In June, 2014 we issued a total of 400,000 common shares converting \$22,000 in principal amounts of loans and accrued interest.

In July, 2014 we issued a total of 1,013,674,647 common shares converting \$52,809 in principal amounts of loans and accrued interest.

Preferred Stock

On November 29, 2012, the Company filed a Certificate of Designation that authorized the issuance of up to one million (1,000,000) shares of a new series designated "Series A Preferred Stock," and established the rights, preferences and limitations thereof. The Series A Preferred Stock have a stated value of \$100,000 upon issuance, carry voting power equal to 51 percent of the total voting power of all classes of stock, a dividend preference equal to \$0.01 per share, and a conversion option into shares of common stock valued at the time of conversion at 1 million dollars, based on the 5 day trailing average closing price of the Company's common stock. If not already converted, the preferred stock converts automatically five years after issue into shares of common stock valued at the time of conversion at 2 million dollars, based on the 5 day trailing average closing price of the Company's common stock.

5) Financial Statements

The financial statements have been prepared in house for the quarter ended February 28, 2017. These Financial Statements are filed with OTC Markets on their public website and are incorporated herein by reference.

6) Describe the Issuer's Business, Products and Services

A. a description of the issuer's business operations;

We are in the business of operating through wholly-owned subsidiaries to which we provide management, administrative, financial and other support services. We are also actively seeking other related acquisitions in the ISP service provider field, as well as in other market segments where the development time and cost are less and the production of operating revenues can be accelerated

We operated Burgoyne Internet Services, Inc., a regional internet service provider (ISP) and Novation Consulting Services, Inc., an administrative service company as of March 22, 2017.

Burgoyne Internet Services, Inc.

On December 6, 2012, we completed the acquisition of Burgoyne Internet Services, LLC ("Burgoyne"), a Utah limited liability company, with an effective closing date of December 1, 2012. Since the effect of the change of control of the limited liability company under Utah law was a legal dissolution of the old company, the acquisition has been treated as an asset acquisition by Burgoyne Internet Services, Inc., a newly formed Florida corporation and our wholly-owned subsidiary. In addition to the acquisition consideration of \$200,000, the seller, ISP Holdings, LLC, a Utah limited liability company, also agreed to provide \$50,000 in working capital at closing and an additional \$50,000 in working capital if the median dollar value of Novation's trading volume for its common stock for an consecutive 30 day period equals or exceeds \$50,000 during the one year period after closing. The closing was completed on December 6, 2012 on the transfer of the initial \$50,000 in working capital funds, although the acquisition transaction has been treated as closing effective on December 1, 2012 for accounting purposes.

We issued a convertible promissory note to ISP Holdings, Inc. in the principal amount of \$280,000, representing the \$200,000 purchase price for Burgoyne, the initial \$50,000 working capital advance, a \$15,000 original issue discount, and a \$15,000 expense allowance to cover ISP Holding's expenses related to the transaction. The promissory note had a term of 14 months, bears interest at 8 percent, and is convertible into common stock (subject to a maximum holding of 9.9 percent of the total common shares outstanding at any time) at \$0.03 per share. The note is now in default.

Burgoyne provides Internet access, emails, and related services to customers throughout the United States,

primarily in areas where high speed cable and other high speed Internet access services are not readily available. Its web site is at www.burgoyne.com. As a result of this initial ISP acquisition, Novation plans to undertake acquisitions of other regional ISP companies in a national roll-up strategy. We have already identified 5 other regional ISP companies for sale and believe that, with the added infrastructure provided by Novation, the existing operating success can grow and add to the bottom line for Novation.

As part of the transaction, we also executed a Transition Services Agreement with ISP Holdings, LLC under which ISP Holdings will continue to provide administrative services in managing the ISP business of Burgoyne for a period of 9 months from closing, for a nominal fee of the greater of 2 percent of revenues or \$200 per month. Due to the default on the note issued to ISP Holdings, the transition service agreement has continued in place and all revenues from Burgoyne have been applied to the interest and principal due on the note.

Novation Consulting Services, Inc.

Novation Consulting Services, Inc., a Florida corporation, is a wholly-owned subsidiary, and was formed to acquire and operate the assets and financial management consulting business acquired by us in January 2013. Novation Consulting provides administrative, financial, regulatory and legal management services to the Company as well as to other small public and private companies for a fixed monthly management fee.

B. Date and State (or Jurisdiction) of Incorporation:

The Company was organized originally under the laws of the State of Delaware as Stanford Management Ltd., on September 24, 1998, and, effective on October 25, 2012, transferred our place of incorporation from Delaware to Florida and changed our corporate name to Novation Holdings, Inc.
