PROPOSAL I

AMENDMENT OF OUR RESTATED ARTICLES TO CHANGE OUR CORPORATE NAME

BACKGROUND AND PURPOSE OF THE NAME CHANGE

General

Our board of directors and our stockholders representing a majority of the voting power of our capital stock, have taken action by written consent to authorize our board of directors to effect the Amendments. Our board of directors has discretion to abandon the Amendments prior to its effectiveness.

Reasons for Proposed Name Change

Our board of directors' primary reason for approving and recommending the Name Change is part of our rebranding and marketing efforts focused on our energy and smart controls business.

Potential Effects of Proposed Name Change

The Name Change will affect all holders of our Common Stock uniformly. The Name Change is not intended to, and will not, affect any stockholder's percentage ownership interest in our company.

The Name Change will not change the terms of our Common Stock. After the Name Change, the shares of our Common Stock will have the same voting rights and rights to dividends and distributions and will be identical in all other respects to our Common Stock now authorized. Our Common Stock will remain fully paid and non-assessable. In addition, we plan to change our stock symbol and CUSIP number as a result of the name change. Stockholders will not be requested to surrender for exchange any stock certificates they hold. On and after the effective date of the Name Change, the stock certificates representing the pre-Amendment shares will continue to be valid. Following the effective date of the Amendments, newly issued stock certificates bear the Company's new name, but this will not affect the validity of stock certificates already outstanding.

Vote Required

Pursuant to NRS 78.385 and 78.390, the approval of the Share Increase required a majority of our outstanding voting capital stock. As discussed above, the consenting stockholders have consented to the Name Change.

PROPOSAL II

AMENDMENT OF OUR ARTICLES TO INCREASE OUR AUTHORIZED CLASS A COMMON STOCK, PAR VALUE \$0.001 PER SHARE, FROM 1,450,000,000 TO 1,700,000,000 SHARES

On October 18, 2017, our board of directors and stockholders holding a majority of our voting power approved the Share Increase, which will have the effect of increasing our authorized capital stock, par value \$0.001 per share, from 1,500,000,000 shares to 1,750,000,000 shares, of which 1,700,000,000 shares shall be Class A Common Stock (the "Class A Common Stock"), 10,000,000 shares shall be Class B Common Stock as previously designated (the "Class B Common Stock") and 40,000,000 shares shall be Preferred Stock (the "Preferred Stock"), of which 2,000,000 shares of Preferred Stock have been previously designated by the Company as Series A Preferred Stock (the "Series A Preferred Stock").

Reasons for Proposed Share Increase

Having an increased number of authorized but unissued shares of our capital stock would allow us to take prompt action with respect to corporate opportunities that develop, without the delay and expense of convening a special meeting of stockholders for the purpose of approving an increase in our capitalization. In addition, the additional shares of common stock will allow us to issue such shares in connection with the conversion of certain convertible debt and equity instruments, such as convertible debentures and convertible preferred stock. The shares of preferred stock would be available for issuance from time to time as determined by our board of directors for any proper corporate purpose. Such purposes might include, without limitation, issuance in public or private sales for cash as a means of obtaining additional capital for use in our business and operations, and issuance as part or all of the consideration required to be paid by us for acquisitions of other businesses or assets. Notwithstanding the foregoing, we have no obligation to issue such shares and there are no plans, proposals or arrangements currently contemplated by us that would involve the issuance of the preferred shares to acquire another company or its assets, or for any other corporate purpose stated. In connection with the anticipated continued growth of our business, our board of directors believes it is in our best interests to increase the number of authorized shares of capital stock and to create a class of preferred stock. The additional capital stock can provide flexibility in structuring the terms of any future agreements, as well as any future financing and recapitalization efforts.

Potential Anti-Takeover Effects of the Increase in Capital Stock

Any additional issuance of common or preferred stock could, under certain circumstances, have the effect of delaying or preventing a change in control of our company by increasing the number of outstanding shares entitled to vote and by increasing the number of votes required to approve a change in control. Shares of common or preferred stock could be issued, or rights to purchase such shares could be issued, to render more difficult or discourage an attempt to obtain control of our company by means of a tender offer, proxy contest, merger or otherwise. The ability of our board of directors to issue such additional shares of common stock and/or to designate one or more series or classes of preferred stock for issuance could discourage an attempt by a party to acquire control of our company by tender offer or other means. Such issuances could therefore deprive stockholders of benefits that could result from such an attempt, such as the realization of a premium over the market price that such an attempt could cause. Moreover, the issuance of such additional shares of common or preferred stock to persons whose interests are aligned with that of our board of directors could make it more difficult to remove incumbent officers and directors from office, even if such change were to be favorable to stockholders generally.

Although the increased proportion of unissued authorized shares to issued shares could, under certain circumstances, have an anti-takeover effect (for example, by permitting issuances that would dilute the stock ownership of a person seeking to effect a change in the composition of our board or contemplating a tender offer or other transaction for the combination of our company with another company), the Share Increase was not proposed in response to any effort of which we are aware to accumulate shares of common stock or obtain control of us, nor is it part of a plan by management to recommend a series of similar actions having an anti-takeover effect to the board and our stockholders.

To the extent that the increase in the number of authorized shares may have anti-takeover effects, the Share Increase, when effected, may encourage persons seeking to acquire us to negotiate directly with our board of directors, enabling our board to consider a proposed transaction in a manner that best serves our stockholders' interests.

Our board believes that it is advisable and in the best interests of our company to have available authorized but undesignated shares of preferred stock in an amount adequate to provide for our future needs. The designation of one or more classes or series of preferred stock will be available for issuance from time to time as may be deemed advisable or required for various purposes, including the issuance of shares in connection with financing or acquisition transactions. We have no present plans or commitments for the issuance or use of the proposed shares of preferred stock in connection with any financing.

Vote Required

Pursuant to NRS 78.385 and 78.390, the approval of the Share Increase required a majority of our outstanding voting capital stock. As discussed above, the consenting stockholders have consented to the Share Increase.

Procedure for Effecting the Amendment

Pursuant to Rule 14c-2 promulgated under the Exchange Act, the Amendments will not be effected until at least 20 calendar days after the mailing of this Information Statement to our stockholders. The Amendment has been filed with the Nevada Secretary of State. However, because the Class A Common Stock is quoted on the OTC Markets, the Name Change requires processing by the Financial Industry Regulatory Authority ("FINRA"), as well, pursuant to Rule 10b-17 of the Exchange Act in order for the Name Change to be recognized in the market for trading purposes. We expect to receive FINRA's clearance prior to the expiration of the 20-day waiting period under Rule 14c-2, and we expect that the Name Change and Share Increase will be effective on or about [___], 2017.

Accounting Matters

The proposed Amendment will not affect the par value of our Common Stock. As a result, at the effective time of the Amendment, the stated capital on our balance sheet attributable to our Common Stock will not be affected.

Certain Federal Income Tax Consequences of the Authorized Share Increase

The will be no material U.S. federal income tax consequences of the Amendment to holders of our Common Stock.

AMENDMENT OF THE COMPANY'S RESTATED ARTICLES OF INCORPORATION

To effect the Name Change and Share Increase, we will amend our Restated Articles. The form of the Corrected Certificate of Amendment to Articles of Incorporation is attached hereto as Exhibit A, and once effective, will amend the Restated Articles to change our corporate name to Zenergy Brands, Inc. and increase our authorized Class A Common Stock, par value \$0.001 per share from 1,450,000,000 shares to 1,700,000,00 shares.
