LUCKY MINERALS INC.

NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS

March 31, 2017

(Unaudited, expressed in Canadian dollars)

1. NATURE AND CONTINUANCE OF OPERATIONS

Lucky Minerals Inc. (the “Company”) was incorporated under the Business Corporations Act of British Columbia on May 7, 2007 for the purpose of acquiring and exploring mineral property interests. The Company is trading on the TSX Venture Exchange (the “Exchange”) under the symbol “LJ”, and on the Frankfurt Stock Exchange. The head office, principal address and records office of the Company are located at Suite 202, 905 West Broadway, Vancouver, British Columbia, Canada, V5Z 4M3.

These financial statements have been prepared on the assumption that the Company will continue as a going concern, meaning it will continue in operation for the foreseeable future and will be able to realize assets and discharge liabilities in the ordinary course of operations. Different bases of measurement may be appropriate if the Company is not expected to continue operations for the foreseeable future.

As at March 31, 2017, the Company had not advanced its exploration and evaluation assets to commercial production and is not able to finance day-to-day activities through operations. The Company’s continuation as a going concern is dependent upon the successful results from its mineral property exploration activities and its ability to attain profitable operations and generate funds therefrom and/or raise equity capital or borrowings sufficient to meet current and future obligations. These factors indicate the existence of a material uncertainty that may cast significant doubt about the Company’s ability to continue as a going concern. Management intends to finance operating costs over the next twelve months with loans from directors and companies controlled by directors and/or private placement of common shares.

These financial statements were approved and authorized for use by the Board of Directors on May 30, 2017.

2. STATEMENT OF COMPLIANCE

These condensed interim consolidated financial statements have been prepared in accordance with International Accounting Standards (“IAS”) 34 *Interim Financial Reporting* and should be read in conjunction with the annual consolidated financial statements for the year ended September 30, 2016, which have been prepared in accordance with International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board (“IASB”).

March 31, 2017

(Unaudited, expressed in Canadian dollars)

3. BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES**Basis of Preparation**

The consolidated financial statements of the Company have been prepared on an accrual basis and are based on historical costs, modified where applicable. The financial statements are presented in Canadian dollars unless otherwise noted.

Basis of Consolidation

These consolidated financial statements include the accounts of the Company and its wholly-owned subsidiary, Lucky Minerals (Montana) Inc., incorporated on May 30, 2014 in the state of Montana, USA.

Intercompany balances and transactions, including unrealized income and expenses arising from intercompany transactions, are eliminated upon consolidation.

Significant Estimates and Assumptions

The preparation of these financial statements requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, profit and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and further periods if it affects both current and future periods.

Estimates and assumptions where there is significant risk of material adjustments to assets and liabilities in future accounting periods include the recoverability and measurement of deferred tax assets, and provisions for restoration and environmental obligations.

3. BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

(Continued)

Significant Judgments

The preparation of these financial statements in accordance with IFRS requires the Company to make judgments, apart from those involving estimates, in applying accounting policies. The most significant judgments in applying the Company's financial statements include:

- the assessment of the Company's ability to continue as a going concern and whether there are events or conditions that may give rise to significant uncertainty; and
- the classification of expenditures as exploration and evaluation expenditures or operating expenses.

* The payment of \$30,000 due on November 1, 2016 was renegotiated between the parties as follows:

- \$5,000 due November 17, 2016 (paid);
- \$25,000 due April 15, 2017.

In March 2017, the Company issued 50,030 common shares as compensation to the optionor for the April extension. In April 2017, the Company paid the \$25,000 due.

The Company will pay a late charge of 5% for any payment, which is not paid within 15 days of its due date.

The optionor will retain a 3% NSR. The Company may acquire 2% of the NSR by paying a one-time sum of USD \$5,000,000 within 12 months of commercial production. The Company may acquire the remaining 1% of the NSR by paying a one-time sum of USD \$2,500,000 within 24 months of commercial production.
