ULTRAFLIX AWARD WINNING 4K ULTRA HD NETWORK NOW AVAILABLE ON LG

Millions of LG 4K TV Owners Can Now Enjoy the World's Largest 4K Ultra HD Library

SAN JOSE, CA – October 19, 2016 - NanoTech Entertainment (OTCPINK: NTEK) announced today that its award winning UltraFlix 4K Ultra HD Streaming Network, home of over a thousand hours of top Hollywood blockbuster movies, documentaries, TV series, concerts and sports is now available on all LG 4K Ultra HD televisions.

Amongst the great films available on UltraFlix is Filmmaker and LG Spokesman, Francis Ford Coppola's The Godfather. Coppola stated in a recent USA Today interview "The customer is going to have the benefit of getting direct to their home via streaming this cornucopia of programming without having to subscribe to 150 cable stations, most of which they don't want." In further discussing his fascination with OLED technology featured in the LG 4K Ultra HD TV's he added "To me, it's a rebirth of that aesthetic where you have a vivid, compelling picture with clarity because of the spectrum of color"

"We are proud of our teams' accomplishment to make the largest library of 4K Ultra HD content available on a growing list of outstanding platforms. We are very pleased to have LG as our partner and look forward to many years of growth with LG. We hope you enjoy your new LG TV and we hope UltraFlix helps make it a great experience for you". Said Jeffrey Foley, CEO Nanotech Entertainment.

LG Customers can install the native LG WebOS UltraFlix app on their TV's and sign up for a free account today.

About UltraFlix

Offering the world's largest library of 4K Ultra HD content, UltraFlix is a streaming network that enables users to choose from a library of pristine 4K Ultra HD VOD content in a broad range of categories which include hours of free content. UltraFlix has also become the preferred 4K set-top box and Smart TV App for leading 4K Smart TV manufacturers including Samsung, Sony, Vizio, Hisense and others that are in the process of completing their testing and integration. www.UltraFlix.com.

About NanoTech Entertainment

Headquartered in San Jose, CA, the heart of Silicon Valley, NanoTech Entertainment is a technology company that focuses on 4K media procurement, production, processing and delivery. NanoTech's solutions includes the world's first 4K Ultra HD streaming service, which is now found on most major 4K TV and OTT Streaming Devices. Nanotech's 4K Studios creates digital 4K Ultra HD content using both licensed materials as well as original productions. www.NTEK.com.
