(FORMERLY URANIUM HUNTER CORPORATION)**

Notes to Financial Statements

December 31, 2016

(Unaudited)

(Amounts expressed in US Dollars)

1. Basis of Presentation

Organization:

Resgreen Group International Inc. (the "Company") was incorporated in the State of Nevada on September 4, 2003. The Company was originally incorporated under the name Brownsville Company and changed its name to Uranium Hunter Corporation on February 1, 2007. On June 28, 2016 the Company changed its name to Resgreen Group International Inc.

The Company's new fiscal year end is December 31.

2. Summary of Significant Accounting Policies

Basis of Accounting:

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States. In the opinion of management, these financial statements include all adjustments necessary to make them not misleading. The financial statements have, in management's opinion, been properly prepared within the framework of the significant accounting policies summarized below:

Use of Estimates:

These financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America. Because a precise determination of assets and liabilities, and correspondingly revenues and expenses, depends on future events, the preparation of financial statements for any period necessarily involves the use of estimates and assumption an example being assumptions in valuation of stock options. Actual amounts may differ from these estimates. These financial statements have, in management's opinion, been properly prepared within reasonable limits of materiality and within the framework of the accounting policies.

Net Income(Loss) Per Share:

The Company computes basic and diluted earnings per share amounts in accordance with ASC Topic 260, "Earnings per Share". Basic earnings per share is computed by dividing net income (loss) available to common shareholders by the weighted average number of common shares outstanding during the reporting period. Diluted earnings per share reflects the potential dilution that could occur if stock options and other commitments to issue common stock were exercised or equity awards vest resulting in the issuance of common stock that could share in the earnings of the Company. As of December 31, 2016 and September 30, 2016 respectively, there were no common stock equivalents or options outstanding.

Recently Implemented Standards:

From time to time, new accounting pronouncements are issued by the FASB or other standard setting bodies that are adopted by the Company as of the specified effective date. Unless otherwise discussed, we believe that the impact of recently issued standards that are not yet effective will not have a material impact on our financial position or results of operations upon adoption.

Fair Value of Financial Instruments:

The Company adopted the provisions of Accounting Standards Codification (“ASC”) 820, Fair Value Measurements and Disclosures. ASC 820 clarifies the definition of fair value, prescribes methods for measuring fair value, and establishes a fair value hierarchy to classify the inputs used in measuring fair value as follows:

Level 1-Inputs are unadjusted quoted prices in active markets for identical assets or liabilities available at the measurement date.

Level 2-Inputs are unadjusted quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in markets that are not active, inputs other than quoted prices that are observable and inputs derived from or corroborated by observable market data.

Level 3-Inputs are unobservable inputs which reflect the reporting entity’s own assumptions on what assumptions the market participants would use in pricing the asset or liability based on the best available information.

Foreign Exchange Translation:

The accounts of the Company are accounted for in accordance with the Statement of Financial Accounting Standards No. 52 (“SFAS 52”), “Foreign Currency Translation”. The financial statements of the Company are translated into US dollars as follows: assets and liabilities at year-end exchange rates; income, expenses and cash flows at average exchange rates; and shareholders’ equity at historical exchange rate.

Monetary assets and liabilities, and the related revenue, expense, gain and loss accounts, of the Company are re-measured at year-end exchange rates. Non-monetary assets and liabilities, and the related revenue, expense, gain and loss accounts are re-measured at historical rates. Adjustments which result from the re-measurement of the assets and liabilities of the Company are included in net income.

Stock-Based Compensation

ASC 718 “Compensation – Stock Compensation” prescribes accounting and reporting standards for all share-based payment transactions in which employee services are acquired. Transactions include incurring liabilities, or issuing or offering to issue shares, options, and other equity instruments such as employee stock ownership plans and stock appreciation rights. Share-based payments to employees, including grants of employee stock options, are recognized as compensation expense in the financial statements based on their fair values. That expense is

recognized over the period during which an employee is required to provide services in exchange for the award, known as the requisite service period (usually the vesting period).

The Company accounts for stock-based compensation issued to non-employees and consultants in accordance with the provisions of ASC 505-50, "Equity – Based Payments to Non- Employees." Measurement of share-based payment transactions with non-employees is based on the fair value of whichever is more reliably measurable: (a) the goods or services received; or

(b) the equity instruments issued. The fair value of the share-based payment transaction is determined at the earlier of performance commitment date or performance completion date.

There were no share-based expenses for the period ended December 31, 2016 and the year ended September 30, 2016 respectively.

3. Other Comprehensive Income:

The Company has no material components of other comprehensive income (loss), and accordingly, net income(loss) is equal to comprehensive loss in all periods.

4. Federal Income Taxes:

The Company has made no provision for income taxes because there have been no operations to date causing income for financial statements or tax purposes.

The Financial Accounting Standards Board (FASB) has issued Statement of Financial Accounting Standards Number 109 ("SFAS 109"). "Accounting for Income Taxes", which requires a change from the deferred method to the asset and liability method of accounting for income taxes. Under the asset and liability method, deferred income taxes are recognized for the tax consequences of "temporary differences" by applying enacted statutory tax rates applicable to future years to differences between the financial statement carrying amounts and the tax basis of existing assets and liabilities.

| | |
|-----------------------------------|--------------------|
| Deferred tax assets | |
| Net operating loss carry-forwards | \$ 1,204,184 |
| Valuation allowance | <u>(1,204,184)</u> |
| Net deferred tax assets | <u>\$ 0</u> |

At December 31, 2016, the Company had net operating loss carry forwards of approximately \$1,204,184 for federal income tax purposes. These carry forwards if not utilized to offset taxable income will begin to expire in 2024.

5. Commitments and Contingencies

The Company follows ASC 450-20, Loss Contingencies, to report accounting for contingencies. Liabilities for loss contingencies arising from claims, assessments, litigation, fines and penalties and other sources are recorded when it is probable that a liability has been incurred and the amount of the assessment can be reasonably estimated. There were no commitments or contingencies as of December 31, 2016 and September 30, 2016 respectively.

6. Going Concern

The Company is now a development stage company that is in the process of acquiring a viable business(see Note 7)..

The Company's financial statements are presented on a going concern basis, which contemplates the realization of assets and satisfaction of liabilities in the normal course of business. The Company has no source for operating revenue and expects to incur significant expenses before establishing operating revenue. The Company has a need for equity capital and financing for working capital and acquisition of future businesses. Because of continuing operating losses, negative working capital and cash outflows from operations, the Company's continuance as a going concern is dependent upon its ability to obtain adequate financing and to reach profitable levels of operation. The Company's future success is dependent upon its continued ability to raise sufficient capital, not only to maintain its operating expenses, but to acquire and invest in future business acquisitions. There is no guarantee that such capital will continue to be available on acceptable terms, if at all or if the Company will attain profitable levels of operation. Management's plans to mitigate these conditions are described below.

. At December 31, 2016, the Company had an accumulated deficit of \$1,204,184.

7. Share Capital

On August 8, 2016 the Company received approval from FINRA to affect a reverse stock split of 1 common for every 10,000 shares of issued common stock.

The result of this stock split left the Company with a total of 538,716 shares of common stock issued.

The authorized share capital remained at 6,000,000,000 common shares, par value, \$0.001

8. Cancellation of Contract

On June 1, 2016 The Company signed a Letter of Intent with Resgreen Sky Mall Co., Ltd., a company registered in Hunan, China to execute a Stock Purchase Agreement (or Purchase Agreement) for the acquisition of Resgreen Sky Mall by the Company for consideration in shares of restricted common stock of the Company to be determined at the date of closing. The original closing date of July 15, 2016 was extended to November 15, 2016 in an amendment dated September 13, 2016.

The Company will no longer be pursuing the Stock Purchase Agreement with Resgreen Sky Mall Co., Ltd. at this time and is now looking to pursue other opportunities and acquisitions.

I, Parashar Patel, President hereby certify that I have prepared the accompanying unaudited financial statements and notes hereto, and that these financial statements and accompanying notes present fairly, in all material respects, the financial position of the issuer and the results of its operations and cash flows for the periods presented, in conformity with accounting principles generally accepted in the United States, consistently applied.

/s/Parashar Patel

Parashar Patel, President
