

## **ABC ENERGY, INC. ANNOUNCES COMPLETION OF FIVE ARIZONA COMMERCIAL PROJECTS**

ABC Energy, Inc. Tucson, Arizona February 15, 2017. ABC Energy, Inc. announced the completion of a series of commercial project commissioned by a Tucson, Arizona multiple ownership group for projects located at self-storage facilities. All of these projects are located in Tucson and Phoenix, Arizona and were announced at their starting date nearly nine months ago. Due to permitting problems, these difficult projects extended over three reporting periods. The entire system consisted of 238,080 kilowatts of DC power installed ( $\frac{1}{4}$  megawatt) and over 30,996 square feet of shaded parking for RV vehicles. The entire set of projects were sold for \$995,866 and was reported in income over the last year.

“This project is our landmark accomplishment in our growth cycle for commercial development,” stated Charles O’Dowd, President of ABC Energy, Inc., “and it marks our latest corporate accomplishment to building our company sales in this difficult commercial arena. Commercial solar has always been difficult to both sell and develop and our company has been growing toward this goal since our founding. We believe we will see many more of these projects in the coming months and we have several large contracts that we are negotiating at this time.”

**All of these solar facilities are located in different cities and producing power for the owners. They are also reducing the carbon and pollution in the world. ABCO Energy is dedicated to providing alternative energy solutions for the planet.**

ABC Energy, Inc. is an Arizona licensed contractor for sales and installation of Photovoltaic Solar Systems, Solar Street Lighting and installation of LED and energy conservation lighting systems in their markets. ABCO provides products and services to residential, commercial, government and non-profit entities in all their markets.
