# **PDX Partners, Inc. Lowers authorized shares from 10,000,000,000 to 3,040,000,000 *Enhances Net Stock Holder Equity***

(Irvine, California, June 20, 2017)

PDX Partners, Inc. ("PDXP") (OTC: PDXP) a marketing and diversified holdings company, announces that the board has recently amended the company's Articles of Incorporation with the State of Wyoming to reflect a substantial reduction of authorized shares in the amount of 6,960,000,000 shares. Said CEO Patrick Johnson: "As we continue to implement strategies to further reducing the companies debt, the game plan will be to further decrease the number of shares authorized as we believe a low number of authorized shares will allow us to sustain a good stock price and build a solid market cap for the company in the long term."

### ABOUT PDX PARTNERS, INC.

PDX Partners, Inc. (OTC: PDXP) is a marketing and diversified holdings company dedicated to creating stable revenues and shareholder value by marketing technologies and acquiring other diversified long term growth assets. The company was founded in 1997.

### Safe Harbor Statement

This release includes "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E and/or 27E of the Securities Exchange Act of 1934 that are based upon assumptions that in the future may prove not to have been accurate and are subject to significant risks and uncertainties, including statements as to the future performance of the company and the risks and uncertainties detailed from time to time in reports filed by the company with the Securities and Exchange Commission. Statements contained in this release that are not historical facts may be deemed to be forward-looking statements. Investors are cautioned that forward-looking statements are inherently uncertain. Although the company believes that the expectations reflected in its forward-looking statements are reasonable, it can give no assurance that such expectations or any of its forward-looking statements will prove to be correct. Factors that could cause results to differ include, but are not limited to, the company's ability to raise necessary financing, retention of key personnel, timely delivery of inventory from the company's suppliers, timely product development, product acceptance, and the impact of competitive services and products, in addition to general economic risks and uncertainties.
