**Unaudited Notes to Financial Statements
For the Three and Nine Months Ended September 30, 2021**

NOTE 1 – ORGANIZATION AND DESCRIPTION OF BUSINESS

On July 21, 1998, the Company was incorporated under the laws of the State of Colorado as Newlink Networks TDS, Inc. On April 23, 1999, the Company changed its name to Westsphere Asset Corporation, Inc. On April 2, 2010, the Corporation changed its name to E-Debit Global Corporation. On July 25, 2018, the Company changed its name to GreenLink International Inc.

In March 2017 the Company shifted focus towards providing services and real estate to the licensed U.S. Cannabis sector. In 2018 the Company completed a comprehensive asset purchase acquiring the cannabis and THC related intellectual property, licensing agreements, real estate leases and land purchase rights of AGHWA, LLC. The result of this transaction allowed the company to establish a direct connection to the legal cannabis/hemp market in the United States.

The activities of the Company continue to be focused on developing new innovations for broader applications of cannabis and hemp derived products, building brands, and expanding our business model to build a dynamic opportunity in a tightly regulated industry. The Company's intention is to expand rapidly into other jurisdictions and industries throughout the United States, Canada, and Europe.

The Company's accounting year end is December 31.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The consolidated financial statements of the Company have been prepared in accordance with GAAP. This basis of accounting involves the application of accrual accounting and consequently, revenues and gains are recognized when earned, and expenses and losses or recognized when incurred. The financial statements include the accounts of the Company. .

Going Concern

The accompanying consolidated financial statements have been prepared assuming the Company will continue as a going concern, which contemplates realization of assets and the satisfaction of liabilities in the normal course of business for the twelve-month period following the date of these financial statements. On a consolidated basis, the Company has incurred significant operating losses since inception. For the six months ended September 30, 2021 the Company had an operating loss of \$1,672,215 As of September 30, 2021 had an accumulated deficit of \$9,859,205

Because the Company does not expect that existing operational cash flow will be sufficient to fund presently anticipated operations, this raises substantial doubt about the Company's ability to continue as a going concern. Therefore, the Company will need to raise additional funds and is currently exploring alternative sources of financing. Historically, the Company has raised capital through private placements, as an interim measure to finance working capital needs and may continue to raise additional capital through the sale of common stock or other securities and obtaining some short-term loans. The Company will be required to continue to so until its consolidated operations become profitable. Also, the Company has, in the past, paid for consulting services with its common stock to maximize working capital, and intends to continue this practice where feasible.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The most significant estimates relate to revenue recognition, valuation of accounts receivable and the allowance for doubtful accounts, , purchase price allocation of acquired businesses, long-lived assets and goodwill, valuation of financial instruments, income taxes, and contingencies. The Company bases its estimates on historical experience, known or expected trends and various other assumptions that are believed to be reasonable given the quality of information available as of the date of these financial statements. The results of these assumptions provide the basis for making estimates about the carrying amounts of assets and liabilities that are not readily apparent from other sources. Actual results could differ from these estimates.

Goodwill

Goodwill and indefinite-lived assets are not amortized but are subject to annual impairment testing unless circumstances dictate more frequent assessments. We perform an annual impairment assessment for goodwill and indefinite-lived assets during the fourth quarter of each year and more frequently whenever events or changes in circumstances indicate that the fair value of the asset may be less than the carrying amount. Goodwill impairment testing is a two-step process performed at the reporting unit level. Step one compares the fair value of the reporting unit

to its carrying amount. The fair value of the reporting unit is determined by considering both the income approach and market approaches. The fair values calculated under the income approach and market approaches are weighted based on circumstances surrounding the reporting unit. Under the income approach, we determine fair value based on estimated future cash flows of the reporting unit, which are discounted to the present value using discount factors that consider the timing and risk of cash flows. For the discount rate, we rely on the capital asset pricing model approach, which includes an assessment of the risk-free interest rate, the rate of return from publicly traded stocks, our risk relative to the overall market, our size and industry and other Company-specific risks.

Other significant assumptions used in the income approach include the terminal value, growth rates, future capital expenditures and changes in future working capital requirements. The market approaches use key multiples from guideline businesses that are comparable and are traded on a public market. If the fair value of the reporting unit is greater than its carrying amount, there is no impairment. If the reporting unit's carrying amount exceeds its fair value, then the second step must be completed to measure the amount of impairment, if any. Step two calculates the implied fair value of goodwill by deducting the fair value of all tangible and intangible net assets of the reporting unit from the fair value of the reporting unit as calculated in step one. In this step, the fair value of the reporting unit is allocated to all of the reporting unit's assets and liabilities in a hypothetical purchase price allocation as if the reporting unit had been acquired on that date. If the carrying amount of goodwill exceeds the implied fair value of goodwill, an impairment loss is recognized in an amount equal to the excess.

Accounts Receivable and Allowance for Doubtful Accounts

Accounts receivables are recorded at the net value of face amount less any allowance for doubtful accounts. The allowance for doubtful accounts is the Company's best estimate of the amount of probable credit losses in our existing accounts receivable. The Company reviews the allowance for doubtful accounts on a regular basis, and all past due balances are reviewed individually for collectability. Account balances are charged against the allowance when placed for collection. Recoveries of receivables previously written off are recorded when received. Interest is not charged on past due accounts.

As of September 30, 2021 and December 31, 2020, our trade receivable amounted to \$1,120,510 and \$1,020,363 respectively, with no allowance for doubtful accounts for both periods.

Revenue Recognition

Sales, as presented in the Company's consolidated statement of earnings, are comprised of software and payment systems to state-approved cannabis cultivators and dispensary facilities.

On January 1, 2018, the Company adopted Accounting Standards Codification ("ASC") Topic 606, Revenue from Contracts with Customers ("ASC 606"), using the modified retrospective method applied to those contracts which were not completed as of January 1, 2018. Results for reporting periods beginning after January 1, 2018 are presented under ASC 606, while prior period amounts are not adjusted and continue to be reported in accordance with the Company's historic accounting under ASC 605. As of and for the periods ended September 30, 2021 and December 31, 2020, respectively, the consolidated financial statements were not materially impacted as a result of the application of Topic 606 compared to Topic 605.

Cash and Cash Equivalents

The Company considers all highly liquid temporary cash investments with an original maturity of three months or less to be cash equivalents. On September 30, 2021 and December 31, 2020, the Company cash equivalents totaled \$37,235 and \$644 respectively.

Property and equipment

Property and equipment are stated at cost or fair value. Depreciation is computed by the straight-line method and is charged to operations over the estimated useful lives of the assets. Maintenance and repairs are charged to expense as incurred. The carrying amount and accumulated depreciation of assets sold or retired are removed from the accounts in the year of disposal and any resulting gain or loss is included in results of operations. The estimated useful lives of property and equipment are as follows:

Computers, software, and office equipment	1 – 6 years
Machinery and equipment	3 – 5 years
Leasehold improvements	Lesser of lease term or estimated useful life

Income taxes

The Company accounts for income taxes under FASB ASC 740, "Accounting for Income Taxes". Under FASB ASC 740, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. Under FASB ASC 740, the

effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. FASB ASC 740-10-05, “*Accounting for Uncertainty in Income Taxes*” prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities.

The amount recognized is measured as the largest amount of benefit that is greater than 50 percent likely of being realized upon ultimate settlement. The Company assesses the validity of its conclusions regarding uncertain tax positions on a quarterly basis to determine if facts or circumstances have arisen that might cause it to change its judgment regarding the likelihood of a tax position’s sustainability under audit.

Stock-based Compensation

The Company accounts for stock-based compensation using the fair value method following the guidance set forth in Section 718-10 of the FASB Accounting Standards Codification for disclosure about Stock-Based Compensation. This section requires a public entity to measure the cost of employee services received in exchange for an award of equity instruments based on the grant-date fair value of the award (with limited exceptions). That cost will be recognized over the period during which an employee is required to provide service in exchange for the award—the requisite service period (usually the vesting period). No compensation cost is recognized for equity instruments for which employees do not render the requisite service.

Leases

The Company currently follows the guidance in ASC 840 “*Leases*,” which requires us to evaluate the lease agreements the Company enters into to determine whether they represent operating or capital leases at the inception of the lease.

In February 2016, the FASB issued ASU No. 2016-02, *Leases (Topic 842)*, which establishes a new lease accounting model for lessees. The updated guidance requires an entity to recognize assets and liabilities arising from financing and operating leases, along with additional qualitative and quantitative disclosures. The amended guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2018, with early adoption permitted. In March 2019, the FASB issued ASU 2019-01, *Codification Improvements*, which clarifies certain aspects of the new lease standard. The FASB issued ASU 2018-10, *Codification Improvements to Topic 842, Leases* in July 2018. Also in 2018, the FASB issued ASU 2018-11, *Leases (Topic 842) Targeted Improvements*, which provides an optional transition method whereby the new lease standard is applied at the adoption date and recognized as an adjustment to retained earnings. The amendments have the same effective date and transition requirements as the new lease standard. On November 15, 2019, the FASB has issued ASU 2019-10, which amends the effective dates for three major accounting standards. The ASU defers the effective dates for the credit losses, derivatives, and leases standards for certain companies. Since the Company is classified as a small reporting company and has a calendar-year end companies the Company eligible for deferring the adoption of ASC 842 to December 15, 2021.

ASC 842 will be effective for the Company beginning on December 15, 2021. While we continue to evaluate the impact of the new standard, we expect the adoption of this guidance will not have any impact on our financial statements.

Net Loss per Share

Net loss per common share is computed by dividing net loss by the weighted average common shares outstanding during the period as defined by Financial Accounting Standards, ASC Topic 260, “Earnings per Share.” Basic earnings per common share (“EPS”) calculations are determined by dividing net income by the weighted average number of shares of common stock outstanding during the year. Diluted earnings per common share calculations are determined by dividing net income by the weighted average number of common shares and dilutive common share equivalents outstanding.

Recent Accounting Pronouncements

In February 2016, the FASB issued ASU No. 2016-02, *Leases (Topic 842)*, which establishes a new lease accounting model for lessees. The updated guidance requires an entity to recognize assets and liabilities arising from financing and operating leases, along with additional qualitative and quantitative disclosures. The amended guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2018, with early adoption permitted. In March 2019, the FASB issued ASU 2019-01, *Codification Improvements*, which clarifies certain aspects of the new lease standard. The FASB issued ASU 2018-10, *Codification Improvements to Topic 842, Leases* in July 2018. Also in 2018, the FASB issued ASU 2018-11, *Leases (Topic 842) Targeted Improvements*, which provides an optional transition method whereby the new lease standard is applied at the adoption date and recognized as an adjustment to retained earnings. The amendments have the same effective date and transition requirements as the new lease standard. On November 15, 2019, the FASB has issued ASU 2019-10, which amends the effective dates for three major accounting standards. Since the Company is classified as a small reporting company and has a calendar-year end companies the Company eligible for deferring the adoption of ASC 842 to December 15, 2021.

While we continue to evaluate the impact of the new standard, we expect the adoption of this guidance will have not have any impact on our financial statements.

Preferred Stock

The Company is presently authorized to issue Two Hundred Million (200,000,000) shares of its no par value Preferred Stock. A total of zero (0) shares of Preferred Stock are issued and outstanding as of September 30, 2021.

The designations, preferences, limitations, and relative rights of the Preferred Shares are:

- (a) Any dividends declared by the Board of Directors, in the form of stock, cash or otherwise, shall be distributed to the Corporation's shareholders as follows: (a) seventy-five percent (75%) of such dividend shall be distributed to the holders of the Preferred Shares on a pro rata basis; and (b) the remaining twenty-five (25%) shall be distributed to the holders of the Preferred Shares and the Common Shares, on a pro rata basis, with one share of Preferred Stock and one share of Common Stock being treated equally.
- (b) In the case of a sale of any of the Corporation's business operations or in the event of a wind up or a liquidation of the Corporation's assets, the remaining cash to be distributed to the shareholders shall be distributed on the same basis as described in paragraph (a) above.
- (c) The issued Preferred Shares shall be eligible to vote at all shareholder meetings with the same ranking and affect as the Common Shares of the company, but the holders of the Preferred Shares grant an irrevocable proxy to the Corporation's Board of Directors to vote the Preferred Shares at any duly called Shareholder meeting, and the Board of Directors will determine the amount of proceeds to be distributed from the sale of any of the Company's assets and will determine whether any dividend will be issued by the Corporation. The Board of Directors will determine the date that such dividend will be paid.
- (d) Unissued Shares of Preferred Stock may be divided into such additional series as may be established, from time to time, by the Board of Directors. The Board of Directors, from time to time, may fix and determine the designation and number of shares of any series and the relative rights and preferences of the shares of any series so established as to distinguish the shares thereof from the shares of all other series. The Board of Directors is also authorized, within limits and restrictions stated in any resolution or resolutions of the Board of Directors originally fixing the number of shares constituting any such series, to increase or decrease (but not below the number of shares of any such series then outstanding) the number of shares of any such series subsequent to the issue of shares that series.

NOTE 8 LITIGATION

Fred Sebastian and Duke Capital, S.A. v. Greenlink Int'l, et al US District for Colorado - Case No: 1:20-cv-1788. The Company is named as a defendant in a lawsuit filed in U.S. District Court for the District of Colorado by two former shareholders of the company. The claims made by the plaintiffs relate to the Company's cancellation of 56,111,729 shares of the Company's common stock previously held by the plaintiffs. The Company cancelled the shares as the result of Orders entered by several Canadian provinces prohibiting the plaintiff Fred Sebastian acquiring or trading in securities. The prohibition of Mr. Sebastian was the direct result of a fraud he perpetrated on an elderly person in Canada when he purportedly sold that person shares of the Company's stock without the Company's knowledge and under circumstances that constituted a fraud according to each of the Orders entered by the Canadian securities regulators. In addition, Mr. Sebastian and Duke Capital failed to pay an \$80,000+ obligation owed to the Company, despite the Company's repeated demands for payment. When the payment of the debt was not forthcoming the Company cancelled the shares. Plaintiffs are seeking recovery of the cancelled shares or, in the alternative, money damages. The company is aggressively defending the lawsuit and believes that it will ultimately prevail.

Alberta and British Columbia Securities Cease Trading Orders. The Company is subject to Orders entered by the securities regulatory authorities for the Canadian provinces of Alberta and British Columbia. Each of the Orders was entered after the Company filed a Form 15G with the United States Securities and Exchange Commission terminating its obligation to file periodic reports with the SEC. Thereafter the provinces entered the Orders on the basis that current public information was no longer available for the Company.

NOTE 9- SUBSEQUENT EVENTS

It provides for a three (3.0%) percent origination fee and carries a six (6.0%) interest rate. As of the date of this Filing, the Note is in good standing with the outstanding balance to this Holder being \$10,000 with accrued interest of \$51.

5) Issuer's Business, Products and Services

The purpose of this section is to provide a clear description of the issuer's current operations. In answering this item, please include the following:

A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

On July 21, 1998, the Company was incorporated under the laws of the State of Colorado as Newslink Networks TDS, Inc. On April 23,

1999, the Company changed its name to Westsphere Asset Corporation, Inc. On April 2, 2010, the Corporation changed its name to E-Debit Global Corporation. On July 25, 2018, the Company changed its name to GreenLink International Inc.

In March 2017, the Company pivoted towards providing good, services, technology and real estate to the legal licensed U.S. Cannabis sector. In 2018 the Company completed a comprehensive asset purchase acquiring the Cannabis & THC related intellectual property, licensing agreements, real estate leases and land purchase rights of AGHWA, LLC. The operations of the Company have been based in the State of Washington. The activities of the Company have focused on refining the brands and the business model for a dynamic and tightly regulated industry. The Company is expanding into other jurisdictions and industries throughout the United States, Canada and Europe.

The Company operates a 250-acre farm in central Washington state which it subleases facilities and portions of land to licensed cannabis growers and processors. The Company charges rents, equipment usage fees as well as sells materials & supplies to the Licensees. Company assets at the farm include: heavy machinery (bulldozer, tractor, dump truck, commercial flatbed) greenhouses, processing buildings, security equipment, commercial trimming machines, curing rooms, commercial nitrogen sealing/packaging equipment, hundreds of commercial lighting kits, fans/exhaust systems, commercial dehumidifiers and various other items needed by our tenants to run full scale commercial production facilities. The Company built and leased a fully compliant processing center that carries an MIE endorsement (Manufacture of Infused Edibles) in Washington State. Company assets leased to processors include: commercial ovens, extraction equipment, packaging and sealing machinery, commercial refrigeration, grinding/sifting machines, cleaning equipment, supplies and equipment for pre roll manufacturing, candy making equipment/machinery and various other assets needed to operate a commercial kitchen.

The Company has invested heavily in the farm's infrastructure including high-capacity water distribution systems and heavy amperage power delivery network. The Company has built out multiple three-to-five acre enclosed cultivation pads, complete with security systems, full power, and water delivery mechanisms. The Company plans on adding additional infrastructure such as commercial greenhouses, harvesting and drying structures as well as equipment storage & service structures.

The Company also subleases commercial and retail space in Tacoma, WA to licensed processors.

The Company intends to seek additional trademark and copyright protection on its portfolio of intellectual property.

B. Please list any subsidiaries, parents, or affiliated companies.

On May 2, 2018, the Company completed an Asset Purchase Agreement (AGHWA APA) with AGHWA, LLC. to acquire certain assets, brands, other intellectual I.P., equipment, real estate contracts and technology for service to legal licensed Cannabis operators within the state of Washington. The agreement provided for AGHWA, LLC to receive 250 million shares resulting in a 22.41% share of the issued and outstanding common equity of the Company. The Agreement also called for two of the Company's 5 seats on the board to be named by AGHWA and a 3rd seat to be a mutually agreeable independent party. The Agreement included a \$600,000 cash payment to AGHWA, LLC. The full agreement was filed as an attachment to a Form 8-K that was filed with the SEC on May 18, 2018.

C. Describe the issuers' principal products or services.

The Company has successfully licensed its family of brands, formulas and Standard Operating Procedures ("SOPs") in one of the most tightly regulated markets in the United States. The expansion model is fully established, and our intellectual property is being recognized as some of the most valuable in the space.

The Company has various proprietary brands, formulas, processes and trademarks which it licenses to the legal cannabis/hemp industry.

The Licensing agreements in place provide for the Company to act as a full-service resource for all non-cannabis ingredients, supplies or materials.

The Company has a well-established brand in Suncliff, that has developed a network of products and partnerships across multiple industries. Suncliff is a premium lifestyle brand focused on developing innovative produces in the Hemp and Cannabis space. Our intellectual property includes standard operating procedures for nearly every aspect of the cannabis and hemp industry from license application to full scale operations across a multi-state platform.

6) Issuer's Facilities

The goal of this section is to provide a potential investor with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer and the extent in which the facilities are utilized.

In responding to this item, please clearly describe the assets, properties or facilities of the issuer, give the location of the principal plants and other property of the issuer and describe the condition of the properties. If the issuer does not have

complete ownership or control of the property (for example, if others also own the property or if there is a mortgage on the property), describe the limitations on the ownership.

If the issuer leases any assets, properties or facilities, clearly describe them as above and the terms of their leases.

Fred Sebastian and Duke Capital, S.A. v. Greenlink Int'l, et al US District for Colorado - Case No: 1:20-cv-1788. The Company is named as a defendant in a lawsuit filed in U.S. District Court for the District of Colorado by two former shareholders of the company. The claims made by the plaintiffs relate to the Company's cancellation of 56,111,729 shares of the Company's common stock previously held by the plaintiffs. The Company cancelled the shares as the result of Orders entered by several Canadian provinces prohibiting the plaintiff Fred Sebastian from acquiring or trading in securities. The prohibition of Mr. Sebastian was the direct result of a fraud he perpetrated on an elderly person in Canada when he purportedly sold that person shares of the Company's stock without the Company's knowledge and under circumstances that constituted a fraud according to each of the Orders entered by the Canadian securities regulators. In addition, Mr. Sebastian and Duke Capital failed to pay an \$80,000+ obligation owed to the Company, despite the Company's repeated demands for payment. When the payment of the debt was not forthcoming the Company cancelled the shares. Plaintiffs are seeking recovery of the cancelled shares or, in the alternative, money damages. The company is aggressively defending the lawsuit and believes that it will ultimately prevail. The Company filed a Motion to Dismiss for Lack of Personal Jurisdiction and Failure to State a Claim, which the trial court referred to a Federal Magistrate for an initial determination on the Company's Motion. After considering Defendant's Motion and the Plaintiffs response and hearing the parties' oral argument on the Motion, on May 18, 2021, the Magistrate issued a ruling in which he recommended to the trial court that four of the total of five claims the plaintiffs made against the Company and the other defendant's be dismissed in their entirety. The Magistrate's ruling is a recommendation to the trial court and not a final ruling on the defendant's Motion to Dismiss. The trial court will make a final ruling on whether the Motion to Dismiss should be granted in accordance with the Magistrate's recommendation, in whole or in part.

Alberta and British Columbia Securities Cease Trading Orders. The Company is subject to Orders entered by the securities regulatory authorities for the Canadian provinces of Alberta and British Columbia. Each of the Orders was entered after the Company filed a Form 15G

with the United States Securities and Exchange Commission terminating its obligation to file periodic reports with the SEC. Thereafter the provinces entered the Orders on the basis that current public information was no longer available for the Company.
