On February 11, 2016 Barton Hollow, LLC, a Nevada limited liability company, and stockholder of the Issuer, filed an Application for Appointment of Custodian pursuant to Section 78.347 of the Act in the District Court for Clark County, Nevada. Barton Hollow was subsequently appointed custodian of the Issuer by Order of the Court on April 5, 2016 (the "Order"). In accordance with the provisions of the Order, Barton Hollow thereafter moved to: (a) reinstate the Issuer with the State of Nevada; (b) provide for the election of interim officers and directors; and (c) call and hold a stockholder meeting.

On April 1, 2016, Barton Hollow, together with the newly-elected director of the Issuer, caused the Issuer to enter into a Letter of Intent to merge with Cache Cabinetry, LLC, an Arizona limited liability company. Pursuant to the Letter of Intent, the parties thereto would endeavor to arrive at, and enter into, a definitive merger agreement providing for the Merger. As an inducement to the members of Cache Cabinetry, LLC. to enter into the Letter of Intent and thereafter transact, the Issuer caused to be issued to the members 360,000,000 shares of its common stock.

Subsequently, on April 6, 2016, the Issuer and Cache Cabinetry, LLC entered into a definitive Agreement and Plan of Merger (the "Merger Agreement"). Concomitant therewith, the stockholders of the Issuer elected Derrick McWilliams, the President of Cache Cabinetry, LLC, Chief Executive Officer of the Issuer, who, along with Barton Hollow, ratified and approved the Merger Agreement and Merger.

The Merger will closed on June 3rd 2016. The Merger is designed as a reverse subsidiary merger pursuant to Section 368(a)(2)(E) of the Internal Revenue Code. That is, upon closing, Cache Cabinetry, LLC. will merge into a newly created subsidiary of the Issuer with the members of Cache Cabinetry, LLC receiving shares of the common stock of the Issuer as consideration therefor. Upon closing of the Merger, Cache Cabinetry, LLC. will be the surviving corporation in its merger with the

wholly-owned subsidiary of the Issuer, therefore has become the wholly-owned operating subsidiary of the Issuer.

4. Issuance History.

As of the date of this Information Statement, there are 388,307,831 shares of the Company's common stock issued and outstanding.

During the preceding two (2) years, the Company has issued the following securities:

On April 6, 2016, we issued 250,000,000 shares of our common stock to Derrick McWilliams, our Chief Executive Officer, pursuant to the Letter of Intent dated April 1, 2016.
On April 6, 2016, we issued 110,000,000 shares of our common stock to Rhonda Colombo, pursuant to the Letter of Intent dated April 1, 2016. Rhonda Colombo is a Director of the Issuer.
On October 1, 2016 the Company issued 18,800,000 shares of common stock to pay down 4,700.00 in debt from note payable May 15, 2012
On March 27th, 2017 the company issued 1,650,000 shares of common to PR firm.

Note 1. Organization, History and Business

Cache Elite, Inc. ("Cache Elite"), was incorporated as Superior Venture Corp. on April 27, 2010, in the State of Nevada for the purpose of selling wine varietals. On November 9, 2012, Cache Elite entered into an exchange agreement with Ilustrato Pictures Ltd., a British Columbia corporation ("Ilustrato BC"), whereby Cache Elite acquired all of the issued and outstanding common stock of Ilustrato BC. On November 30, 2012, Ilustrato BC transferred all of its assets and liabilities to Ilustrato Pictures Limited, a wholly owned subsidiary in Hong Kong ("Ilustrato HK") and the company name was changed from Superior Venture Corp. to Ilustrato Pictures International, Inc.

On February 11, 2016 Barton Hollow, LLC, a Nevada limited liability company, and stockholder of Cache Elite, filed an application for appointment of custodian pursuant to Section 78.347 of the Act in the District Court for Clark County, Nevada. Barton Hollow was subsequently appointed custodian of the Cache Elite by order of the court on April 5, 2016 (the "Order"). In accordance with the provisions of the Order, Barton Hollow thereafter moved to: (a) reinstate the Issuer with the State of Nevada; (b) provide for the election of interim officers and directors; and (c) call and hold a stockholder meeting.

On April 1, 2016, Barton Hollow, together with the newly-elected director of the Cache Elite, caused Cache Elite to enter into a Letter of Intent to merge with Cache Cabinetry, LLC, an Arizona limited liability company organized on February 6, 2012 for the purpose of designing and selling custom cabinetry and hardware. Pursuant to the Letter of Intent, the parties thereto would endeavor to arrive at, and enter into, a definitive merger agreement providing for the Merger. As an inducement to the members of Cache Cabinetry, LLC. to enter into the Letter of Intent and thereafter transact, the Issuer caused to be issued to the members of Cache Cabinetry LLC, 360,000,000 shares of its common stock.

On June 3, 2016 Cache Cabinetry LLC merged with ILUS Acquisition Inc. (a Nevada corporation and wholly owned subsidiary of Cache Elite). The Merger is designed as a reverse subsidiary merger pursuant to Section 368(a)(2)(E) of the Internal Revenue Code. Upon closing of the Merger, Cache Cabinetry, LLC. was the surviving corporation in its merger with the wholly-owned subsidiary of the Cache Elite, therefore has become the wholly-owned operating subsidiary of the Cache Elite. On June 15, 2016 the company name was changed from Ilustrato Pictures International, Inc. to Cache Elite Inc. with the State of Nevada and Cache Elite is currently awaiting approval of the name change from the Financial Industry Regulatory Authority.

Cache Elite and its subsidiary Cache Cabinetry LLC are collectively referred to as "the Company" throughout the notes to the consolidated financial statements.

Note 2. Summary of Significant Accounting Policies

Revenue Recognition

The Company applies paragraph 605-10-S99-1 of the FASB Accounting Standards Codification for revenue recognition. The Company recognizes revenue when it is realized or realizable and earned. The Company considers revenue realized or realizable and earned when all of the following criteria are met: (i) persuasive evidence of an arrangement exists, (ii) the sales price is fixed or determinable, (iii) collectability is reasonably assured and (iv) goods have been shipped and/or services rendered.

Accounts Receivable

Accounts receivable is reported at the customers' outstanding balances, less any allowance for doubtful accounts. Interest is not accrued on overdue accounts receivable.

Allowance for Doubtful Accounts

An allowance for doubtful accounts on accounts receivable is charged to operations in amounts sufficient to maintain the allowance for uncollectible accounts at a level management believes is adequate to cover any probable losses. Management determines the adequacy of the allowance based on historical write-off percentages and information collected from individual customers. Accounts receivable are charged off against the allowance when collectability is determined to be permanently impaired.

Stock Based Compensation

When applicable, the Company will account for stock-based payments to employees in accordance with ASC 718, "Stock Compensation" ("ASC 718"). Stock-based payments to employees include grants of stock, grants of stock options and issuance of warrants that are recognized in the consolidated statement of operations based on their fair values at the date of grant.

The Company accounts for stock-based payments to non-employees in accordance with ASC 505-50, "Equity-Based Payments to Non-Employees." Stock-based payments to non-employees include grants of stock, grants of stock options and issuances of warrants that are recognized in the consolidated statement of operations based on the value of the vested portion of the award over the requisite service period as measured at its then-current fair value as of each financial reporting date.

The Company calculates the fair value of option grants and warrant issuances utilizing the Binomial pricing model. The amount of stock-based compensation recognized during a period is based on the value of the portion of the awards that are ultimately expected to vest. ASC 718 requires forfeitures to be estimated at the time stock options are granted and warrants are issued to employees and non-employees, and revised, if necessary, in subsequent periods if actual forfeitures differ from those estimates. The term "forfeitures" is distinct from "cancellations" or "expirations" and represents only the unvested portion of the surrendered stock option or warrant. The Company estimates forfeiture rates for all unvested awards when calculating the expense for the period. In estimating the forfeiture rate, the Company monitors both stock option and warrant exercises as well as employee termination patterns. The resulting stock-based compensation expense for both employee and non-employee awards is generally recognized on a straight-line basis over the period in which the Company expects to receive the benefit, which is generally the vesting period.

Earnings (Loss) per Share

The Company reports earnings (loss) per share in accordance with ASC Topic 260-10, "Earnings per Share." Basic earnings (loss) per share is computed by dividing income (loss) available to shareholders' by the weighted average number of shares available. Diluted earnings (loss) per share is computed similar to basic earnings (loss) per share except that the denominator is increased to include the number of additional shares that would have been outstanding if the potential shares had been issued and if the additional shares were dilutive. Diluted earnings (loss) per share has not been presented since there are no dilutive securities.

Organization and Offering Cost

The Company has a policy to expense organization and offering cost as incurred. To date for period February 6, 2012 (inception) through March 31, 2017 the Company has incurred $22,268 in organization cost and offering cost.

Cash and Cash Equivalents

For purpose of the statements of cash flows, the Company considers cash and cash equivalents to include all stable, highly liquid investments with maturities of three months or less.

Fair Value Measurement

The Company adopted Accounting Standards Codification ("ASC") Topic 820, Fair Value Measurements and Disclosures, for assets and liabilities measured at fair value on a recurring basis. ASC 820 established a common definition of fair value to be applied to existing GAAP that require the use of fair value measurements, established a framework for measuring fair value and expanded disclosure about such fair value measurements. The adoption of ASC 820 did not have an impact on the Company's financial position or operating results, but did expand certain disclosures.

ASC 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Additionally, ASC 820 requires the use of valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. These inputs are prioritized below:

Level 1: Quotes market prices in active markets for identical assets or liabilities.

Level 2: Observable market based inputs or unobservable inputs that were corroborated by market data.

Level 3: Unobservable inputs that were not corroborated by market data.

The Company did not have any Level 2 or Level 3 assets or liabilities as of March 31, 2017. In addition, the Company did not have any transfers of assets and liabilities between Levels 1, 2 and 3 during the quarter ending March 31, 2017.

The Company discloses the estimated fair values for all financial instruments for which it is practicable to estimate fair value. As of March 31, 2017, the fair value short-term financial instruments including cash and cash equivalents, receivables, and accounts payable and accrued expenses, approximates book value due to their short-term duration.

Cash and cash equivalents include money market securities that are considered to be highly liquid and easily tradable. These securities are valued using inputs observable in active markets for identical securities and are therefore classified as Level 1 within the fair value hierarchy.

In addition, the Financial Accounting Standards Board ("FASB") issued, "The Fair Value Option for Financial Assets and Financial Liabilities," effective for January 1, 2008. This guidance expands opportunities to use fair value measurements in financial reporting and permits entities to choose to measure many financial instruments and certain other items at fair value. The Company did not elect the fair value option for any of its qualifying financial instruments. The FASB has established a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include: Level 1, defined as observable inputs such as quoted prices in active markets; Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and Level 3 assets and liabilities, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions.

The following items are measured at fair value on a recurring basis as of March 31, 2017 and are classified as Level 1, 2, or 3:

	March 31, 2017	Level 1	Level 2	Level 3
Cash and cash equivalents	$ 34,209	$ 34,209		
Total	$ 34,209	$ 34,209		

Concentration of Credit Risk

The Company primarily transacts its business with one financial institution. The amount on deposit in that one institution may from time to time exceed the federally-insured limit.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Business segments

ASC 280, *"Segment Reporting"* requires use of the *"management approach"* model for segment reporting. The management approach model is based on the way a company's management organizes segments within the company for making operating decisions and assessing performance. The Company determined it has one operating segment as of March 31, 2017.

Income Taxes

The Company accounts for income tax positions in accordance with Accounting Standards Codification Topic 740, "Income Taxes" ("ASC Topic 740"). This standard prescribes a recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. There was no material impact on the Company's financial position or results of operations as a result of the application of this standard.

Sales Tax

The Company collects and remits sales tax to Arizona State based on applicable rates for the respective tax years. The Company collected approximately $14,558 during the quarter ended March 31, 2017. Sales tax is included in Selling, General, & Administrative expenses in the accompanying financial statements.

Leases

The Company accounts for leases with escalation clauses and rent holidays on a straight-line basis in accordance with Accounting Standards Codification (ASC) 840, "Leases". The deferred rent expense liability associated with future lease commitments was reported under the caption "Other long term obligations" on our consolidated balance sheet.

Recent Accounting Pronouncements

The Company continually assesses any new accounting pronouncements to determine their applicability to the Company. Where it is determined that a new accounting pronouncement affects the Company's financial reporting, the Company undertakes a study to determine the consequence of the change to its financial statements and assures that there are proper controls in place to ascertain that the Company's financials properly reflect the change. The Company currently does not have any recent accounting pronouncements that they are studying and feel may be applicable.

Note 3. Income Taxes

The Company has not recognized any deferred tax assets in association with capital losses incurred from marketable equity securities transactions, due to tax limitations and uncertainties concerning its ability to generate taxable income in future periods. The tax benefit for the periods presented is offset by a valuation

allowance (100%) established against deferred tax assets arising from the securities capital losses and other temporary differences, the realization of which could not be considered more likely than not. In future periods, tax benefits and related deferred tax assets will be recognized when management considers realization of such amounts to be more likely than not.

The income tax benefits and deferred tax assets as of March 31, 2017 are as follows:

	March 31, 2017
Income tax provision (benefit) at statutory rate	$ (382,898)
Change in allowance	382,898
Deferred tax assets	-

Note 4. Operating Expenses

Operating expenses for the periods indicated below consisted of the following:

Total Operating Expenses:	March 31, 2017
Salaries and Benefits	$ 55,000
Rent Expense	18,000
Selling, General and Administrative	290,036
Total	$ 363,036

Note 5. Property, Plant, & Equipment

Property, Plant, & Equipment consists of all materials and labor costs associated with the build out of the Company's office and showrooms. The Company completed the build out in January 2015 at which point the Company began depreciating Property, Plant, & Equipment. Depreciation will be over the remaining term of the leases.

Note 6. Notes Payable

As a result of the Order referenced in Note 1, the Company owes $36,850 to a third party, the funds are payable on demand and there is no interest. The principal balance was $36,850 at March 31, 2017.

The Company borrowed $3,700 on December 20, 2013, the funds are due on December 20, 2014 and the interest rate is 9% per year. The principal balance was $3,700 at March 31, 2017.

The Company borrowed $9,600 on August 20, 2015, the funds are due on August 20, 2016 and the interest rate is 9% per year. The principal balance was $9,600 at March 31, 2017.

Note 12. Going Concern

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. Currently, the Company has incurred operating losses, and as of March 31, 2017 the Company also had a working capital deficit and an accumulated deficit. These factors raise substantial doubt about the Company's ability to continue as a going concern. Management believes that the Company's capital requirements will depend on many factors including the success of the Company's development efforts and its efforts to raise capital. Management also believes the Company needs to raise additional capital for working capital purposes. There is no assurance that such financing will be available in the future. The conditions described above raise substantial doubt about our ability to continue as a going concern. The financial statements of the Company do not include any adjustments relating to the recoverability and classification of recorded assets, or the amounts and classifications of liabilities that might be necessary should the Company be unable to continue as a going concern.

Note 13. Subsequent Events

The Company evaluated subsequent events through May 17, 2017. As of May 17, 2017, the Company does not have any material subsequent events other than the following:

In April 2017, the Company entered into negotiations to purchase an Online Travel Agency which has generated over $60M in revenue to date. The Company anticipates it will enter into a definitive agreement in the third quarter of 2017, whereby it will purchase the agency for a combination of cash and stock.
