**MEMREG, INC. ANNOUNCES THE FORMAL RENEWAL OF THE
SPECIAL EXERCISE PRICE PROGRAM FOR ALL SERIES OF WARRANTS**

Phoenix, Arizona, September 6, 2016 -- (OTC Markets News Service). MemReg, Inc. a Nevada corporation, (the “Company”) (MREG.OTC-PK) announced today that it would formally renew, for at least another 30-days, the temporary reduction of the exercise price of all of its outstanding warrants to \$.3333 (the “Special Exercise Price”). This Special Exercise Price was originally announced on July 8, 2016 to fund the expansion and operation of the ORhub business (see below) and was set to expire on September 7, 2016. There are still approximately 41,000,000 warrants of all Series outstanding. On October 7, 2016, unless the Company chooses to extend the Special Exercise Price for up to another 30 days by filing a notice via a press release, the warrant exercise prices will revert to between \$2 and \$4.

The Company is in the process of mailing a new notice to all warrant holders. The Company stated that one reason it renewed the Special Exercise Price was that the Company’s mailing list had more bad addresses than it had expected and therefore many warrant holders received delayed notice.

The ORhub Business. On June, 30, 2016, the Company acquired all the assets of ORhub, LLC and split-off its existing business. The Company estimates that annually there are 7,000,000 implant based orthopedic and other surgeries and that this number is growing at 6% a year. The Company’s mission is to create a new healthcare IT vertical-specific software category known as Surgical Resource Management. The Company believes it can create, as a byproduct of immediately realized productivity benefits, the world’s largest source of intelligent surgical information – a suite of products to better serve the needs of the healthcare industry, patients, and the government. The ORhub product should enable hospital and vendor cost reductions, enhance accountability, automate implant registries, create real-time advanced analytics, and improve compliance.

About the Company. More information on the purchase transaction, on ORhub’s business, product and the management team can be found on the Company’s updated website at www.orhub.com. The Company currently trades on the Pink Sheets-Current Information Tier under the symbol MREG. Information on the Company, including unaudited financial information is available at OTC Markets under the symbol MREG. The Company is actively pursuing a name change to ORhub, Inc. and an audit for its fiscal year ending June 30, 2016.

MemReg's office is located at 9830 S. 51st Street, Suite A-128, Phoenix, AZ 85044. The Company expects to continue to publish and post its financial information for investors on its web site.

Although the Company believes the expectations reflected in any forward-looking statements are based on reasonable assumptions, it can give no assurances that its expectations will be attained. Such statements are inherently uncertain, and actual results and activities may differ materially from those estimated or projected. Certain factors that can affect the Company's ability to achieve its anticipated results include, among others, uncertainties inherent in the development of a new business and limited capital.
