

ABCO ENERGY, INC. ANNOUNCES COMPLETION OF
ARIZONA COMMERCIAL PARKING SHADE SOLAR PROJECT

MAY 25, 2016

<http://www.abcoenergy.com>

TUCSON, AZ – May 25, 2016, ABCO Energy, Inc., (OTCQB: “ABCE”) announced the completion of the third phase of a multi-location project for a large western corporation specializing in storage of recreational vehicles (RVs). This project was completed in less than 60 days from permitting approval and will represent \$286,000 in our second quarter revenue stream. This project is part of a chain of 5 projects consisting of parking structures with solar on the roofs and RV parking underneath. This is the third of five such projects contracted in 2015. This project will provide electricity for the entire storage center.

Under Construction in April 2016

ABCO completed construction in May, 2016. This building is 10,164 square feet and holds a 68 Kilowatt solar system.

“ABC Energy has already completed three of the five projects in this contract and the last two are anticipated for completion before June 30, 2016,” says Charles O’Dowd President of ABC Energy, “and we are excited that our development of commercial projects has continued uninterrupted for the last two years and our pipeline of potential commercial projects is growing. The financing and experience we provide to our customers has made this growth possible. We look for many more projects to be contracted in the near future.”

ABC Energy Inc. is an Arizona licensed contractor for sales and installation of Photovoltaic Solar Systems, Solar Street Lighting and installation of LED and energy conservation lighting systems in their markets. ABC Energy has offices in Tucson, Phoenix and Flagstaff, Arizona. ABC Energy provides products and services to residential, commercial, government and non-profit entities in all of their markets.
