The final step will be for the company to post an attorney opinion letter for the financial data.

Graffiti has acquired assets from Inqubus, Inc. that included 67 Apple IOS games/applications and 27 Android games/applications. For 2016, Graffiti Entertainment, Inc. had gross revenues of \$3,758.00 for just one application that it held the rights to. Management believes that the general expenses for the company will remain stable at around \$7,685.00 per year and around \$50,000.00 in development expenses. Graffiti is also adding its own advertising system to the applications and will also offer the advertising system to other developers, website owners and advertisers. Management has estimated gross revenues from advertising in 2017 and 2018 to be \$1,380,000 and \$3,140,000 respectively.

Innovo Technology, Inc. was formed as part of a non-bankruptcy triangular reorganization and contemporaneous share exchange. This allows the company to acquire four Internet of Things (IoT) companies and execute on becoming PS Current, which is part of the terms for the acquisition.

Management's preliminary projections for 2017 and 2018 for the 4 IoT companies that exist under the Innovo Technology, Inc. umbrella are estimated to be \$3,050,000.00 and \$14,100,000.00 respectively.
