NanoTech Entertainment expands its UltraFlix streaming television network to hundreds of millions of devices with the release of native iOS App.

Bespoke Award Winning Streaming Service Providing the Highest Quality Version of Programs Now Offering Hundreds of Titles Optimized for iPhone and iPad Retina Displays.

May 19, 2016 - San Jose CA - NanoTech Entertainment (OTCPINK: NTEK) announced today that its award winning UltraFlix, home of thousands of hours of top Hollywood blockbuster movies, documentaries, TV series, concerts and sports, can now be enjoyed on iPhone and iPad devices.

Tim Cook, CEO of Apple, noted at a recent conference that Apple has shipped over 700 million iPhones. Leveraging NanoTech's 4K Studios proprietary best in class proprietary mastering and encoding technology UltraFlix delivers the highest quality video optimized for Apple's Retina displays. "Early users of our iOS version of UltraFlix have been amazed at the quality of our movies delivered to their phones and tablets," stated Mark Morris, VP of Application Development.

With the world's largest selection of 4K Ultra HD movies delivered to customers on devices from phones to the latest 4K Ultra HD televisions UltraFlix is establishing itself as the premiere destination for top quality video streaming. UltraFlix for iOS is a free download available on the App Store now at:
