Kimberly Parry Organics, Corp
Notes to Financial Statements
For the Nine Months Ended May 31, 2017
(unaudited)

## NOTE 1: ORGANIZATION AND OPERATIONS

Kimberly Parry Organics Corp. located in Saint George, Utah was incorporated, on June 27, 2006, in the State of Nevada, as Easy CD Yearbook, Inc.; became VizStar, Inc. and in April, 2014 changed its name to Kimberly Parry Organics Corp. Although, in the past, the Company has been engaged in several different businesses, with the acquisition of 60% of KP Products, Inc., its management, and manufacturing facilities, converted the focus to a business plan that includes the acquisition of companies and products in the organic cosmetic, wellness and skincare space. Pal Business Holdings, Inc, was acquired on September 1, 2016 to replace KP Products, Inc as the operating facility. Kimberly Parry Organics Corp., is focused on the manufacture of its own product lines and on the acquisition of companies that are USDA Certified Organic and possessing both patents and product distribution.

## NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Basis of Presentation

The accompanying unaudited interim financial statements of Kimberly Parry Organics, Inc. have been prepared in accordance with accounting principles generally accepted in the United States of America and the rules of the Securities and Exchange Commission, and should be read in conjunction with the unaudited financial statements and notes thereto for the period ended August 31, 2016 contained in the Company's OTC disclosure statement originally posted on OTC Markets on February 14, 2017. In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of financial position and the results of operations for the interim periods presented have been reflected herein. The results of operations for the interim periods are not necessarily indicative of the results to be expected for the full year. Notes to the financial statements which would substantially duplicate the disclosure contained in the unaudited financial statements for the period ended August 31, 2016 as posted on the OTC Markets Disclosure Report.

### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### Year-End

The Company has selected August 31 as its year end.

Transfers of Non-monetary Assets by Stockholders - The Company records transfers of nonmonetary assets to the Company by stockholders in exchange for common stock at the stockholders' historical cost basis determined in conformity with generally accepted accounting principles in the United States of America.

### Cash and Cash Equivalents

Cash and cash equivalents consist primarily of cash on deposit, certificates of deposit, money market accounts, and investment grade commercial paper that are readily convertible into cash and purchased with original maturities of three months or less.

The Company maintains cash balances at institutions that are insured by the Federal Deposit Insurance Corporation. As of May 31, 2017 and August 31, 2016 no amounts were in excess of the federally insured program.

Accounts Receivable

Accounts receivable are stated at the amount management expects to collect from outstanding balances. An allowance for doubtful accounts is provided for those accounts receivable considered to be uncollectable based on historical experience and management's evaluation of outstanding accounts receivable at the end of the period. Bad debts are written off against the allowance when identified. The Company determined that no allowance was required at May 31, 2017 and August 31, 2016.

.Prepaid Expenses

Prepaid expenses consist primarily of short-term prepaid expenditures that will amortize within one year.

Inventory

As at May 31, 2017 and August 31, 2016 the company had $258,382 and $227,571 respectively, worth of inventory, valued on an average cost basis. The inventory is reviewed at least quarterly and adjusted for obsolescence and discrepancies.

Property and Equipment - Property and equipment are stated at cost less accumulated depreciation. Expenditures for property acquisitions, development, construction, improvements and major renewals are capitalized. The cost of repairs and maintenance is expensed as incurred. Depreciation is provided on the straight-line method over the estimated useful lives of the assets. Upon sale or other disposition of a depreciable asset, the cost and accumulated depreciation are removed from property and equipment and any gain or loss is reflected as a gain or loss from operations.

The estimated useful lives are:

| | |
|---|---|
| Furniture and fixtures | 3-5 years |
| Computers and Web Sites | 3 years |

Impairment of Long-Lived Assets

The Company will evaluate the recoverability of its long-lived assets as they are acquired and if circumstances indicate impairment is required it will be recorded based on the results of the analysis. This analysis is performed by comparing the respective carrying values of the assets to the current and expected future cash flows, on an undiscounted basis, to be generated from such assets. The Company evaluated its long-lived assets and determined, upon its move to St. George, to impair their value by $290,653.

Website Development - The Company expenses the costs associated with the maintenance of its website.

Revenue Recognition

The Company will derive revenue from the sale of products and services. Revenue will be recognized when it is realized and earned.

.The Company will meet all of the following four criteria in order to recognize revenue:

- Persuasive evidence of an arrangement exists
- Delivery has occurred
- The sales price is fixed or determinable

- Collection is reasonably assured

Payments received in advance of satisfaction of the relevant criteria for revenue recognition are recorded as advances from customers.

Share-based Compensation

The Company recognizes share-based compensation, including stock option grants, warrants and restricted stock grants at their fair value on the grant date. Share based payment awards issued to non-employees for services rendered are recorded at either the fair value of the services rendered or the fair value of the share-based payment, whichever is more readily determinable. Compensation expense is generally recognized on a straight-line basis over the vesting period.

Earnings (Loss) per Share

Basic earnings (loss) per share is computed by dividing net income (loss) by the weighted average number of shares of common stock outstanding during each period. Diluted earnings (loss) per share is computed by dividing net income (loss), adjusted for changes in income or loss that resulted from the assumed conversion of convertible shares, by the weighted average number of shares of common stock, common stock equivalents and potentially dilutive securities outstanding during the period.

The computation of basic and diluted loss per share for the periods presented is equivalent since the Company has had continuing losses. The Company had no common stock equivalents as of May 31, 2017 and August 31, 2016.

**NOTE 3: GOING CONCERN**

The accompanying unaudited financial statements have been prepared on a going concern basis which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. As shown in the financial statements, during the nine months ended May 31, 2017, the Company incurred a net loss of $1,771,756 which included a non-cash write off of $1,515,303 regarding the disposition of an asset. The Company is reliant on existing shareholders or unrelated parties to provide the necessary funds to support operations.

The financial statements do not include any adjustment relating to the recoverability and classification of liabilities that might be necessary should the Company be unable to continue as a going concern and

is taking action to provide the necessary capital to continue its operations. These steps include, but are not limited to: 1) focus on sales to minimize the need for capital at this stage; 2) converting part of the outstanding accounts payable to equity; 3) raising equity financing; 4) continuous focus on reductions in cost where possible.

**NOTE 4: PROPERTY AND EQUIPMENT**

Property and equipment consist of the following:

| | May 31 2017 | August 31 2016 |
|---|---|---|
| Office furniture | $ 19,358 | $ 19,358 |
| Manufacturing equipment | 26,691 | 24,691 |
