On July 20, 2016, Barton Hollow, LLC (“Barton Hollow”), a Nevada limited liability company, and stockholder of the Issuer, filed an Application for Appointment of Custodian pursuant to Section 78.347 of the Act in the District Court for Clark County, Nevada. Barton Hollow was subsequently appointed custodian of the Issuer by Order of the Court on September 19, 2016 (the “Order”). In accordance with the provisions of the Order, Barton Hollow thereafter moved to: (a) reinstate the Issuer with the State of Nevada; (b) provide for the election of interim officers and directors; and (c) call and hold a stockholder meeting. In addition, Barton Hollow, LLC elected Adam S. Tracy as the lone director and officer of the Issuer.

Subsequently, on January 12, 2017, the Custodian, together with the Issuer’s lone director caused the Issuer to enter into a Agreement and Plan of Merger with Life’s Time Capsule Services, LLC, a Delaware limited liability company (the “Merger Agreement”). Concomitant therewith, and as a condition precedent to closing of the contemplated merger transaction, the Custodian and director of the Issuer caused Bernard Findley to be named the Issuer’s sole Director and Officer, at which time Mr. Tracy resigned. Subject to holding a special meeting of the Issuer’s stockholders, Barton Hollow will petition the District Court to discharge the custodianship as soon as is practicable.

The Issuer anticipates the Merger will close in the first quarter of 2017. The Merger is designed as a reverse subsidiary merger pursuant to Section 368(a) (2)(E) of the Internal Revenue Code. That is, upon closing, Life’s Time Capsule Services, LLC, will merge into a newly-created subsidiary of the Issuer, HYRR Acquisition, Inc., with the members

.Life's Time Capsule Services receiving 35,000,000 shares of the common stock of the Issuer as consideration therefor. Upon closing of the Merger, Life's Time Capsule Services, Inc., will be the surviving corporation in its merger with the wholly-owned subsidiary of the Issuer, and therefore has become the wholly-owned operating subsidiary of the Issuer.

4. Issuance History.

As of the date of this Information Statement, there are 88,204,000 (Eighty Eight Million Two Hundred Four Thousand) shares of the Company's common stock issued and outstanding.

During the preceding two (2) years, the Company has issued the following securities.

On September 20, 2016, the Issuer issued 50,000,000 shares of our common stock to Barton Hollow, LLC as consideration for anticipated services rendered and costs associated with the corporation. Subsequently, on November 1, 2016, Barton Hollow transferred those shares to Consolidated 2012 TR LLC, which is controlled by our Chief Executive Officer and Director, Bernard Findley.

5. Describe the Issuer's Business, Products and Services

A. Description of the Issuer's Business Operations

On July 20, 2016, Barton Hollow, LLC ("Barton Hollow"), a Nevada limited liability company, and stockholder of the Issuer, filed an Application for Appointment of Custodian pursuant to Section 78.347 of the Act in the District Court for Clark County, Nevada. Barton Hollow was subsequently appointed custodian of the Issuer by Order of the Court on September 19, 2016 (the "Order"). Prior to the appointment of Custodian, the Issuer did not have substantial operations, with its prior business having been unwound and liquidated. Subsequently, on January 12, 2017, the Custodian, together with the Issuer's lone director caused the Issuer to enter into a Agreement and Plan of Merger with Life's Time Capsule Services, LLC, a Delaware limited liability company (the "Merger Agreement").

Upon completion of the Merger, subject to regulatory approval, the Issuer will assume the business of Life's Time Capsule Services, Inc. (the "Company") The Company is an innovative company positioned in the social media and online data storage space with unique services built to capture, preserve, and share your digital legacy for present and future generations to add to and pass along for centuries into the future. The Company offers a secure personal data storage and social media service that enables you to build a

digital legacy to be passed on to many generations into the future. The Company offers Individual, Family, and Entity Plans, which allow the opportunity to upload and safely store digital images, videos, and voice recordings, personal journal entries and all document types from your desktop or mobile device.

B. Date and State (or Jurisdiction) of Incorporation

The Company was originally incorporated March 19, 2008, in the State of Nevada under the name Hyperera, Inc.

C. The Issuer's Primary SIC Code:

Primary: 7375

D. The Issuers Fiscal Year End

December 31

E. The Issuer's Principal Products or Services, and Their Markets.

Prior to the closing of the merger contemplated in the Merger Agreement, the Company does not have substantial operations. Upon completion of the Merger, should it occur, the Issuer will seek to offer the products and services of Life's Time Capsule Services, Inc.

About Life's Time Capsule Services Inc:

The Company's principal service is providing customers with secure personal data storage and social media service for a lifelong repository for all digital media. The niche that we fill will make a perfect fit for all types of business. Capsule is a conventional business, not using banner ads or news feed to generate revenues, we will receive a higher valuation per Subscriber. The growth of our business could be substantial because the public is tired of having their privacy compromised without their consent. We could capture a small percentage of this lucrative market and receive a billion dollar valuation. We feel a portion of the market is willing to pay for our features, which includes the public/private mix of media dissemination, the ability to share with other social media accounts.

6. Describe the Issuer's Facilities.

We currently lease office space at 3 Simm Lane, Suite 2F, Newtown, CT, 06470. The Company pays \$400 per month pursuant to the terms of a month-to-month lease.

NOTES TO FINANCIAL STATEMENTS

Note 1. Organization, History and Business

Hyperera, Inc. (“the Company”) was incorporated in Nevada on July 12, 2010.

Note 2. Summary of Significant Accounting Policies

Revenue Recognition

Revenue is derived from contracts with our consumers. Revenue is recognized in accordance with ASC 605. As such, the Company identifies performance obligations and recognizes revenue over the period through which the Company satisfies these obligations. Any contracts that by nature cannot be broken down by specific performance criteria will recognize revenue on a straight line basis over the contractual term of period of the contract.

Accounts Receivable

Accounts receivable is reported at the customers’ outstanding balances, less any allowance for doubtful accounts. Interest is not accrued on overdue accounts receivable.

Allowance for Doubtful Accounts

An allowance for doubtful accounts on accounts receivable is charged to operations in amounts sufficient to maintain the allowance for uncollectible accounts at a level management believes is adequate to cover any probable losses. Management determines the adequacy of the allowance based on historical write-off percentages and information collected from individual customers. Accounts receivable are charged off against the allowance when collectability is determined to be permanently impaired.

Stock Based Compensation

When applicable, the Company will account for stock-based payments to employees in accordance with ASC 718, “Stock Compensation” (“ASC 718”). Stock-based payments to employees include grants of stock, grants of stock options and issuance of warrants that are recognized in the consolidated statement of operations based on their fair values at the date of grant.

The Company accounts for stock-based payments to non-employees in accordance with ASC 505-50, “Equity-Based Payments to Non-Employees.” Stock-based payments to non-employees include grants of stock, grants of stock options and issuances of warrants that are recognized in the consolidated statement of operations based on the value of the vested portion of the award over the requisite service period as measured at its then-current fair value as of each financial reporting date.

The Company calculates the fair value of option grants and warrant issuances utilizing the Binomial pricing model. The amount of stock-based compensation recognized during a period is based on the value of the portion of the awards that are ultimately expected to vest. ASC 718 requires forfeitures to be estimated at the time stock options are granted and warrants are issued to employees and non-employees, and revised, if necessary, in subsequent periods if actual forfeitures differ from those estimates. The term “forfeitures” is distinct from “cancellations” or “expirations” and represents only the unvested portion of the surrendered stock option or warrant. The Company estimates forfeiture rates for all unvested awards when calculating the expense for the period. In estimating the forfeiture rate, the Company monitors both stock option and warrant exercises as well as employee termination patterns. The resulting stock-based compensation expense for both employee and non-employee awards is generally recognized on a straight-line basis over the period in which the Company expects to receive the benefit, which is generally the vesting period.

Loss per Share

The Company reports earnings (loss) per share in accordance with ASC Topic 260-10, “Earnings per Share.” Basic earnings (loss) per share is computed by dividing income (loss) available to common shareholders by the weighted average number of common shares available. Diluted earnings (loss) per share is computed similar to basic earnings (loss) per share except that the denominator is increased to include the number of additional common shares that would have been outstanding if the potential common shares had been issued and if the additional common shares were dilutive. Diluted earnings (loss) per share has not been presented since there are no dilutive securities.

Cash and Cash Equivalents

For purpose of the statements of cash flows, the Company considers cash and cash equivalents to include all stable, highly liquid investments with maturities of three months or less.

Concentration of Credit Risk

The Company primarily transacts its business with one financial institution. The amount on deposit in that one institution may from time to time exceed the federally-insured limit.

Depreciation

Equipment is stated at cost less accumulated depreciation. Major improvements are capitalized while minor replacements, maintenance and repairs are charged to current operations. Depreciation is computed by applying the straight-line method over the estimated useful lives, which are generally three to five years.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial

statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Business segments

ASC 280, “*Segment Reporting*” requires use of the “*management approach*” model for segment reporting. The management approach model is based on the way a company’s management organizes segments within the company for making operating decisions and assessing performance. The Company determined it has one operating segment as of March 31, 2016.

Income Taxes

The Company accounts for its income taxes under the provisions of ASC Topic 740, “Income Taxes.” The method of accounting for income taxes under ASC 740 is an asset and liability method. The asset and liability method requires the recognition of deferred tax liabilities and assets for the expected future tax consequences of temporary differences between tax bases and financial reporting bases of other assets and liabilities.

Recent Accounting Pronouncements

The Company continually assesses any new accounting pronouncements to determine their applicability to the Company. Where it is determined that a new accounting pronouncement affects the Company’s financial reporting, the Company undertakes a study to determine the consequence of the change to its financial statements and assures that there are proper controls in place to ascertain that the Company’s financials properly reflect the change. The Company currently does not have any recent accounting pronouncements that they are studying and feel may be applicable.

Note 3. Income Taxes

Deferred income tax assets and liabilities are computed annually for differences between financial statement and tax bases of assets and liabilities that will result in taxable or deductible amounts in the future based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized. Income tax expense is the tax payable or refundable for the period plus or minus the change during the period in deferred tax assets and liabilities.

The effective tax rate on the net loss before income taxes differs from the U.S. statutory rate as follows:

03/31/16

U.S statutory rate	34.00%
Less valuation allowance	-34.00%
Effective tax rate	0.00%

The significant components of deferred tax assets and liabilities are as follows:

03/31/16

Deferred tax assets

Net operating losses	\$	(1,898.00)
Deferred tax liability		
Net deferred tax assets		(1,898.00)
Less valuation allowance		<u>1,898.00</u>
Deferred tax asset - net valuation allowance	\$	<u>0</u>

On an interim basis, the Company has a net operating loss carryover of approximately \$1,898.00 available to offset future income for income tax reporting purposes, which will expire in various years through 2032, if not previously utilized. However, the Company's ability to use the carryover net operating loss may be substantially limited or eliminated pursuant to Internal Revenue Code Section 382.

The Company adopted the provisions of ASC 740-10-50, formerly FIN 48, and "Accounting for Uncertainty in Income Taxes". The Company had no material unrecognized income tax assets or liabilities as of March 31, 2016

The Company's policy regarding income tax interest and penalties is to expense those items as general and administrative expense but to identify them for tax purposes. During the period ending March 31, 2016 there were no income tax, or related interest and penalty items in the income statement, or liabilities on the balance sheet. The Company files income tax returns in the U.S. federal jurisdiction and Nevada state jurisdiction. We are not currently involved in any income tax examinations.

Note 4. Related Party Transactions

None.

Note 5. Stockholders' Equity

Common Stock

The holders of the Company's common stock are entitled to one vote per share of common stock held.

As of March 31, 2016 the Company 88,204,000 shares issued and outstanding.

Note 6. Commitments and Contingencies

Commitments:

The Company currently has no long term commitments as of our balance sheet date.

Contingencies:

None as of our balance sheet date.

Note 7 – Net Income (Loss) Per Share

The following table sets forth the information used to compute basic and diluted net income per share attributable to Hyperera, Inc. for the period ending March 31, 2016.

03/31/2016

Note 8. Notes Payable

Notes payable consist of the following for the periods ended; 03/31/16

Working capital notes with no stated interest rate. Note is payable on demand.	\$ 31,025.00
Total Notes Payable	31,025.00
Less Current Portion	<u>(31,025.00)</u>
Long Term Notes Payable	<u>\$ 0</u>

Note 9. Going Concern

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. Currently, the Company has no operating history and has incurred operating losses, and as of the period ending March 31, 2016 the Company had a working capital deficit and an accumulated deficit.

These factors raise substantial doubt about the Company's ability to continue as a going concern. Management believes that the Company's capital requirements will depend on many factors including the success of the Company's development efforts and its efforts to raise capital. Management also believes the Company needs to raise additional capital for working capital purposes. There is no assurance that such financing will be available in the future. The conditions described above raise substantial doubt about our ability to continue as a going concern. The financial statements of the Company do not include any adjustments relating to the recoverability and classification of recorded assets, or the amounts and classifications of liabilities that might be necessary should the Company be unable to continue as a going concern.

Note 10. Subsequent Events

On September 19, 2016, Barton Hollow, LLC was appointed custodian of the Company by the District Court of Clark County Nevada. Barton Hollow, as custodian, has taken steps to reinstate the corporate charter, call a special meeting of shareholders and appoint interim officers and directors.
