### **Expanding and Growing**

To All Shareholders: Woburn / 23 May, 2017.

We are pleased to announce that due to our recent sales successes and a very strong sales pipeline for the remainder of 2017, our subsidiary Reflective Solutions are committed to the expansion of its technical support, technical consulting and development team. We have signed an agreement to take on additional office space in order to accommodate this expansion, and have already appointed 2 new technical consultants who have undergone full training and are already delivering services to our clients. We are also actively further recruiting 2 additional technical consultants and a technical project coordinator, all of which we hope to have in place by 1<sup>st</sup> August 2017.

It is very important that we continue to ensure we have the resources trained and available to deliver our technical services to our growing list of clients across US, Europe and Asia as we move into our next phase of growth and company development.

We are very excited about the future and glad you can be part of it.
