**MIRAGE ENERGY CORPORATION**  
**NOTES TO FINANCIAL STATEMENTS**  
**July 31, 2023**  
**(UNAUDITED)**

**NOTE 1 - ORGANIZATION AND DESCRIPTION OF BUSINESS**

Mirage Energy Corporation (formerly Bridgewater Platforms Inc.) (the “Company”) is a Nevada corporation incorporated on May 6, 2014. On May 20, 2014, the Company incorporated a Canadian subsidiary known as Bridgewater Construction Ltd. in Ontario in association with its construction business. Mirage Energy Corporation is based at 900 Isom Rd Suite 306, San Antonio, TX 78216. The Company’s fiscal year end is July 31.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Presentation**

The Financial Statements and related disclosures have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission (“SEC”). The Financial Statements have been prepared using the accrual basis of accounting in accordance with Generally Accepted Accounting Principles (“GAAP”) of the United States.

In the opinion of management, all adjustments consisting of normal recurring entries necessary for a fair statement of the periods presented for: (a) the financial position; (b) the result of operations; and (c) cash flows, have been made in order to make the financial statements presented not misleading. The results of operations for such interim periods are not necessarily indicative of operations for a full year. These interim consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto contained in the Company’s 10-K filed with the Securities and Exchange Commission on January 21, 2022.

**Net Income (Loss) Per Share of Common Stock**

The Company has adopted ASC Topic 260, “Earnings per Share,” (“EPS”) which requires presentation of basic EPS on the face of the income statement for all entities with complex capital structures and requires a reconciliation of the numerator and denominator of the basic EPS computation. In the accompanying financial statements, basic income (loss) per share is computed by dividing net income (loss) by the weighted average number of shares of common stock outstanding during the period. Diluted earnings (loss) per share is computed by dividing **net income** (loss) by the weighted average number of common shares outstanding plus common stock equivalents (if dilutive) related to convertible debt, stock options and warrants for each year. In the period of net loss, diluted EPS calculation is not deemed necessary as the effect would be anti-dilutive.

As of July 31, 2023 and July 31, 2022, the Company has convertible notes with a total base principal of \$ 0 and \$ 0, respectively, which become convertible in 180 days. As of this report date, all convertible shares have been converted to common stock.

## Basis of Consolidation

These financial statements include the accounts of the Company and its wholly owned subsidiaries, 4Ward Resources, Inc., Cenote Energy, S. de R.L. de C.V., WPF Transmission, Inc., and WPF Mexico Pipelines, S. de R.L. de C.V. All material intercompany balances and transactions have been eliminated.

## Financial Instruments

The Company's notes that have become convertible are subject to ASC Topic 480, "Distinguishing Liabilities from Equity," as the debt is a mostly fixed amount to be settled with a variable number of shares.

## Recent Accounting Pronouncements

In February 2016, the FASB issued ASU 2016-02, Leases, which will amend current lease accounting to require lessees to recognize (i) a lease liability, which is a lessee's obligation to make lease payments arising from a lease, measured on a discounted basis, and (ii) a right-of-use asset, which is an asset that represents the lessee's right to use, or control the use of, a specified asset for the lease term. ASU 2016-02 does not significantly change lease accounting requirements applicable to lessors; however, certain changes were made to align, where necessary, lessor accounting with the lessee accounting model. This standard will be effective for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. The Company has reviewed these provisions and will apply to the fiscal year which begins August 1, 2021, as we follow the private company effective dates as an Emerging Growth Company which have been extended due to COVID-19.

## NOTE 3 - GOING CONCERN

The Company's financial statements are prepared using accounting principles generally accepted in the United States of America applicable to a going concern which contemplates the realization of assets and liquidation of liabilities in the normal course of business. The Company had a net loss of \$5,818 and had net cash used in operations of \$ 34,390 for the three months ended July 31, 2023 and had an accumulated deficit of \$ 16,994,890 at that date. The Company has not established an ongoing source of revenues sufficient to cover its operating cost and requires additional capital to commence its operating plan. If the Company is unable to obtain adequate capital, it could be forced to cease operations. These factors raise substantial doubt about its ability to continue as a going concern.

In order to continue as a going concern, the Company will need, among other things, additional capital resources. Management's plan to obtain such resources for the Company may include, but not be limited to: sales of equity instruments; traditional financing, such as loans; sale of participation interests and obtaining capital from management and significant stockholders sufficient to meet its minimal operating expenses. However, management cannot provide any assurance that the Company will be successful in accomplishing any of its plans.

There is no assurance that the Company will be able to obtain sufficient additional funds when needed or that such funds, if available, will be obtainable on terms satisfactory to the Company. In addition, profitability will ultimately

depend upon the level of revenues received from business operations. However, there is no assurance that the Company will attain profitability. The accompanying financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

#### NOTE 4 - DEBT

As of July 31, 2023, all convertible debt by the Company has been converted to common stock.

For the year ending July 31, 2023, the Company did not receive any proceeds from convertible notes.

## NOTE 6 - LEASES

On June 9, 2016, the Company entered into a Lease Agreement for its San Antonio, Texas office lease location.

The Lease Period was for three (3) years beginning July 1, 2016. On July 1, 2019, the Company entered into a First Amendment to Lease Agreement for three (3) years beginning July 1, 2019 at same location. The landlord continues to hold \$6,921 as security which is to be returned at the end of the new lease. The Company shall pay as additional rent all other sums of money as shall become due and payable by them under this Lease. To date after twenty-eight (28) months of this thirty-six (36) month lease, no such additional charges have been made.

## **NOTE 7 - COMMITMENTS AND CONTINGENCIES**

The Company committed to eighteen (18) months of Acquisition of Pipeline Rights of Way to Marcos y Asociados with a total amount of \$77,844 which was due April 15, 2018 and not paid as of July 31, 2023. Interest will continue accruing after April 30, 2022 until it is paid.

From time to time the Company may become a party to litigation matters involving claims against the Company. Management believes that it is adequately insured for its operations and there are no current matters that would have a material effect on the Company's financial position or results of operations.

## **NOTE 8 - EQUITY**

The issuance of all shares of common stock are detailed in the Disclosure Statement which are part of these financial statements.

## **NOTE 9 - SUBSEQUENT EVENTS**

The Company evaluated events occurring after July 31, 2023, but did not identify any that would require disclosure in these financial statements.

## Corporate Overview

### Company’s Plans

The Company has proposed to develop an integrated natural gas pipeline system in Texas and Mexico. The purpose of these pipelines will transport and store natural gas in an underground natural gas storage facility, which the Company proposes to permit and develop in northern Mexico. The Company has completed the design and engineering work which was presented to the representatives of various Mexican regulatory agencies.

On June 11, 2020, the Company received a financing Term Sheet from Bluebell International, LLC (BBI) for \$4 Billion plus an interest reserve and payment of Closing Costs. The equity would split with Mirage owning 25% after closing. Mirage would have no payment obligation regarding any of the \$4 Billion loan. Mirage would be responsible for construction and after construction management.

The Projects which will be initially developed include:

- Mirage 1 - Burgos Hub Storage & Gas Pipeline (natural gas)

“Brasil Field” is the gas storage facility

“Concho Line” “Progreso Line” “Progreso Crossing” “Storage Line” (pipeline running from Aqua Dulce / Banquette to the Brasil Field storage facility)

- Mirage 2 - 48-inch Pipeline Rehabilitation (natural gas)  
Pipeline running from Reynosa, Mexico to Nuevo
- Mirage 3 - 30-inch and 48-inch Pipeline Rehabilitation (crude oil)  
Bi-directional transport of crude oil across the Tehuantepec Isthmus of Mexico

BBI has completed its Due Diligence activities prior to a Final Closing.

### Discussion and Analysis of Financial Condition and Results of Operations

#### Revenues

For the years ended July 31, 2023 or July 31, 2022, we generated no revenue and incurred net losses of \$ 71,942 and \$ 844,269 respectively.

## Costs and Expenses

Our primary costs going forward are related to travel, professional fees, legal fees, financing fees and salaries and related payroll taxes associated with our proposed pipeline and natural gas storage activities in Mexico and Texas.

## Liquidity and Capital Resources

### Liquidity

To date, we have funded our operations primarily with capital provided and loans provided by related parties, accruing of salaries and accounts payable. We do not currently have commitments regarding fixed costs.

As of July 31, 2023, Mirage Energy Corporation had \$ 1,644 in cash on hand and prepaid expenses of \$22,257. Since Mirage Energy Corporation was unable to reasonably project its future revenue, it must presume that it will not generate any revenue during the next twelve (12) to twenty-four (24) months. We therefore will need to obtain additional debt or equity funding in the next two (2) – three (3) months, but there can be no assurances that such funding will be available to us in sufficient amounts or on reasonable terms.

The Company's audited financial statements for the year ended July 31, 2021 contain a "going concern" qualification. As discussed in Note 3 of the Notes to Financial Statements, the Company has incurred losses and has not demonstrated the ability to generate cash flows from operations to satisfy its liabilities and sustain operations. Because of these conditions, our independent auditors have raised substantial doubt about our ability to continue as a going concern.

Our financial objective is to make sure the Company has the cash and debt capacity to fund on-going operating activities, investments and growth. We intend to fund future capital needs through our current cash position, additional credit facilities, future operating cash flow and debt or equity financing. We are continually evaluating these options to make sure we have capital resources to meet our needs.

Existing capital resources are insufficient to support continuing operations of the Company over the next 12 months.

Management makes no assurances that adequate capital resources will be available to support continuing operations over the next 12 months. Management plans to pursue additional capital funding through multiple sources.

While no assurances can be given regarding the achievement of future results as actual results may differ materially, management anticipates adequate capital resources to support continuing operations over the next 12 months

through the combination of infused capital through exercised warrants, infused capital through non-public private placement and existing cash reserves.

### Item 3. Quantitative and Qualitative Disclosures About Market Risk.

As a “smaller reporting Company”, we are not required to provide the information required by this Item.

### **Item 4. Controls and Procedures.**

#### Management’s Report on Disclosure Controls and Procedures

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our reports filed under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission’s rules and forms, and that such information is accumulated and communicated to our management, including our president (our principal executive officer, principal financial officer and principal accounting officer) to allow for timely decisions regarding required disclosure.

As of the end of the quarter covered by this report, we carried out an evaluation, under the supervision and with the participation of our president (our principal executive officer, principal financial officer and principal accounting officer), of the effectiveness of the design and operation of our disclosure controls and procedures. Based on the foregoing, our president (our principal executive officer, principal financial officer and principal accounting officer) concluded that our disclosure controls and procedures were not effective as of the end of the period covered by this quarterly report due to our limited number of officers and members of the Board of Directors.

#### Changes in Internal Control over Financial Reporting

There have been no changes in our internal controls over financial reporting that occurred during the years ended July 31, 2023 or July 31, 2022, that have materially or are reasonably likely to materially affect, our internal controls over financial reporting.
