EnviroTechnologies International, Inc.
Notes to the Combined Financial Statements

NOTE 1 - ORGANIZATION

EnviroTechnologies International, Inc., (formerly Healthnostics, Inc.), was originally organized on July 3, 1996, as a Delaware corporation under the name IHS of Virginia, Inc. The Company was acquired on December 29, 2000 by Ultraque, LLC, a Delaware limited liability company, owned by our former Chairman and Chief Financial Officer. On August 28, 2001, Ultraque, LLC was merged into the Company and the Company's name was changed to Healthnostics, Inc. The Company underwent a change of ownership with the acquisition of Vida Green, Inc., effective July 1, 2016.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of EnviroTechnologies International, Inc., (formerly Healthnostics, Inc.) are presented to assist in understanding the Company's financial statements. The financial statements and notes are representations of the Company's management, which is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Principles of Consolidation

The accompanying unaudited consolidated financial statements of the Company include the accounts of its subsidiaries. In the opinion of management all adjustments (which include only normal recurring adjustments) necessary to present fairly the financial statements for the years herein have been made.

Accounts receivable

The Company does not have any uncollectible accounts and there were no doubtful accounts for the years ended December 31, 2018 and December 31, 2017 respectively.

Revenue Recognition

The Company recognizes revenue when there is persuasive evidence of an arrangement, delivery has occurred, the fee is determinable, collectability is reasonably assured and there are no significant remaining performance obligations.

Cash and Cash Equivalents

The Company considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the accompanying financial statements. Significant estimates made in preparing these financial statements. Actual results could differ from those estimates.

Property and Equipment

Property and equipment are stated at cost and are depreciated using the straight line and modified accelerated cost recovery system (MACRS) method over 3-10 years.

Intangible Assets

Valuation of Intangible assets include significant estimates and assumptions such as estimating future cash flows from sales, developing appropriate discount rates, estimating probability rates for successful completing of projects, continuation of customer relationships and renewal of customer contracts, and approximating the useful life of the intangible assets acquired.

Fair Value of Financial Instruments

As of December 31, 2018 and December 31, 2017 respectively, the amounts reported for cash, accounts receivable, accounts payable, accrued interest and other expenses, and notes payable approximate the fair value because of their short maturities.

Income Taxes

The Company accounts for income taxes under FASB ASC 740 "*Income Taxes*." Under the asset and liability method of FASB ASC 740, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statements carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. Under FASB ASC 740, the effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period the enactment occurs. A valuation allowance is provided for certain deferred tax assets if it is more likely than not that the Company will not realize tax assets through future operations.

Recently issued Accounting Pronouncements

The Company has evaluated recent accounting pronouncements and their adoption has not had or is not expected to have a material impact on the Company's financial position or statements.

STOCK-BASED COMPENSATION

The Company accounts for stock-based compensation issued to non-employees and consultants in accordance with the provisions of FASB ASC 505-50 "*Equity - Based Payments to Non-Employees*." Measurement of share-based payment transactions with non-employees shall be based on the fair value of whichever is more reliably measurable: (a) the goods or services received; or (b) the equity instruments issued. The fair value of the share-based payment transaction should be determined at the earlier of performance commitment date or performance completion date.

F-5

NET INCOME OR (LOSS) PER SHARE OF COMMON STOCK

The Company has adopted ASC 260 "*Earnings per Share*," ("EPS") which requires presentation of basic and diluted EPS on the face of the income statement for all entities with complex capital structures and requires a reconciliation of the numerator and denominator of the basic EPS computation to the numerator and denominator of the diluted EPS computation. In the accompanying financial statements, basic earnings (loss) per share is computed by dividing net loss by the weighted average number of shares of common stock outstanding during the period.

The Company has no potentially dilutive securities, such as options or warrants, currently issued and outstanding.

RECLASSIFICATION

For comparability, certain prior year amounts have been reclassified, where appropriate, to conform to the financial statement presentation used in 2017 and 2018. The reclassifications have no impact on net loss.

NOTE 3 - GOING CONCERN

The accompanying financial statements have been prepared on a going concern basis of accounting, which contemplates continuity of operations, realization of assets and liabilities and commitments in the normal course of business. The

accompanying financial statements do not reflect any adjustments that might result if the Company is unable to continue as a going concern. The Company does not generate significant revenue, and has negative cash flows from operations, which raise substantial doubt about the Company's ability to continue as a going concern. The ability of the Company to continue as a going concern and appropriateness of using the going concern basis is dependent upon, among other things, additional cash infusion. Management believes the existing shareholders and the prospective new investors will provide the additional cash needed to meet the Company's obligations as they become due, and will allow the development of its core business.

NOTE 6 – NOTES PAYABLE

We did not provide any current or deferred U.S. federal income tax provision or benefit for any of the periods presented because we have experienced operating losses since inception. When it is more likely than not that a tax asset cannot be realized through future income the Company must allow for this future tax benefit. We provided a full valuation allowance on the net deferred tax assets, consisting of net operating loss carryforwards and intangible assets, because management has determined that it is more likely than not that we will not earn income sufficient to realize the deferred tax assets during the carryforward period.
