

# **IDGlobal Corporation Increases EZ4Media, Inc. Equity Position To 1 Million Common Shares**

Bannockburn, Illinois--(December 16, 2015) – ID Global Corp. (OTC: IDGC) is pleased to announce that it has increased its EZ4Media Inc. share position by an additional 900,000 common shares for a total of 1 million in the IDGlobal Corp. Portfolio. The decision to increase our position was made due to extensive due diligence including reviewing EZ4Media existing patents, patent applications and related work-product.

The initial focus of EZ4Media, Inc. will be to enhance the value of their existing hardware and software design, including the EZ4Media, Inc. portfolio of Semiconductor Patents and Applications. The proprietary disruptive technology is a scalable, low power, high-performance, massively parallel computing architecture chip which is ideal to perform real-time image processing and stitching of multiple high-speed imager data streams that can be used in a vast array of applications including, but not limited to 3-D imaging and mapping in autonomous automobiles and high-security camera systems, such as border surveillance.

IDGC's CEO is quoted stating, “We are ecstatic to be working with EZ4Media and continue to assist in planning and structuring EZ4Media, Inc. to potentially becoming a publicly traded company in 2016. We look forward to nurturing a long-term relationship and providing updates to our shareholders as we make more progress in the new year.”
