**Safer Shot, Inc.**  
**Notes to the Unaudited Financial Statements**

**NOTE 1 – NATURE OF OPERATIONS**

**Organization and Basis of Presentation and Nature of Business**

The Company was incorporated under the laws of the State of Wyoming on September 16, 1997. The Company began its operations in 2005 when it reincorporated in Nevada on April 19, 20015 and completed acquiring rights to technology design for a non-lethal hand held weapon known as the Bouncer in April 2010. The Company remains in its development stage pending manufacturing, marketing and sales of its products, and has not generated significant revenues from its planned principal operations yet. On February 12, 2015, the Company changed its domicile and reincorporated in Florida.

**NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES**

**USE OF ESTIMATES**

The preparation of the Company's financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates. The Company's periodic filings with the Securities and Exchange Commission include, where applicable, disclosures of estimates, assumptions, uncertainties and markets that could affect the financial statements and future operations of the Company.

**CASH AND CASH EQUIVALENTS**

Cash and cash equivalents include cash in banks, money market funds, and certificates of term deposits with original maturities of less than three months, which are readily convertible to known amounts of cash and which, in the opinion of management, are subject to an insignificant risk of loss in value. The Company had \$2,599 and \$271 in cash as of June 30, 2019 and December 31, 2018, respectively.

**INCOME TAXES**

The Company accounts for income taxes under FASB ASC 740 *"Income Taxes."* Under the asset and liability method of FASB ASC 740, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statements carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. Under FASB ASC 740, the effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period the enactment occurs. A valuation allowance is provided for certain deferred tax assets if it is more likely than not that the Company will not realize tax assets through future operations.

**STOCK-BASED COMPENSATION**

The Company accounts for stock-based compensation issued to non-employees and consultants in accordance with the provisions of FASB ASC 505-50 *"Equity - Based Payments to Non-Employees."* Measurement of share-based payment transactions with non-employees shall be based on the fair value of whichever is more reliably measurable: (a) the goods or services received; or (b) the equity instruments issued. The fair value of the share-based payment transaction should be determined at the earlier of performance commitment date or performance completion date.

## NET INCOME OR (LOSS) PER SHARE OF COMMON STOCK

The Company has adopted ASC 260 *“Earnings per Share,”* (“EPS”) which requires presentation of basic and diluted EPS on the face of the income statement for all entities with complex capital structures and requires a reconciliation of the numerator and denominator of the basic EPS computation to the numerator and denominator of the diluted EPS computation. In the accompanying financial statements, basic earnings (loss) per share is computed by dividing net loss by the weighted average number of shares of common stock outstanding during the period.

The Company has no potentially dilutive securities, such as options or warrants, currently issued and outstanding.

## RECLASSIFICATION

For comparability, certain prior year amounts have been reclassified, where appropriate, to conform to the financial statement presentation used in 2019 and 2018. The reclassifications have no impact on net loss.

## NOTE 3 - GOING CONCERN

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern, which contemplates, among other things, the realization of assets and satisfaction of liabilities in the normal course of business. As of June 30, 2019 and December 31, 2018, the Company has an accumulated deficit of \$3,261,759 and \$3,237,574. The Company intends to fund operations through equity financing arrangements, which may be insufficient to fund its capital expenditures, working capital and other cash requirements for the next twelve months.

The ability of the Company to emerge from the development stage is dependent upon, among other things, obtaining additional financing to continue operations. In response to this and other potential problems, management intends to raise additional funds through public or private placement offerings. These factors, among others, raise substantial doubt about the Company’s ability to continue as a going concern. The accompanying financial statements do not include any adjustments that might result from the outcome of this uncertainty.

## NOTE 4 - RELATED PARTY ADVANCES

The Company had net advances from its sole officer and director totaling \$892, after reimbursing \$5,962 for expenses paid on behalf of the Company during the three months ended June 30, 2019 and \$- at December 31, 2018.

## NOTE 5 – NOTES PAYABLE

On July 25, 2013, the Company entered into an agreement with a note holder, under which several of his notes that were made either to, or on behalf of the Company and in default were consolidated into an amended convertible note with specific new terms, as listed in the table above, including new advances. The amended and consolidated note called for interest to continue accruing at eight per cent (8%) annually and specified a conversion price, at the note holder’s discretion of \$.0001 per share due to the delinquency of the notes and illiquidity of the Company’s common stock.

Various notes listed below totaling \$290,550 are in default and continue to accrue interest. The Company has not been able to make payments due to lack of funding. These include:

Name	Date	Interest Rate	Balance At 6/30/19
John Lund	11/14/06	8%	25,250
James Yeung Estate	7/6/06	8%	48,200

#### **NOTE 6 - STOCKHOLDERS' EQUITY**

The Company has 2,000,000,000,000 shares of \$0.00001 par value common stock authorized.

During the period ended June 30, 2019 and the year ended December 31, 2018 the Company did not issue any shares of its \$.00001 par value common stock.

There were 1,160,916,581,000 shares of common stock issued and outstanding as of June 30, 2019 and December 31, 2018, respectively.

F-8

#### **NOTE 7 – INCOME TAXES**

We did not provide any current or deferred U.S. federal income tax provision or benefit for any of the periods presented because we have experienced operating losses since inception. When it is more likely than not that a tax asset cannot be realized through future income the Company must allow for this future tax benefit. We provided a full valuation allowance on the net deferred tax assets, consisting of net operating loss carryforwards and intangible assets, because management has determined that it is more likely than not that we will not earn income sufficient to realize the deferred tax assets during the carryforward period.

The Company has not taken a tax position that, if challenged, would have a material effect on the financial statements for the years ended December 31, 2018 and 2017, respectively, under ASC 740. We did not recognize any adjustment to the liability for uncertain tax position and therefore did not record any adjustment to the beginning balance of accumulated deficit on the balance sheet.

The Company has net operating loss carry forwards totaled approximately \$ 3,211,342 as of December 31, 2018 that will begin to expire in 2033.

As of December 31, 2018, the Company saw a decrease of approximately \$1,212,587 in deferred tax assets from income tax loss carry forwards. The significant decline in the carry forwards was due to the passage of the Tax Cuts and Jobs Act on December 20, 2017 that

reduced effective tax rates for future periods to 21% from 34%. The decline in value of the income tax loss carry forwards has no impact on our statement of operations. The decline due from the rate change was approximately \$1,200,000 offset by the increase in the net operating loss for the net loss for the year ended December 31, 2018 of \$22,700. Deferred tax assets were approximately \$1,998,755 for 2018 were offset by a valuation allowance.

Actual income tax expense for the years ended December 31, 2018 and 2017 is reconciled from the amount computed by applying the U.S. federal income tax rate of 34% to losses before income taxes as follows:

	<u>2018</u>	<u>2017</u>
Expected tax benefit	(1,998,755)	(3,111,125)
Reconciling items:		
Impact in change in tax rate	1,212,587	-
Permanent Differences in deferred carrying costs	(1,212,587)	-
Change in Valuation Allowance	1,998,755	3,111,125
Total tax expense	<u>\$ -</u>	<u>\$ -</u>

### The Safer Shot Bouncer™ Cartridge System
