DALLAS, TX – May 22nd, 2015 – SutimCo Inc.
(OTC PK: SUTI) ("The Company")

The management has signed an acquisition agreement with a dynamic new company; DMND INC., from Newport Beach CA. www.dmndinc.net (Diamond Inc.) This new addition enhances and confirms the management's focus and goal to expand and take a greater position in the Cannabis/MJ markets.

DMND Inc., as the company is specializing in the new and emerging Marijuana markets. The new addition is primarily focused on Merger, Acquisitions and servicing this new and exciting industry.

"Currently, the States and Federal Laws are still being developed and defined in the Cannabis/MJ Markets throughout the US. However, the products and services that support this sector are growing on a daily basis. We want to establish our company firmly in this expanding segment of our economy and become a significant player in the marketplace. Our goal is to support the industry, while acquiring new products, services and strategic partners. We intend to accomplish this with mergers, acquisitions, joint ventures and strategic relationships." Stated Jarrod Turner/CEO.

Recently The Company Announced:

The company is also proud to announce the "spin off" into "private" sector one of the core businesses in SUTI, "Sutimco International Inc." The Sutimco International Inc., will be operating on its own, as the new "private" company, while the Holding "public" company SUTI Inc, will continue trading on the public markets and pursue the development and focus of its wholly owned subsidiary; "Luxuriant Holdings Inc." Sutimco International Inc., will retain its current assets as well as retaining with the spin off most of its previously incurred liabilities."

This change will not affect the current public trading and/or regulatory compliance. The company intends to file with FINRA for the new name change and a new cusip number immediately. The spin off completion is anticipated by the end of Q2.

"I'm extremely excited to see the spin off go through. As the company's CFO I'm happy to see that the liabilities, which are over three million dollars (approx. \$ 3.5 plus million), that were incurred prior to our acquisition of the company will stay with the "spin off" company. Starting Q2 2015, this reduction in liabilities will allow our company to grow without such financial burden. I believe that a much "healthier" balance sheet and financials can help us to attract new investors and candidates for merger and acquisitions."

Stated Mr. Tassan, CFO SUTI INC.

Thank you,

The Management, Sutimco Inc.

By comparison, it is physically impossible to eat enough marijuana to induce death. Marijuana in its natural form is one of the safest therapeutically active substances known to man. By any measure of rational analysis marijuana can be safely used within the supervised routine of medical care.
