and training standpoint but was also instrumental in our management team putting together an offer for territorial rights for both Hillsborough and Pinellas County here in Tampa Bay. This territory is a population of over 2 million people combined with existing VA governmental contracts in existence which become ours immediately when the deal is solidified. Before visiting Reno and seeing and shaking hands with their owner's, management and staff there it wasn't 100% this deal would move forward. Pestmaster's as a group was a total class operation in which I look forward in the short time ahead to call ourselves Pestmaster's Tampa. As stated on Dec. 23rd PR release Pestmasters Services is only one of a handful (70) of(21,000) national pest operations approved to bid on GSA SBA governmental pest contracts and currently holds a 5 year, \$307,000 VA Tampa based contract that would be owned and serviced by the Tampa franchisee. Additionally discussions are underway to encapsulate X-Terminates operations under the Pestmasters' umbrella and make it one giant killer in the Tampa Bay area and aggressively seek further GSA contracts such as MacDill AFB located in South Tampa as just one example. Pestmasters Services is an award winning well recognized name for over 35 years in the pest control industry. Although there are still discussions to take place on this deal I look forward to their responses in finalizing our Tampa deal and working closely with Pestmaster Services on future government and private sector contracts."

Mr. Trina ended his comments by saying this to shareholder's and the investing community, "I vow to continue to work diligently for the success of our shareholder's and investors. I call on my shareholders to help support our financial goals and our underlying stock so we can successfully raise our needed capital. Let's have a successful and profitable 2015 together and I appreciate your unwavering support."

The company looks forward to issuing further updates as it continues to achieve benchmarks toward long-term success for Enviro-Serv and its shareholders.
