

SUPPLEMENTAL INFORMATION
FOR ASBERRY 22 HOLDINGS, INC. (ASHI)

March 24, 2023: CHANGE IN SHELL STATUS: The Company was previously a Shell company. The Company is changing its status as a shell company to NON-SHELL. The Company announces that it is no longer a shell, effective as of March 24, 2023

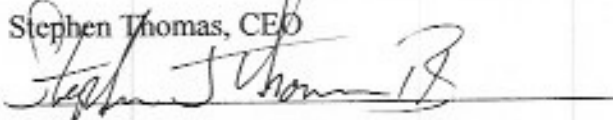

The Company believes that it is no longer a Shell Company under the SEC definition of a "Shell Company", because the Company has closed its merger/acquisition of TPT SpeedConnect LLC which is engaged in wireless Internet access services, from TPT Global Tech, Inc. The Company will operate as a majority owned subsidiary of TPT Global Tech, Inc. TPT SpeedConnect has substantial revenues and is seeking to expand its national footprint as a wireless internet carrier.

In the merger, Asberry 22 Holdings, Inc. is issuing 4,658.31733 shares of ASHI per SHARE of SpeedConnect for a total of 4,658,317 shares of ASHI to TPT, and in addition, TPT is buying the 500,000 Series A Super Majority Voting Convertible Preferred Stock.

The Company has appointed Stephen Thomas as its new CEO and as a director. Additionally, Rick Eberhardt has been appointed as a director. Michael A Littman has resigned as Secretary and director.

I attest that the foregoing is true and correct.

Stephen Thomas, CEO

A handwritten signature in black ink, appearing to read "Stephen Thomas", is written over a horizontal line. The signature is stylized and includes a large, sweeping flourish at the end.
