Facts & Assumptions

In connection with rendering this letter, we have examined such corporate records and other documents and such law as we have deemed necessary or appropriate. In examining the documents, we have assumed, without any independent investigation, the genuineness of signatures (both manual and conformed), the authenticity of documents submitted as originals, the conformity with originals of all documents furnished as copies, the correctness of the facts set

forth in such documents, and that the signatories to such documents had all requisite power and authority and has taken all necessary action to duly execute such documents. Nothing came to our attention that led us to conclude that any such documents were not genuine or authentic, or that the facts set forth therein were not true, and all sources of information we have relied upon were believed to be reliable.

This opinion is expressed solely on the facts and assumptions set forth herein and is specifically limited to the examinations stated. After such examination, we know of no facts which lead us to conclude that any opinion set forth below is not correct.
