## Notes to Condensed Financial Statements (Unaudited)

1. The condensed financial statements of Bowlin Travel Centers, Inc. (the "Company") as of and for the three months and six months ended July 2017 and 2016 are unaudited and reflect all adjustments (consisting only of normal recurring adjustments) which are, in the opinion of management, necessary for a fair presentation of the financial position, operating results and cash flows for the interim periods. The interim financial statements should be read in conjunction with the audited financial statements and notes for the fiscal year ended January 31, 2017. Results of operations for interim periods are not necessarily indicative of results that may be expected for the fiscal year as a whole.

2. The Company continues to list for sale property located in Edgewood, New Mexico.

The property has been identified as a component as defined in FASB ASC 205-20-45 – Accounting for Impairment or Disposal of Long-Lived Assets (as amended). The carrying value of the property of approximately \$487,000 has been reclassified as assets held for sale in the July 31, 2017 and in the January 31, 2017 balance sheets. On March 22, 2017, the Company entered into a purchase agreement to sell the property with an expected closing date in July 2017. On June 15, 2017 the buyer elected to terminate the purchase agreement.

3. In September 2016, the Board of Directors voted to continue the stock repurchase program that began in September 2008, whereby up to 1,000,000 shares of its common stock outstanding may be repurchased in the open market or in privately negotiated purchases from time to time, depending on market conditions and other factors. The purchases will be funded from available working capital and will be made in accordance with applicable securities laws and regulations.

The Company repurchased 9,606 of its outstanding common shares for the six months ended July 31, 2017 at an average price per share of approximately \$2.02 for a total repurchase of approximately \$19,372. The common stock issued and outstanding was reduced by 9,606 shares or \$10 (9,606 shares times the par value of \$0.001), and additional paid in capital was reduced by \$19,362. The reduction in shares issued and outstanding and additional paid in capital is reflected in the accompanying balance sheet.

4. Extraordinary item. In March 2017, the Company sold three cell tower leases and easements located in Luna County, New Mexico to Global Signal Acquisitions IV LLC for \$300,479 cash, which is reflected in income as an extraordinary item net of income tax expense.

5. Subsequent event. The Company renewed its retail supply agreement with Arizona Fuel Distributors, LLC to purchase Shell brand fuels for the Company's three Arizona retail locations. The company will pay the rack price plus freight. The retail supply agreement is for a period of ten years beginning on August 22, 2017 and will continue on a month to month basis until the parties either execute a new agreement or Arizona Fuel Distributor, LLC terminates the agreement. There are no minimum or maximum gallon purchase requirements for the Company.
