On April 16, 2021, Fastbase, Inc., a Nevada corporation ("Fastbase"), and SCI Inc. entered into a Share Purchase Agreement with James Shipley, the owner 50,000,000 shares of Series A Convertible Preferred Stock in Trustfeed Corp., for the purchase of 4,750,000 shares of Series A Convertible Preferred Stock for cash consideration of \$108,200 USD. Mr. Shipley agreed to cancel 45,000,000 shares in the process. The transaction closed on April 21, 2021.

On September 14, 2021, Trustfeed Corp. entered into a Contribution Agreement (the "Agreement") with Fastbase for the acquisition of certain assets of Fastbase in exchange for shares of super voting preferred stock in the Company. The assets are associated with Fastbase's review platform giving access to value information about products, which includes proprietary software to crawl, organize, verify, with A.I. rendering, algorithms to do data mining, and an A.I. rendering database of companies, websites, contacts and approximately 500,000 products descriptions. The Company paid for the assets contributed by issuing to Fastbase 45,000,000 shares of the Company's Series A Convertible Preferred Stock.

As a result of these transactions, there has been a change in control of the Company and Fastbase has voting control over all aspects of the Company, including the election of directors, and other corporate actions of the Company that require shareholder approval.

On September 2, 2022, Trustfeed Corp. conducted a reverse split of one to two thousand in which each shareholder was issued one common share in exchange for every two thousand common shares of their currently issued common stock.

On the market effective date of the reverse split, September 2, 2022, there were a total of 266,157 issued and outstanding shares of common stock, par value \$0.001, of Trustfeed Corp. In addition to the reverse split, the company approved a name change to Trustfeed Corp.

On October 26, 2022, Fastbase, Inc. requested that the board of directors cancel and return to unissued capital stock, the remaining shares of its Series A Convertible Preferred Stock in Trustfeed Corp., such that we would hold 500,000 shares of Series A Convertible Preferred Stock after the transaction.

On November 4, 2022, Trustfeed Corp. cancelled all outstanding shares of Series A Preferred Stock, save 500,000 shares of Series A Convertible Preferred Stock which are outstanding and held by Fastbase, Inc.

Also on November 4, 2022, Trustfeed reduced its authorized shares of common stock, par value \$0.001 per share, from 1,000,000,000 shares to 295,000,000 shares. Trustfeed also reduced the authorized shares of preferred stock, par value \$0.001 per share, from 75,000,000 shares to 500,000 shares. As of November 4, 2022, Trustfeed had authorized

295,000,000 shares of common stock and 500,000 shares of preferred stock, each with par value of \$0.001 per share.

Also on November 4, 2022, Trustfeed amended and restated its Certificate of Designation for the Series A Preferred Stock to reduce the number of authorized shares of preferred stock designated and available from 50,000,000 shares to 500,000 shares, with the same conversion ratio of 20 shares of common stock for every share of Series A Preferred Stock.

Finally, on November 4, 2022, Trustfeed filed Certificates of Withdrawal in Nevada to withdraw the Certificates of Designation for Series B Preferred Stock and Series C Preferred Stock. Following the transaction, the only designated and outstanding shares of preferred stock are the company's Series A Preferred Stock.

**Security Description:**

*The goal of this section is to provide a clear understanding of the material rights and privileges of the securities issued by the company. Please provide the below information for each class of the company's equity securities, as applicable:*

**1. For common equity, describe any dividend, voting and preemption rights.**

The common stock votes one vote per share on all matters brought before the shareholders of the company, including the election of directors. Shareholders are entitled to dividends if and when declared by the board of directors of the company. Until all the Series A Preferred Stock has been converted as provided herein, the Company shall not, directly or indirectly, redeem, or declare or pay any cash dividend or distribution on, its Common Stock without the prior express Written consent of the Holders of not less than sixty percent (60%) of the then outstanding Preferred Shares. The common stock of the company does not have preemption rights.

**2. For preferred stock, describe the dividend, voting, conversion, and liquidation rights as well as redemption or sinking fund provisions.**

The holders of Series A preferred Stock and the holders of Common Stock shall vote together and not as separate classes and the Series A Preferred Stock shall be counted on an "as converted" basis times Twenty (20). The Series A Preferred Stock converts into common stock at a ratio of 20 shares of common for each share of Series A Preferred Stock. Shareholders are entitled to dividends if and when declared by the board of directors of the company. The Series A Preferred Stock of the company does not have preemption rights.

**3. Describe any other material rights of common or preferred stockholders.**

In the event of any voluntary or involuntary liquidation dissolution or winding up of the Company, the Holders of the Series A Preferred Shares shall be entitled to receive in cash out of the assets of the Company, whether from capital or from earnings available for distribution to its stockholders (the "Liquidation Funds"), before any amount shall be paid to the holders of any of the capital stock or the Company of any class junior in rank to the Preferred Shares in respect of the preferences as to the distributions and payments on tile liquidation, dissolution and winding up of the Company, an amount per Preferred Share equal to \$0.009 and any accrued but unpaid Dividends (such sum being referred to as the "Liquidation Preference")

4. **Describe any material modifications to rights of holders of the company's securities that have occurred over the reporting period covered by this report.**

None.

### 3) **Issuance History**

The goal of this section is to provide disclosure with respect to each event that resulted in any direct changes to the total shares outstanding of any class of the issuer's securities **in the past two completed fiscal years and any subsequent interim period.**

Disclosure under this item shall include, in chronological order, all offerings and issuances of securities, including debt convertible into equity securities, whether private or public, and all shares, or any other securities or options to acquire such securities, issued for services. Using the tabular format below, please describe these events.

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Board of Directors and Stockholders  
Trustfeed Corp.

**Opinion on the Financial Statements**

We have audited the accompanying balance sheet of Trustfeed Corp. (the Company) as of December 31, 2022 and 2021, respectively and the related statement of operations, stockholders' deficit and cash flows for the period then ended and the related notes (collectively referred to as the financial statements). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2022 and 2021, and the results of its operations and its cash flows for each of the period then ended in conformity with accounting principles generally accepted in the United States of America.

**Basis for Opinion**

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit, we are required to obtain an understanding of internal control over financial reporting, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

**Going Concern Uncertainty**

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in note 3 to the financial statements, the Company has incurred losses since inception of \$681,833. For the year ended December 31, 2022, the Company had a net loss of \$181,124 and used cash in operations of \$214,929. These factors create an uncertainty as to the Company's ability to continue as a going concern. Management's plans in regard to these matters are also described in note 3. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

**Emphasis of Matters-Risks and Uncertainties**

The Company is not able to predict the ultimate impact that COVID -19 will have on its business. However, if the current economic conditions continue, the pandemic could have an adverse impact on the economies and financial markets of many countries, including the geographical area in which the Company plans to operate.

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2022**

**NOTE 1 – NATURE AND DESCRIPTION OF BUSINESS**

HealthMed Services, Ltd. the (“the Company”) was incorporated in the State of Nevada on September 14, 2000 as Telemex Communications, Inc. On July 14, 2003, the Company changed its name to HealthMed Services, Ltd. The Company has no operations and in accordance with Accounting Standards Codification (ASC) Topic 915 is considered to be in the development stage.

On April 16, 2021, A board member agreed to sell, assign, and transfer 4,850,000 shares of Company’s Series A Preferred Stock and deliver to the Company for cancellation and return to treasury 45,000,000 shares of Company Series A Preferred Stock.

On April 27, 2021, James Shipley resigned as President, Secretary, Treasurer, and Director of the Company at which time Rasmus Refer was appointed to these positions.

On September 23, 2022 the Company changed its name to Trustfeed Corp. and its ticker to TRFE.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

*Basis of presentation*

The Company’s financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

The financial statements have been prepared in accordance with accounting principles generally accepted in The United States of America and the rules and regulations of the OTC Markets alternative reporting standard for interim financial information. Accordingly, they do not include all the information necessary for a comprehensive presentation of financial position and results of operations.

It is management's opinion, however, that all material adjustments (consisting of normal and recurring adjustments) have been made which are necessary for a fair financial statements presentation. The results for the interim period are not necessarily indicative of the results to be expected for the year.

*Use of estimates*

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ significantly from those estimates.

*Cash and cash equivalents*

For the purpose of the statements of cash flows, all highly liquid investments with an original maturity of three months or less are considered to be cash equivalents. The carrying value of these investments approximates fair value. The Company did not have any cash equivalents as of December 31, 2022 and 2021.

*Stock-based compensation*

The Company follows ASC 718-10, "Stock Compensation", which addresses the accounting for transactions in which an entity exchanges its equity instruments for goods or services, with a primary focus on transactions in which an entity obtains employee services in share-based payment transactions. ASC 718-10 is a revision to SFAS No. 123, "Accounting for Stock-Based Compensation," and supersedes Accounting Principles Board ("APB") Opinion No. 25, "Accounting for Stock Issued to Employees," and its related implementation guidance. ASC 718-10 requires measurement of the cost of employee services received in exchange for an award of equity instruments based on the grant-date fair value of the award (with limited exceptions). Incremental compensation costs arising from subsequent modifications of awards after the grant date must be recognized.

*Earnings per share*

The Company follows ASC Topic 260 to account for the earnings per share. Basic earnings per common share (“EPS”) calculations are determined by dividing net income by the weighted average number of shares of common stock outstanding during the year. Diluted earnings per common share calculations are determined by dividing net income by the weighted average number of common shares and dilutive common share equivalents outstanding. During periods when common stock equivalents,

**(formerly HEALTHMED SERVICES, LTD)**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2022**

if any, are anti-dilutive they are not considered in the computation.

*Revenue recognition*

We recognize revenue in accordance with generally accepted accounting principles as outlined in the Financial Accounting Standard Board's ("FASB") Accounting Standards Codification ("ASC") 606, Revenue From Contracts with Customers, which requires that five basic criteria be met before revenue can be recognized: (i) identify the contract with the customer; (ii) identify the performance obligations in the contract; (iii) determine the transaction price; (iv) allocate the transaction price; and (v) recognize revenue when or as the entity satisfied a performance obligation.

Revenue recognition occurs at the time product is shipped to customers, when control transfers to customers, provided there are no material remaining performance obligations required of the Company or any matters of customer acceptance. We only record revenue when collectability is probable.

*Fair value of financial instruments*

The Company measures fair value in accordance with ASC 820 - Fair Value Measurements. ASC 820 defines fair value and establishes a three-level valuation hierarchy for disclosures of fair value measurements. ASC 820 establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements. To increase consistency and comparability in fair value measurements and related disclosures, ASC 820 establishes a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value into three (3) broad levels. The fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three (3) levels of fair value hierarchy defined by ASC 820 are:

Level 1 - Inputs are unadjusted, quoted prices in active markets for identical assets or liabilities at the measurement date.

Level 2 - Inputs (other than quoted market prices included in Level 1) are either directly or indirectly observable for the asset or liability through correlation with market data at the measurement date and for the duration of the instrument's anticipated life.

Level 3 - Inputs reflect management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and the risk inherent in the inputs to the model. Valuation of instruments includes unobservable inputs to the valuation methodology that are significant to the measurement of fair value of assets or liabilities.

As defined by ASC 820, the fair value of a financial instrument is the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale, which was further clarified as the price that would be received to sell an asset or paid to transfer a liability ("an exit price") in an orderly transaction between market participants at the measurement date.

The reported fair values for financial instruments that use Level 2 and Level 3 inputs to determine fair value are based on a variety of factors and assumptions. Accordingly, certain fair values may not represent actual values of the Company's financial instruments that could have been realized as of September 30, 2022 or that will be recognized in the future, and do not include expenses that could be incurred in an actual settlement. The carrying amounts of the Company's financial assets and liabilities, such as cash, accounts receivable, receivables from related parties, prepaid expenses and other, accounts payable, accrued liabilities, and related party and third-party notes payables approximate fair value due to their relatively short maturities. The Company's notes payable to related parties approximates the fair value of such instrument based upon management's best estimate of terms that would be available to the Company for similar financial arrangements at December 31, 2022 and 2021.

### **NOTE 3 - GOING CONCERN**

The accompanying consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities and commitments in the normal course of business.

Management evaluated all relevant conditions and events that are reasonably known or reasonably knowable, in the aggregate, as of the date the consolidated financial statements are issued and determined that substantial doubt exists about the Company's ability to continue as a going concern. The Company's ability to continue as a going concern is dependent on the Company's ability to generate revenues and raise capital. The Company has not generated any revenues to provide sufficient cash flows to enable the Company to finance its operations internally. As of December 31, 2022, the Company had \$225,619 cash on hand. At December 31, 2022 the Company has an accumulated deficit of \$681,833. For the year ended December 31, 2022, the Company had a net loss of \$181,124, and cash used in operations of \$214,929. These factors raise substantial doubt about the Company's ability to continue as a going concern within one year from the date of filing.

Over the next twelve months management plans to raise additional capital and to invest its working capital resources in sales and marketing in order to increase the distribution and demand for its products. However, there is no guarantee the Company will generate sufficient revenues or raise capital to continue operations. If the Company fails to generate sufficient revenue and obtain additional capital to continue at its expected level of operations, the Company may be forced to scale back or discontinue its sales and marketing efforts. The consolidated financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

#### Recent accounting pronouncements

Company management does not believe that any recently issued, but not yet effective accounting pronouncements, if adopted, would have a material effect on the accompanying financial statements.

### **NOTE 4 – RELATED PARTY TRANSACTIONS**

During the year ended December 31, 2022, the Company borrowed \$32,310 from a shareholder for payment of operating expenses. The advances have 0% interest and are due upon demand. As of December 31, 2022, and 2021, the Company had amounts due to related party of \$69,703 and \$32,694 respectively.

**NOTE 5 – INCOME TAXES**

For the years ended December 31, 2022 and 2021, the cumulative net operating loss carry-forward from continuing operations is approximately \$981,833 and \$800,709, respectively, and will expire beginning in the year 2031.

The cumulative tax effect at the expected rate of 21% of significant items comprising our net deferred tax amount is as follows as of December 31, 2022 and 2021:

	2021	2021
Deferred tax asset attributable to:		
Net operating loss carryover	\$ 206,185	\$ 168,149
Valuation allowance	(206,185)	(168,149)
Net deferred tax asset	<u>\$ --</u>	<u>\$ --</u>

Due to the change in ownership provisions of the Tax Reform Act of 1986, net operating loss carry forwards of approximately \$981,833 for Federal income tax reporting purposes are subject to annual limitations. Should a change in ownership occur, net operating loss carry forwards may be limited as to use in future years.

Due to the enactment of the Tax Reform Act of 2017, the corporate tax rate for those tax years beginning with 2018 has been reduced to 21%.

**NOTE 6 – STOCKHOLDERS' DEFICIT**

The Company is authorized to issue 1,000,000,000 authorized shares of common stock with a par value of \$0.001. On June 3, 2022, the Board authorized the execution of a reverse split of the issued and outstanding shares of the Corporation's common stock at a ratio of up to one post-split share per two thousand pre-split shares (1:2,000) at a time and exact ratio amount the Board of Directors deems appropriate. On September 2, 2022, FINRA approved a 1-for-2,000 reverse stock split of the Company's common stock that was approved by the Company's Board of Directors. The Company's equity transactions have been retroactively restated to reflect the effect of the stock split. The Company had 267,398 and 313,657 issued and outstanding shares of common stock as of September 30, 2022 and December 31, 2021, respectively.

The Company also has 75,000,000 authorized shares of preferred stock with a par value of \$0.001 of which the Company has designated 50,000,000 shares as Series A Preferred Stock. Each share of Series A Preferred Stock is convertible, at any time, at the option of the holder at a rate of 30% of the market price of the stock based on a 10 day average trading price of the common stock. In addition, the holders of the Series A Preferred have voting rights equal to 20 votes for each Preferred share held. As of September 30, 2022 and December 31, 2021, 5,000,000 and 5,000,000 shares of Series A Preferred stock issued and outstanding.

The Company has also designated 7,500,000 Series B Preferred shares, and 15,000,000 Series C Preferred shares. No shares of Series B Preferred stock or Series C Preferred Stock are issued and outstanding.

During the year ended December 31, 2022, a shareholder returned and the Company cancelled 47,500 shares of common stock (post-split).

During the year ended December 31, 2022 the Company issued 1,315,000 shares of common stock for cash proceeds of \$192,500 as well as third party common stock valued at \$162,000 which was transferred to a consultant and recorded as consultant compensation. Additionally, the Company agreed to issue 271,896 shares of common stock for cash proceeds of \$37,044. As of December 31, 2022 the shares had not been issued and were recorded as stock payable.

During the year ended December 31, 2022 shareholders of the Company's Series A Preferred Stock elected to convert 5,300,000 shares of Series A Preferred Stock into 106,000,000 shares of the Company's common stock.

## 5) Issuer's Business, Products and Services

The purpose of this section is to provide a clear description of the issuer's current operations. In answering this item, please include the following:

### A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

The Company, Trustfeed Corp., was in the business of acquiring, leasing, and licensing growers for the cultivation and production (processing and distribution of cannabis and cannabis-related products within an incubator environment). The Company was also in the business of renewable fresh water and real estate.

As a result of the change in ownership of the Company, the Company is now a technology company with access to a global database of information to provide consumers with trusted information about the companies they do business with.

To make sound purchasing decisions, consumers need to trust the companies they buy from and the products they sell. Three big problems stand in the way.

### 1. Finding Trustworthy Company Information

There is no go-to place to get reliable company information. In each country the Government may have a searchable database which will give very basic information. One would need to look at the company website, LinkedIn, Glassdoor, Google My Business or paid services like LinkedIn Sales Navigator, D&B or Forrester. Review sites have little real information about the company. They mostly focus on a brief description and it varies from one site to the other.

When over 50% of Amazon sales are made through third party sellers (42 billion USD in third party service revenues) it is important to be able to have fundamental information available about a company. A European-sounding company name like Elle Network may turn out to be located in Zhengzhou City, and that can affect delivery times and returns or product support.

### 2. Trusting reviews

On the other hand, there is no shortage of review sites. Regardless of whether a business buyer (B2B) or a consumer (B2C) there are a few options to perform due diligence and research the companies and products on offer. B2B buyers of software will use one of the growing numbers of software reviewing sites that aggregate reviews like G2, Capterra or IT Central Station. Any company can create a listing. To encourage reviews, incentives are offered, or the vendor sends the invitation to the reviewer.

B2C buyers go to sites that specialize in consumer product reviews for anything from kitchen goods to garden furniture. Most people are familiar with sites like Amazon, Trustpilot, Best Buy, Google and Yelp. Nearly half of U.S. internet users start product searches on Amazon compared to 35% on Google.

There are good reviews and bad reviews. It is not possible to tell whether a glowing review was written by the business owner, its employee or a paid reviewer. A study of fraud found that up to 16% of Yelp review were suspicious. Some Amazon categories had up to 64% of fake reviews.

Bad reviews are written not just by consumers. They are written by the competition, disgruntled employees, in naming and shaming or just for malicious fun.

Many sites combine reviews in their comments sections. It is so easy to manipulate site content that reviews are becoming less trustworthy every day. Even the review sites themselves are often shills for companies or affiliate programs.

### The Trustfeed Solution

Trustfeed is a technology company with access to a global database of company information. Trustfeed offers

software-as-a-service (“SaaS”) based applications and services to its business and consumer customers.

- Trustfeed is ambitious. The company’s goal is to be the leading global review platform within two years.
- Trustfeed believes that trust is the foundation of the buyer digital journey. Consumers are jaded by the ‘wild west’ approach to reviews and company information and want the reassurance that the information they are reading is from a reliable authority.
- State-of-the-art crawler technology, machine learning and Artificial intelligence tools are the techniques behind this fight for trustworthy information.

### **Crawl, Aggregate, Verify and Organize (COVA)**

Using Trustfeed’s COVA system of gather and organizing data users are able to access value information about companies spanning 130 countries. They will get an immediate picture of the company and products based on source information and in addition there will be an aggregate view of reviews.

Using complex algorithms Trustfeed will calculate a rating that takes into account many other reviews already done, remove any suspicious ones and provide you with the most likely version of facts.

### **Business Model**

Trustfeed introduced a flexible, modular subscription model where businesses can use Trustfeed’s basic services for free and will be able to subscribe for additional paid services on Trustfeed’s platform.

Extended options will be added for companies to access their profile and contribute additional useful information, org charts, product information and contact points.

Users will be able to contribute their own reviews of products.

Trustfeed is a technology company with a massive database of company information and state-of-the-art web-crawling technology that continuously adds more data.

Our capital is the data we have aggregated and organized and the know-how to collect it. The data from over 50 million company domains forms the back-bone of the Trustfeed solution.

Trustfeed aims to be the uber review-site and put trust back into the review equation.

B. Please list any subsidiaries, parents, or affiliated companies.

C. Describe the issuers’ principal products or services.

See Section 5(A) above.

## **6) Issuer’s Facilities**

The goal of this section is to provide a potential investor with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer and the extent in which the facilities are utilized.

In responding to this item, please clearly describe the assets, properties or facilities of the issuer, give the location of the principal plants and other property of the issuer and describe the condition of the properties. If the issuer does not have complete ownership or control of the property (for example, if others also own the property or if there is a mortgage on the property), describe the limitations on the ownership.

If the issuer leases any assets, properties or facilities, clearly describe them as above and the terms of their leases.

Our principal executive offices are located at: 140 Broadway, 46th Floor New York, NY 10005. We pay \$200 USD per month for this lease.

We also own a property used as office space located in Denmark at: Vaerkstedvej 36, Valby, 2500 Denmark. We purchased the property on June 1, 2021 for 2,900,000 Danish Krone, roughly \$412,960 USD. We believe that our properties are adequate for our current needs, but growth may require larger facilities due to anticipated addition of personnel. We do not have any policies regarding investments in real estate, securities or other forms of property.

## 7) Company Insiders (Officers, Directors, and Control Persons)

The goal of this section is to provide an investor with a clear understanding of the identity of all the persons or entities that are involved in managing, controlling or advising the operations, business development and disclosure of the issuer, as well as the identity of any significant or beneficial shareholders.

Using the tabular format below, please provide information, as of December 31, 2022, regarding any person or entity owning 5% or more of any class of the issuer's securities, as well as any officer, and any director of the company, or any person that performs a similar function, regardless of the number of shares they own. **If any insiders listed are corporate shareholders or entities, provide the name and address of the person(s) beneficially owning or controlling such corporate shareholders, or the name and contact information (City, State) of an individual representing the corporation or entity in the note section.**

Name of Officer/Director or Control Person	Affiliation with Company (e.g. Officer Title /Director/Owner of more than 5%)	Residential Address (City / State Only)	Number of shares owned	Share type/class	Ownership Percentage of Class Outstanding	Note

\*\*\* Shareholdings are as of December 31, 2022.

## 8) Legal/Disciplinary History

A. Please identify whether any of the persons or entities listed above have, in the past 10 years, been the subject of:

1. A conviction in a criminal proceeding or named as a defendant in a pending criminal proceeding (excluding traffic violations and other minor offenses);

None

2. The entry of an order, judgment, or decree, not subsequently reversed, suspended or vacated, by a court of competent jurisdiction that permanently or temporarily enjoined, barred, suspended or otherwise limited such person's involvement in any type of business, securities, commodities, or banking activities;

None

3. A finding or judgment by a court of competent jurisdiction (in a civil action), the Securities and Exchange Commission, the Commodity Futures Trading Commission, or a state securities regulator of a violation of federal or state securities or commodities law, which finding or judgment has not been reversed, suspended, or vacated; or

None

4. The entry of an order by a self-regulatory organization that permanently or temporarily barred, suspended, or otherwise limited such person's involvement in any type of business or securities activities.

None

- B. Describe briefly any material pending legal proceedings, other than ordinary routine litigation incidental to the business, to which the issuer or any of its subsidiaries is a party or of which any of their property is the subject. Include the name of the court or agency in which the proceedings are pending, the date instituted, the principal parties thereto, a description of the factual basis alleged to underlie the proceeding and the relief sought. Include similar information as to any such proceedings known to be contemplated by governmental authorities.
