## **PART I FINANCIAL INFORMATION**

### **ITEM 1. Financial Statements**

Consolidated financial statements are set forth in this Report beginning at page F-1 and are incorporated by reference into this Item.

### **ITEM 2. Nature of Business**

The information in this report contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. This Act provides a “safe harbor” for forward-looking statements to encourage companies to provide prospective information about themselves so long as they identify these statements as forward looking and provide meaningful cautionary statements identifying important factors that could cause actual results to differ from the projected results. All statements other than statements of historical fact made in this report are forward looking. In particular, the statements herein regarding industry prospects and future results of operations or financial position are forward-looking statements. Forward-looking statements reflect management’s current expectations and are inherently uncertain. Our actual results may differ significantly from management’s expectations.

The following discussion and analysis should be read in conjunction with the financial statements and notes thereto included elsewhere in this report and with our annual report on Form 10-K for the fiscal year ended December 31, 2011. This discussion should not be construed to imply that the results discussed herein will necessarily continue into the future, or that any conclusion reached herein will necessarily be indicative of actual operating results in the future. Such discussion represents only the best present assessment of our management.

### **GENERAL OVERVIEW**

#### **Business Overview:**

#### **DESCRIPTION OF BUSINESS**

Nature of Operations Urbanesq.com Inc. (“Urbanesq”) was incorporated August 25, 2000 under the laws of the Province of Ontario. Effective October 18, 2001, Urbanesq completed a merger with Koala International Wireless Inc. (“Koala”), a public company incorporated in the State of Nevada on August 18, 1999. This merger constituted a reverse takeover of Koala by Urbanesq resulting in the operations of Urbanesq being reported by the Company from the commencement of operations of Urbanesq.

The Company changed its name to KIWI Network Solutions Inc. on December 23, 2003. On November 4, 2004 the Company announced a reverse stock split of the Corporation’s common stock of one new share for each one hundred shares outstanding (1 for 100) and authorized any fractional shares to be rounded to one share. On February 11, 2005 the Company amended and restated its Articles of Incorporation, changed the name of the Company to Trimax Corporation (“Trimax” or the “Company”), and increased its authorized share capital to 100,000,000 shares of common stock and 20,000,000 shares of preferred stock, both with a par value of \$0.001 per share.

On July 29, 2005 the Company entered into an Exclusive Supply Agreement with a technology supplier (the “Partner”), a privately-held corporation based in Toronto, Ontario which Partner represented that it had secured for itself from Ascom. This agreement provided the Company with the exclusive right to sell Switzerland based Ascom broadband over power line (BPL) communication access products (“Products”) in Canada and non-exclusive rights worldwide. In consideration for these rights the Company paid the Partner a fee of \$100,000Cdn for a five year license commencing August 1, 2005.

Subsequent to the signing and the advancement of funds for the Exclusive Supply Agreement the Company was made aware that the Partner had no right to grant a sub-license from Ascom. Furthermore, the Partner was in default and was never in any position to grant any sub-license on its own license. On March 22, 2006 Trimax filed an action in the Superior Court of Ontario against Electrolinks Corporation alleging damages of \$1,250,000, subsequently received a court ordered judgment in the Company’s favour of \$132,000, received \$25,000 and is awaiting payment of a further \$107,000 plus applicable legal fees and interest. Collection of the balance of this judgement remains doubtful.

Due to these events, Trimax began to develop relationships with other vendors for BPL products. On August 17, 2005, pursuant to a reorganization agreement by and among PLC Network Solutions Inc. (“PLC”), a private company incorporated in the Province of Ontario under the Ontario Business Corporations Act, and Trimax, Trimax Corporation acquired all of the outstanding common stock of PLC for the issuance of 876,000 shares of common stock. In July of 2008 the Company sold its interest in PLC for \$1.00.

On May 17, 2006, Trimax entered into a purchase and sale agreement with 3One Networks Inc. (“3One”). 3One is a technology and service company that had commercialized BPL technologies to transmit digital signals through the electrical power line infrastructure. Trimax advanced \$94,600USD to 3One towards the purchase of their High Speed Internet Access (“HSIA”) service business, including a portfolio of 50 Hotels consisting of approximately 4,600 rooms and all existing service contracts and related assets for providing BPL services to these hotels, motels and resorts. The total purchase price was to be \$220,230CDN. The company has halted further payments while in negotiations with 3One for possible mutually beneficial changes in its relationship on a going forward basis.

On July 01, 2008 Trimax sold all of its interest in its subsidiary, PLC Network Solutions Inc., to a third party for a nominal fee of \$1.00. PLC's assets included the deposit on the transaction Trimax entered into with 3One Networks Inc. on 17 May 2006. On June 1, 2006, pursuant to a reorganization agreement by and among Multi-Source Inc. ("MSI"), a private company incorporated in the Province of Ontario under the Ontario Business Corporations Act, and Trimax, Trimax Corporation acquired all of the outstanding common stock of MSI in exchange for 120,000 shares of Trimax's common stock. In March of 2007, Trimax terminated its acquisition of Multi-Source on the grounds of breach of contract and cancelled the 120,000 shares previously issued. On August 14, 2007, pursuant to an asset purchase agreement by and between Cybersonics Broadcast Services Inc., a company incorporated in the Province Of Ontario under the Business Corporations Act, and Trimax, 80,000 shares of Trimax common stock were issued as a deposit towards the acquisition of assets known as Multi-Media Management Distribution Technology. In June of 2008 the Company terminated this agreement and cancelled the 80,000 shares previously issued. Overview Trimax attempted to become a broadband over power line ("BPL") integrator and service provider. Using existing power line infrastructures, it tried to deliver innovative data, voice and video communications to commercial, residential and other markets. BPL technology has evolved to where BPL's speeds are now competitive with cable or DSL without the corresponding costs. A hydro utilities main asset is its electrical distribution infrastructure which is in most cases used only to deliver power. New Millennium Research recently reported that approximately 20 percent of U.S. utilities are considering investments in BPL technology. Utilities are implementing Automatic Meter Reading ("AMR") and other real-time performance monitoring services to create a, smart electrical grid" but utility companies have been slow to adopt the BPL technology. In pursuit of companies and technologies that would deliver a revenue base to eventually allow it to be self-sufficient, Trimax entered into ongoing negotiations for BPL digital signage and content management technology with Cybersonics Broadcast Services Inc. in the hope that its efforts would lead to contracts for digital signage and content management. The Company became involved in several projects with an assortment of potential clients for BPL enhanced digital signage screens and content management. These projects did not become revenue generating and remained at the demonstrational stage. As a result of its efforts, Trimax contributed to the purchase of 126 digital signage screens and caused to be advanced \$90,000 to Cybersonics Sound Technologies Inc. in the effort to further the Company's business by making use of the BPL technology. This Media venture did not come to fruition and the Company wrote off its investment in 2008.

Consequently, Trimax decided to divest itself from its wholly owned subsidiary PLC Network Solutions Inc. and on July 01, 2008 Trimax sold all of its interest in its subsidiary, PLC Network Solutions Inc., to a third party for a nominal fee of \$1.00. PLC's assets included all of the BPL assets of Trimax.

The Company has been searching for and evaluating other business opportunities and continues to attempt to collect on funds owed to it by Cybersonics and Electrolinks.

On March 23, 2009 the Company entered an agreement to purchase five mining claims located near the Municipality of Alamos, Sonora, Mexico. The Parties involved failed to complete the purchase and the project was abandoned. As part of the intended transaction, the Company formulated a new plan of operations and divested itself of its broadband over power line business plans, trade secrets and proprietary information, and any remaining digital signage equipment. The Company is now engaged in business as an exploration stage resource company. Accordingly, the Company's financial statements have been restated to reflect its prior operations as discontinued operations.

Subsequently On October 14, 2009 Trimax issued 7,000,000 (seven million) shares of common stock pursuant to the Option Agreement to acquire an interest in the Zeibright Property, California, for the issuance of up to 90,000,000 shares of common stock, of which this issuance forms a part, and the expenditure of up to \$2,000,000.00 on exploration and development of the Zeibright Property to reflect its new business direction into mineral resource exploration.

In 2010 the company continues in its direction of mineral resource exploration on the Zeilbright Property.

It was decided in June 2010 to change the fiscal reporting year to end December 31.

In October 2011, it became obvious that the company would be unable to meet its obligations to develop the Zeilbright Property. The company has decided to try and divest itself of this business interest and has begun exploring new merger activities.

### **ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.**

N/A.

### **ITEM 4. CONTROLS AND PROCEDURES.**

#### **Evaluation of Disclosure Controls and Procedures**

Under the supervision and with the participation of our management, including our Chief Executive Officer, we evaluated the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rule 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 (the "Exchange Act") as of the end of the period covered by this Quarterly Report on Form 10-Q. Based upon that evaluation, our Chief Executive Officer concluded that our disclosure controls and procedures as of the end of the period covered by this report were not effective such that the information required to be disclosed by us in reports filed under the Securities Exchange Act of 1934 is (i) recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms and (ii) accumulated and communicated to our management to allow timely decisions regarding disclosure. A controls system cannot provide absolute assurance, however, that the objectives of the controls system are met, and no evaluation of controls can provide absolute assurance that all control issues and instances of fraud if any, within a company have been detected.

#### **Changes in internal control**

Our management, with the participation of our Chief Executive Officer, performed an evaluation as to whether any change in our internal controls over financial reporting occurred during the fiscal year 2010 ending December 31, 2010. Based on that evaluation, our Chief Executive Officer concluded that no change occurred in the Company's internal controls over financial reporting during the fiscal 2010 ended December 31,2010 that has materially affected, or is reasonably likely to materially affect, the Company's internal controls over financial reporting.

**PART II**  
**OTHER INFORMATION**

**ITEM 1 - LEGAL PROCEEDINGS**

On March 22, 2006 Trimax filed an action in The Superior Court of Ontario against Electrolinks Corporation alleging damages of \$1,250,000. Subsequently, Trimax received a court ordered judgment and is awaiting payment of \$107,000 plus applicable legal fees and interest.

On May 22, 2006, Trimax was notified of an action out of the district court of Clark County Nevada whereby 16 plaintiffs registered an action for \$120,000 against the Company. All of the plaintiffs were former shareholders of PLC Network Solutions Inc., a Canadian company, which is no longer owned by Trimax. Both parties previously agreed to a settlement, although no actions have been taken in this regard for the past three years. The initial proposed settlement had consisted of a payment of \$25000 from the company to PLC with Electrolinks Corporation paying Trimax \$25,000 in exchange for a full release by Trimax. Trimax has received no further correspondence from the plaintiffs and no other actions have taken place. The Company has not had any indications that this action will progress further.

**ITEM 1A - RISK FACTORS**

The risks and uncertainties described below are those that the Company currently deems to be material and that it believes are specific to the Company and the industry in which it competes. In addition to these risks, the Company's business may be subject to risks currently unknown to the Company. Any investment in our common stock involves a high degree of risk. You should carefully consider the risks described below and the other information in this Form 10-K, including our financial statements for the year ended December 31, 2011 before investing in our common stock. If any of the following risks occur, our business, operating results and financial condition could be seriously harmed. The trading price of our common stock could decline due to any of these risks, and you may lose all or part of your investment. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the risks faced by us described below. We caution you to review the cautionary statements set forth in this Form 10-K. Risk factors affecting operating results The company has decided that it is unable to continue the activities related to the Zeibright Property. It will try to come to an agreement with the shareholders of this property and find a new merger company. We must make a satisfactory agreement with the Zeibright property owners and we must find a new merger candidate. Without these 2 events happening, our business will fail and you will lose your entire investment.

**TRIMAX GROUP INC.**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**FOR THE YEAR December 31, 2011**  
**(Unaudited)**

**NOTE 1. GENERAL ORGANIZATION AND BUSINESS ISSUES**

The company has announced a management plan to work diligently toward identifying viable merger candidates with high growth potential.

**NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING PRACTICES**

Accounting policies and procedures are listed below. The company has adopted a December 31 year end. We have prepared the consolidated financial statements according to generally accepted accounting Principles (GAAP).

**Cash and Cash Equivalents**

The Company considers all highly liquid investments with original maturities of three months or less as cash equivalents. As of December 31, 2011 the company had no cash or cash equivalent balances in excess of the federally insured amounts. The Company's policy is to invest excess funds in only well capitalized financial institutions.

**Earnings Per Share**

The company adopted provisions of SFAS No. 128, 'Earnings per Share' SFAS No. 128 requires the presentation of basic and diluted earnings per share "EPS"

Basic EPS is computed by dividing income available to common stockholders by the weighted-average number of common shares outstanding for the period. Diluted EPS includes the potential dilution that could occur if options or other contracts to issue common stock were exercised or converted. The Company has not issued any options or warrants or similar securities since inception.

**Stock Based Compensation**

As permitted by Statement of Financial Accounting Standards ("SFAS") No. 148, "Accounting for Stock Based Compensation--Transition and Disclosure", which amended SFAS 123 ("SFAS 123"), "Accounting for Stock-Based Compensation", the Company has elected to continue to follow the intrinsic value method in accounting for its stock-based employee compensation arrangements as defined by Accounting Principles Board Opinion ("APB") No. 25, "Accounting for Stock Issued to Employees", and related Interpretations including "Financial Accounting Standards Board Interpretations No. 44, Accounting for Certain Transactions Involving Stock Compensation", and interpretation of APB No. 25. At December 31, 2011 the Company has not formed a Stock Option Plan and has not issued any options.

**Dividends**

The Company has adopted a policy regarding the payment of dividends. Dividends may be paid to shareholders once all divisions are fully operational and profitable. The Board may also pay dividends to counter any short selling or undermining of the entity. See Note 1.

**Fixed Assets**

Fixed assets are carried at cost. Depreciation is computed using the straight-line method of depreciation over the assets' estimated useful lives. Maintenance and repairs are charged to expense as incurred; major renewals and improvements are capitalized. When items of fixed assets are sold or retired, the related cost and accumulated depreciation is removed from the accounts and any gain or loss is included in income.

## **Income Taxes**

The provision for income taxes is the total of the current taxes payable and the net of the change in the deferred income taxes. Provision is made for the deferred income taxes where differences exist between the period in which transactions affect current taxable income and the period in which they enter into the determination of net income in the financial statements.

## **Advertising**

Advertising is expensed when incurred.

## **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

## **Goodwill**

Goodwill is created when we acquire a business. It is calculated by deducting the fair value of the net assets acquired from the consideration given and represents the value of factors that contribute to greater earning power, such as a good reputation, customer loyalty. We assess goodwill of individual subsidiaries for impairment in the fourth quarter of every year, and when circumstances indicate that goodwill might be impaired.

## **NOTE 3. GOING CONCERN**

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. The Company had a net loss for the period through to December 31, 2011 of \$87,567. The Company's continuation as a going concern is dependent on its ability to meet its obligations, to obtain additional financing as may be required and ultimately to attain profitability. These financial statements do not include any adjustments that might result from the outcome of this uncertainty.

## **NOTE 4. RECENTLY ISSUED ACCOUNTING STANDARDS**

Management does not believe that any recently but not adopted accounting standards will have a material effect on the Company's results of operations or on the reported amounts of its assets and liabilities upon adoption.

## **NOTE 5. SHAREHOLDERS' EQUITY**

Common Stock: As of December 31, 2012 the company has 30,564,000 shares of common stock issued and outstanding.

## **NOTE 6. PROVISION FOR INCOME TAXES**

It is more likely than not that some or all of the deferred tax assets will not be realized. The provision for income taxes is comprised of the net changes in deferred taxes less the valuation account plus the current taxes payable. The Company provides for income taxes under Statement of Financial Accounting Standards No. 109, Accounting for Income Taxes. SFAS No. 109 requires the use of an asset and liability approach in accounting for income taxes. Deferred tax assets and liabilities are recorded based on the differences between the financial statement and tax bases of assets and liabilities and the tax rates in effect when these differences are expected to reverse. SFAS No. 109 requires the reduction of deferred tax assets by a valuation allowance if, based on the weight of available evidence, it is more likely than not that some or all of the deferred tax assets will not be realized. The provision for income taxes is comprised of the net changes in deferred taxes less the valuation account plus the current taxes payable.

**CERTIFICATION OF THE CHIEF EXECUTIVE OFFICER**

I, Zoran Cvetojevic, certify that:

1. I have reviewed this Annual Report on Form 10-K of Trimax Corp.;

2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;

3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;

4. The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:

(a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;

(b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;

(c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and

(d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and

5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):

(a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

(b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

**CERTIFICATION OF THE CHIEF FINANCIAL OFFICER**

I, Zoran Cvetojevic, certify that:

1. I have reviewed this Annual Report on Form 10-K of Trimax Corp.;

2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;

3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;

4. The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:

(a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;

(b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;

(c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and

(d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and

5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):

(a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

(b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

**EXHIBIT 32.1**

**CERTIFICATION OF CHIEF EXECUTIVE OFFICER  
PURSUANT TO 18 U.S.C SS. 1350 ADOPTED PURSUANT TO  
SECTION 906 OF THE SARBANES-OXLEY ACT OF 2002**

In connection with the Annual Report on Form, 10-K (the "Report") of Trimax Corp. (the "Company"), for the year ended December 31, 2011 as filed with the Securities and Exchange Commission on the date hereof, I, Zoran Cvetojevi, Chairman, Acting Chief Executive Officer and Acting Chief Financial Officer, of the Company, hereby certify, pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, that:

1. The Report fully complies with the requirements of section 13(a) or 15(d) of the Securities Exchange Act of 1934; and
2. The information contained in the Report fairly presents, in all material respects, the financial condition and results of operations of the Company
