

June 25, 2015 Shareholder Letter

As CEO of NanoTech Entertainment, I understand it is important and our goal to be as transparent as we are allowed to be and we apologize for the frustration and uncertainty this has caused in our shareholder base. While we have made significant strides, we have also missed our target dates due to unforeseen delays beyond our control and I will do my best to make sure this does not happen again. While we are in a transition period upgrading our products and services to compete effectively in a growing market, we are confident our efforts will be rewarded.

UltraFlix Content

- We have transactions with major studios for 4K content that will be disclosed when appropriate.
- We have optimized our encoding workflow and have 100 films that will be uploaded to UltraFlix in the next 15-30 days.

4K Television Manufacturers/Applications

- We have pending announcements with top tier television manufacturers to release UltraFlix on their 4K televisions. We will disclose in a press release when appropriate.
- Hisense will inject 1 million 4K sets in the US Market this year and will feature UltraFlix as its premium 4K VOD application.
- Vizio is marketing UltraFlix via email, social media and in-store retail displays.
- We have signed deals with two featured 4K Apps that will license UltraFlix content.

Share Structure

We have increased our Authorized shares from 990MM to 1.4B. We did this for several reasons:

- To attract new Employees and New Acquisitions including uplink.to
- Pay for Contract Obligations
- Pay for New Studio Technology

In conclusion, I urge investors to remain patient and strong through our rapidly expanding growth period. We are continuing to pioneer and lead the way into the 4K streaming market. With our experienced team of technology and content experts, we will continue to stay ahead of the curve, while being able to adapt to an ever-changing industry. The company has been efficiently working on upgrading equipment and systems to prepare for the future growth in the 4K Market. We are reviewing internal

controls to operate our business as efficiently as possible. In the next weeks, we will continue to update you via shareholder letter and press releases on specific transactions once it is appropriate to disclose the information. Our team is extremely proud of our loyal shareholders and we thank you for your dedication. We are excited that we can all take part in a ground-breaking technology and experience success together.

Best Regards,

A handwritten signature in black ink, appearing to read "Peter Riordan". The signature is fluid and cursive, with a long horizontal stroke at the end.

Peter Riordan
Chief Executive Officer
NanoTech Entertainment, Inc.
