

**COM-GUARD, INC. ANNOUNCES ITS USE OF SOCIAL MEDIA AND REITERATES ITS STRATEGY FOR THE CURRENT FISCAL YEAR 2018.**

**Encinitas, California—October 25, 2017**—Com-Guard.com, Inc. (CGUD.pk), the technology company that has been designing and developing security applications for over 15 years has announced its Social Media Policy to its Shareholders and the Investment Community.

Com Guard, Inc is announcing today that it will be using Twitter and has implemented and will be using a Facebook Page. The Company will be using Social Media to communicate with its Shareholders and the Investment Community, said Dr. Edward W. Savarese, its Chief Executive Officer. Com-Guard, Inc. has been developing software in the security and data protection markets for over 15 years and has a tremendous amount of experience in software development and applications. We look forward to using that expertise to start to use the tools of Social Media to communicate with our Shareholders and the Investment Community. The Securities and Exchange Commission issued on April 2, 2013, released the following: “The Securities and Exchange Commission today issued a report that makes clear that companies can use social media outlets like Facebook and Twitter to announce key information in compliance with Regulation Fair Disclosure (Regulation FD) so long as investors have been alerted about which social media will be used to disseminate such information.” The Company will be updating its Investors and the Investment Community as it increases its use of Social Media platforms.

As stated previously, "We are looking into the development of secure mobile software for protecting and presenting data. Com-Guard, Inc. has been developing software in the security and data protection markets for over 15 years and we look forward to expanding that expertise into the mobile platform market and presentation markets. The company has a software developer's license from Apple and the software tools for the Android platform”, said Dr. Edward W. Savarese, CEO of Com-Guard, Inc.

Com-Guard, Inc. has been focusing on three different markets segments using its software development expertise.

1. Security Applications – Using its award winning, ComputerSafe®, FileCrypt™ software the Company will continue improve its applications for encrypting files on the Apple, Android and Windows® mobile platforms.
2. Tracker Applications – The Company has launched in the past an application on the Apple App store called “Missed Call Tracker”. Tracking users and data is becoming more important to everyone.

3. Secure Printing – The Company is investigating the issues related to secure mobile printing and intends to pursue designing or licensing products in this market space.

The App and Play Stores are proven models for distributing mobile software applications.
