Jorge Luis Saenz, CEO of SutiMco Inc., (SUTI)

Recently, the company announced the following changes and updates:

The company is pleased to announce the hiring of a new CEO, Jorge Luis Saenz. Mr. Saenz has an impressive resume and a great track record in Cannabis and Marijuana market sectors. He is not only a great executive and content expert in MJ industries, but he is also a shareholder in our company.

Jorge Luis Saenz is Co-owner and CEO of Vaping Dragon Industries of Washington County, Or. It's located west of the City of Portland with its subsidiaries Kolbe Global Logistics, EcoVape and our new Medical Marijuana nursery named Flowers by Day with growing strains of Obama, BlackBerry and Mendocino Kushes along with their Sweet Wreck and Blue Dreams strains. The company is focused on practicing medicinal marijuana in the industry through its grow operation, its cannabis infused vape oil and their soon to be different concentrates. Co-owner Brian Day is their grower and pharmacist and he brings over 15 years' experience. Co-owner Christopher Crawley is their logistics professional with over 20 years' experience. Jorge and his team are dedicated to bring premium products and services to patients who seek comfort for their bodies with natural medicine instead of those that are chemically manufactured. Jorge has encountered a sea of medical marijuana companies in the Northwest United States that are in sync with the ultimate goal of replacing traditional chemical medicine with nature's own. He will concentrate to partner, merge and or acquire such companies that meet high standards throughout the US. Also, he will find companies that cater to the industry through all kinds of paraphernalia that pertain to Marijuana. With the recent passing of legalization in five states of the Union, retail sales will lead to more opportunities to merge, partner and or acquire such companies along with Jorge's own projects that are in the idea and development stage. He believes in disruptive innovation and he used it to develop EcoVape. Jorge's first priority will be to get SUTI structurally sound and create a business plan with milestones in order to compete with other like companies that are vying for these young and upcoming businesses in this young sector of the market. The first round of action is to partner, merge and or acquire the following; a grow operation, a medical dispensary, a courier service and a paraphernalia company.

He will also introduce project ideas to the SUTI Board of Directors for approval and Introduction to the markets.

“This is a great opportunity for me to showcase my knowledge and experiences in this new and exciting market segment. I have a great understanding and knowledge of our company, and will work on developing the company's plans to enhance its portfolio. I will be focused on re branding the company and its name, while finishing the commitments and developments of the prior CEO, such the dividend to PRPM and the completion of the “spin off” so that our company will emerge with cleaner balance sheet and reduction of the liabilities that's well over three million dollars (\$ 3,000,000.00) . I'm excited to have a close relationship with two public companies and will work in tandem to ensure their open communication, transparency and business developments to achieve a better position in the market as well as constantly striving to enhance the shareholde

rs' value." Stated Mr. Saenz, CEO SUTI INC.

Recently The Company Announced:

The management has signed an acquisition agreement with a dynamic new company; DMND INC., from Newport Beach CA. www.dmndinc.net (Diamond Inc.) This new addition enhances and confirms the management's focus and goal to expand and take a greater position in the Cannabis/MJ markets.

DMND Inc., as the company is specializing in the new and emerging Marijuana markets. The new addition is primarily focused on Merger, Acquisitions and servicing this new and exciting industry.

The company is also proud to announce the "spin off" into "private" sector one of the core businesses in SUTI, "Sutimco International Inc." The Sutimco International Inc., will be operating on its own, as the new "private" company, while the Holding "public" company SUTI Inc, will continue trading on the public markets and pursue the development and focus of its wholly owned subsidiary; "Luxuriant Holdings Inc." Sutimco International Inc., will retain its current assets as well as retaining with the spin off most of its previously incurred liabilities."

This change will not affect the current public trading and/or regulatory compliance. The company intends to file with FINRA for the new name change and a new cusip number immediately. The spin off completion is anticipated by the end of Q2.

"I'm extremely excited to see the spin off go through. As the company's CFO I'm happy to see that the liabilities, which are over three million dollars (approx. \$ 3.5 plus million), that were incurred prior to our acquisition of the company will stay with the "spin off" company. Starting Q2 2015, this reduction in liabilities will allow our company to grow without such financial burden. I believe that a much "healthier" balance sheet and financials can help us to attract new investors and candidates for merger and acquisitions."

Stated Mr. Tassan, CFO SUTI INC.

Thank you,

The Management, Sutimco Inc.
