Quarterly Report

For the period ending September 30, 2023 (the "Reporting Period")

The number of shares outstanding of our Common Stock was:
276,427,437 as of September 30, 2023
256,727,437 as of December 31, 2022
70,844,180 as of December 31, 2021
Shell Status Indicate by check mark whether the company is a shell company (as defined in Rule 405 of the Securities Act of 1933, Rule 12b-2 of the Exchange Act of 1934 and Rule 15c2-11 of the Exchange Act of 1934):
Yes: □ No: ⊠
Indicate by check mark whether the company's shell status has changed since the previous reporting period:
Yes: □ No: ⊠
<u>Change in Control</u> Indicate by check mark whether a Change in Control ¹ of the company has occurred over this reporting period:
Yes: □ No: ⊠

¹ "Change in Control" shall mean any events resulting in:

⁽i) Any "person" (as such term is used in Sections 13(d) and 14(d) of the Exchange Act) becoming the "beneficial owner" (as defined in Rule 13d-3 of the Exchange Act), directly or indirectly, of securities of the Company representing fifty percent (50%) or more of the total voting power represented by the Company's then outstanding voting securities:

⁽ii) The consummation of the sale or disposition by the Company of all or substantially all of the Company's assets;

⁽iii) A change in the composition of the Board occurring within a two (2)-year period, as a result of which fewer than a majority of the directors are directors immediately prior to such change; or

⁽iv) The consummation of a merger or consolidation of the Company with any other corporation, other than a merger or consolidation which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity or its parent) at least fifty percent (50%) of the total voting power represented by the voting securities of the Company or such surviving entity or its parent outstanding immediately after such merger or consolidation.

1) Name and address(es) of the issuer and its predecessors (if any)

In answering this item, provide the current name of the issuer any names used by predecessor entities, along with the dates of the name changes.

Psycheceutical Bioscience, Inc. (March 7, 2022) In connection with amending and restating our charter with the State of Nevada, effective March 7, 2022 our registered legal name was changed to Psycheceutical Bioscience, Inc. We submitted an Issuer Company Related Action Notification request to process information relating to our name change and proposed symbol change with FINRA on February 14, 2022. On September 15, 2022, FINRA's Department of Market Operations (the "Department") informed us of its determination that such request was deficient, and that documentation related to our name change and proposed symbol change will not be processed (the "Denial"). The Department based its deficiency determination on the fact that prior management failed to file certain required annual and quarterly reports with the SEC from June 30, 2012 through March 31, 2014, even though we have not been required to file annual or quarterly reports with the Securities and Exchange Commission (the "SEC") since June 5, 2014. We appealed the Department's determination to a subcommittee of FINRA's Uniform Practice Code Committee (the "Committee"). On November 30, 2022, the Committee reviewed the Department's Denial, and on December 1, 2022, the Committee informed us that it affirmed the Department's Denial. Current management made the decision to not appeal the Committee's decision to the SEC based on several factors, including the time and expense required to do so.

Since a corporation's registered legal name is governed by state law, our registered legal name remains

Psycheceutical Bioscience, Inc., notwithstanding the Denial. However, because the OTC Markets Group, Inc. is subject to FINRA's decisions, our common stock continues to trade on the Pink Sheets under our former name of Blue Water Ventures International, Inc. and the stock symbol BWVI.

Blue Water Ventures International, Inc. (June 21, 2012)
SmartPay Express, Inc. (April 15, 2008)
Axiom III (December 3, 2004)

The state of incorporation or registration of the issuer and of each of its predecessors (if any) during the past five years; Please also include the issuer's current standing in its state of incorporation (e.g. active, default, inactive):

Nevada, Active

Describe any trading suspension orders issued by the SEC concerning the issuer or its predecessors since inception:

None

Security Description:

The goal of this section is to provide a clear understanding of the material rights and privileges of the securities issued by the company. Please provide the below information for each class of the company's equity securities, as applicable:

1. For common equity, describe any dividend, voting and preemption rights.

<u>Dividend Rights</u>. Subject to the rights of holders of any preferred stock having preference as to dividends and except as otherwise provided by our Amended and Restated Articles of Incorporation, as amended from time to time (the "Articles") or the Nevada Revised Statutes ("NRS"), the holders of Common Stock shall be entitled to receive dividends when, as and if declared by the board of directors out of assets legally available therefor.

<u>Voting Rights</u>. Except as otherwise provided by the NRS, the holders of the issued and outstanding shares of Common Stock are entitled to one vote for each share of common stock. No holder of shares of Common Stock has the right to cumulate votes.

Preemptive Rights. The holders of Common Stock do not have any preemptive rights.

2. For preferred stock, describe the dividend, voting, conversion, and liquidation rights as well as redemption or sinking fund provisions.

<u>Dividend Rights</u>. Except as otherwise set forth in the Articles, no dividend of any type or kind, whether cash, stock or otherwise, shall be declared or paid, or funds or stock set apart for the payment of, or other distributions of any type or kind, on any Series B Preferred Stock for any period, and no Series B Preferred Stock may be repurchased, redeemed or otherwise retired, nor may funds be set apart for such payment without unanimous approval of all of the members of the board of directors. The corporation shall not declare, pay or set aside any dividends of any type or kind in respect of any shares of Common Stock unless it declares, pays or sets aside a portion of such dividends exclusively for shares of Series B Preferred Stock then outstanding equal to the amount holders of the Series B Preferred Stock would have received had all shares of Series B Preferred Stock been converted immediately prior to the record date of any such dividend, which shall be distributed pro-rata to the holders of Series B Preferred Stock.

<u>Voting Rights</u>. The holder of each share of Series B Preferred Stock shall have the right to 5,000 votes for each such share of Series B Preferred Stock on all matters voted upon by the holders of Common Stock. Except as required by law, the holders of Series B Preferred Stock shall vote together with the Common Stock as a single class and shall not be entitled to vote on any matter as a separate class or series. Fractional votes by the holders of Series B Preferred Stock shall not be permitted, and any fractional voting rights shall be rounded to the nearest whole share (with one-half being rounded upward). There is no right to cumulative voting in the election of directors. With respect to any vote by the holders of Common Stock, the holders of Series B Preferred Stock shall be entitled to notice of any stockholders' meeting in accordance with the corporation's bylaws.

<u>Conversion Rights</u>. All issued and outstanding shares of Series B Preferred Stock shall automatically be converted into fully paid and non-assessable shares of Common Stock, without the payment of additional consideration by the holders thereof, on the date immediately following (the "Conversion Date") the effective date of any reverse split of Common Stock, where outstanding shares of Common Stock are reclassified and changed into fewer shares of outstanding Common Stock, at a conversion rate of 5,000 shares of Common Stock for every one share of Series B Preferred Stock.

- (i) Mechanics of Conversion. On the Conversion Date, the corporation's transfer agent shall deliver in book-entry form to each holder of the Series B Preferred Stock the shares of Common Stock issuable upon conversion in accordance with the provisions hereof.
- (ii) Adjustments for Reorganization, Reclassification, Subdivision, Combination, Stock Split or Similar Events. If at any time prior to the Conversion Date, Common Stock shall be changed into the

same or a different number of shares of Common Stock or any other class or classes of stock or other securities or property, whether by stock split, capital reorganization, reclassification, subdivision, combination or otherwise, then each share of Series B Preferred Stock shall thereafter be convertible into such number of shares of Common Stock or other class or classes of stock or other securities or property to which a holder of the number of shares of Common Stock deliverable upon conversion of such share of Series B Preferred Stock shall have been entitled to receive upon such reorganization, reclassification, subdivision, combination or other event (such conversion deemed to have taken place immediately before the stock split, reorganization, reclassification, subdivision, combination or other event). For clarity, in the event of a reverse stock split, the conversion ratio stated above in this Section 4(e) shall be modified to be decreased by the same ratio as the reverse split.

- (iii) No Fractional Shares. No fractional shares of Common Stock or scrip shall be issued upon conversion of shares of Series B Preferred Stock. In lieu of any fractional share to which the holder would be entitled based on the number of shares of Series B Preferred Stock held by such holder, the corporation shall issue a number of shares to such holder rounded up to the nearest whole number of shares of Common Stock. No cash shall be paid to any holder of Series B Preferred Stock by the corporation upon conversion of Series B Preferred Stock by such holder.
- (iv) Reservation of Stock. The corporation shall at all times when any shares of Series B Preferred Stock shall be outstanding, reserve and keep available out of its authorized but unissued Common Stock, such number of shares of Common Stock as shall from time to time be sufficient to carry-out the conversion of all outstanding shares of Series B Preferred Stock. If at any time the number of authorized but unissued shares of Common Stock shall not be sufficient to carry-out the conversion of all outstanding shares of the Series B Preferred Stock, the corporation will take such corporate action as may, in the opinion of its counsel, be necessary to increase its authorized but unissued shares of Common Stock to such number of shares as shall be sufficient for such purpose.

<u>Liquidation Rights.</u> Series B Preferred Stock shall, with respect to rights on liquidation, winding up and dissolution, rank *pari passu* with the Common Stock and stock of any other class of securities into which such securities may hereafter be reclassified or changed.

<u>Redemption and Sinking Fund Rights.</u> The holders of Series B Preferred Stock do not have any redemption or sinking fund rights.

3. Describe any other material rights of common or preferred stockholders.

None

4. Describe any material modifications to rights of holders of the company's securities that have occurred over the reporting period covered by this report.

None

3) Issuance History

The goal of this section is to provide disclosure with respect to each event that resulted in any changes to the total shares outstanding of any class of the issuer's securities in the past two completed fiscal years and any subsequent interim period.

Disclosure under this item shall include, in chronological order, all offerings and issuances of securities, including debt convertible into equity securities, whether private or public, and all shares, or any other securities or options to acquire such securities, issued for services. Using the tabular format below, please describe these events.

A. Changes to the Number of Outstanding Shares

Indicate by check mark whether there were any changes to the number of outstanding shares within the past two completed fiscal years:

No: \square Yes: \boxtimes (If yes, you must complete the table below)

Shares Outstanding	g on Date of This	s Report:				-		•	
	Ending Bala	ance							
Date 9/30/2023 Common: 276,427,437									
	Preferred:	161,700							

Example: A company with a fiscal year end of December 31st, in addressing this item for its Annual Report, would include any events that resulted in changes to any class of its outstanding shares from the period beginning on January 1, 2021 through December 31, 2022 pursuant to the tabular format above.

Use the space below to provide any additional details, including footnotes to the table above:

- (1) The board of directors approved the issuance of the Series A preferred shares to Keith Webb on August 23, 2021 as payment in full for outstanding debt owed to Mr. Webb in the amount of \$414,092 as of June 30, 2021. Prior to actual issuance of the Series A Preferred shares to Mr. Webb, effective September 30, 2021, he assigned and transferred all of his right title and interest in and to the Series A Preferred shares to Roger Tichenor and Jeffery Bahnsen, ½ or 300 shares to each person in a private transaction. The Company issued 300 Series A preferred shares to each of Mr. Tichenor and Mr. Bahnsen as of September 30, 2021. These shares were converted into common shares on January 20, 2022 in connection with the Merger.
- (2) For every one share of common stock purchased, the investor received a warrant to purchase one additional share of common stock at an exercise price of \$0.10 per share. The warrants expire on March 31, 2025.
- (3) Incentive and non-qualified stock options granted by the Option Subcommittee of our Board of Directors to a total of ten people who are executive officers, members of the board of directors, members of the Medical Advisory Board,

employees or other advisors pursuant to the Psycheceutical Bioscience, Inc. 2022 Stock Plan. The per share exercise price of the incentive stock options is \$0.132, and for the non-qualified stock options it is \$0.12.

- (4) Securities were issued to and in the name of the entity, and the named individual is the person with voting/investment control over the securities.
- **(5)** Jason Eddie Jarrett and Lindi Holmes Jarrett, Trustees for Jarrett Family Revocable Living Trust, have voting/investment control over the securities.
- **(6)** Aaron Ray and William Cronin each own 50% of the outstanding membership interest in Cantheon Capital, LLC, and have voting/investment control over the securities.

B. Promissory and Convertible Notes

Indicate by check mark whether there are any outstanding promissory, convertible notes, convertible debentures, or any other debt instruments that may be converted into a class of the issuer's equity securities:

No: ☐ Yes: ☒ (If yes, you must complete the table below)

Date of Note Issuance	Outstanding Balance (\$)	Principal Amount at Issuance (\$)	Interest Accrued (\$)	Maturity Date	Conversion Terms (e.g. pricing mechanism for determining conversion of instrument to shares)	Name of Noteholder. *You must disclose the control person(s) for any entities listed.	Reason for Issuance (e.g. Loan, Services, etc.)
3/29/2023	<u>556,849(1</u>)	500,000	31,849 (1)	6/29/2023 (1)	<u>None</u>	Excel Family Partners, LLLP (2)	<u>Loan</u>

Use the space below to provide any additional details, including footnotes to the table above:

- (1) Outstanding balance is as of September 30, 2023 and includes an initial flat funding fee of \$25,000 that was to be paid at maturity in lieu of interest accruing during the term of the loan. The loan is in default and interest began accruing at the rate of 25% per annum on the maturity date when the initial principal amount and funding fee were not paid in full as required.
- (2) Mr. Bruce Cassidy controls and is the sole beneficial owner of Excel Family Partners, LLLP.

4) Issuer's Business, Products and Services

The purpose of this section is to provide a clear description of the issuer's current operations. (Please ensure that these descriptions are updated on the Company's Profile on www.otcmarkets.com).

A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

Through our wholly-owned subsidiary, Psycheceutical, Inc., we are a pharmaceutical company with patented Janus particle production and novel delivery technologies that is intended to bring the highest levels of safety and efficacy to psychedelic compounds for the medical and pharmaceutical industries.

B. List any subsidiaries, parent company, or affiliated companies.

We have two direct wholly-owned subsidiaries, Psycheceutical, Inc. and NeuraSeed, LLC. We also have two indirect wholly-owned subsidiaries which are directly wholly-owned by Psycheceutical, Inc., Psycheceutical AU Pty Ltd, an Australian entity, and Psycheceutical NZ Limited, a New Zealand entity recently acquired by Psycheceutical, Inc. on April 23, 2023.

We divested our former historic shipwreck exploration operations back on March 31, 2022 by transferring all of our membership interest in our wholly-owned subsidiary, Blue Water Ventures International, LLC, to Keith Webb, our former Chief Executive Officer, in an exchange for 100,000 shares of our common stock, which were subsequently cancelled and our outstanding common shares were reduced by that amount in April 2022.

C. Describe the issuers' principal products or services.

Through our wholly-owned subsidiary, Psycheceutical Inc., we focus on the development and/or acquisition of pharmaceutical products and technologies which offer improvements to and/or alternative delivery methods for current psychedelic therapies, thereby improving patient outcomes. Our current business model is designed around developing our current technologies and growing our product portfolio towards commercialization either directly by us or through one or more strategic relationships. We are continually exploring opportunities and seeking the best strategic relationships for our portfolio, which could include in-license agreements, out-license agreements, co-development arrangements, and other strategic partnerships.

5) Issuer's Facilities

The goal of this section is to provide a potential investor with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer and the extent in which the facilities are utilized.

In responding to this item, please clearly describe the assets, properties or facilities of the issuer, give the location of the principal plants and other property of the issuer and describe the condition of the properties. If the issuer does not have complete ownership or control of the property (for example, if others also own the property or if there is a mortgage on the property), describe the limitations on the ownership.

If the issuer leases any assets, properties or facilities, clearly describe them as above and the terms of their leases.

As of September 30, 2023, we rent on a month-to-month basis an office at 515 E. Las Olas Blvd., Suite 120, Ft. Lauderdale, FL 33301.

6) Officers, Directors, and Control Persons

Using the table below, please provide information, as of the period end date of this report, regarding any officers, or directors of the company, individuals or entities controlling more that 5% of any class of the issuers securities, or any person that performs a similar function, regardless of the number of shares they own. If any insiders listed are corporate shareholders or entities, provide the name and address of the person(s) beneficially owning or controlling such corporate shareholders, or the name and contact information (City, State) of an individual representing the corporation or entity in the note section.

Include Company Insiders who own any outstanding units or shares of any class of any equity security of the issuer.

The goal of this section is to provide an investor with a clear understanding of the identity of all the persons or entities that are involved in managing, controlling or advising the operations, business development and disclosure of the issuer, as well as the identity of any significant or beneficial shareholders.

Name of Officer/Director or Control Person	Affiliation with Company (e.g. Officer Title /Director/Owner of more than 5%)	Residential Address (City / State Only)	Number of shares owned	Share type/class	Ownership Percentage of Class Outstanding	Note

- (1) Mr. Bruce Cassidy controls and is the sole beneficial owner of Eagle Investment Group, LLC and Excel Family Partners, LLLP. In addition to the issued common shares, Excel Family Partners was granted a warrant to purchase 2,000,000 shares of common stock on March 29, 2023. The warrant shares are immediately vested and exercisable at the exercise price of \$0.15 per warrant share. The right to purchase vested warrant shares expires on March 28, 2028.
- **(2)** As of March 30, 2023, 7,500,000 warrant shares have vested and are exercisable under the warrant. The additional 2,500,000 warrant shares will vest and become exercisable on January 31, 2024. The exercise price is \$0.05 per warrant share. The right to purchase vested warrant shares expires on January 23, 2027.
- (3) In addition to the issued common shares, Mr. Tichenor was granted a warrant to purchase 3,750,000 shares of common stock on September 29, 2022. The warrant shares are immediately vested and exercisable at the exercise price of \$0.12 per warrant share. The right to purchase vested warrant shares expires on September 28, 2025.
- **(4)** Amy Lewis (Fort Myers, FL) is the sole member and beneficial owner of this entity. Michael Lewis (Fort Myers, FL) is the manager of this entity, but has no beneficial ownership interest.
- (5) Sophia Zapolin is the sole member and beneficial owner of this entity, and she is the managing member.

7) Legal/Disciplinary History

- A. Identify whether any of the persons or entities listed above have, in the past 10 years, been the subject of:
 - 1. A conviction in a criminal proceeding or named as a defendant in a pending criminal proceeding (excluding traffic violations and other minor offenses);

No

2. The entry of an order, judgment, or decree, not subsequently reversed, suspended or vacated, by a court of competent jurisdiction that permanently or temporarily enjoined, barred, suspended or otherwise limited such person's involvement in any type of business, securities, commodities, or banking activities;

No

3. A finding or judgment by a court of competent jurisdiction (in a civil action), the Securities and Exchange Commission, the Commodity Futures Trading Commission, or a state securities regulator of a violation of federal or state securities or commodities law, which finding or judgment has not been reversed, suspended, or vacated; or

No

4. The entry of an order by a self-regulatory organization that permanently or temporarily barred, suspended, or otherwise limited such person's involvement in any type of business or securities activities.

No

B. Describe briefly any material pending legal proceedings, other than ordinary routine litigation incidental to the business, to which the issuer or any of its subsidiaries is a party or of which any of their property is the subject. Include the name of the court or agency in which the proceedings are pending, the date instituted, the principal parties thereto, a description of the factual basis alleged to underlie the proceeding and the relief sought. Include similar information as to any such proceedings known to be contemplated by governmental authorities.

None

8) Third Party Service Providers

Provide the name, address, telephone number and email address of each of the following outside providers. You may add additional space as needed.

Securities Counsel (must include Counsel preparing Attorney Letters).

Secu	urities	Counsel

Name: <u>Jeffery Bahnsen</u>

Firm: Bahnsen Legal Group, PLLC
Address 1: 131 NE 1st Avenue, Suite 100
Address 2: Boca Raton, Florida 33432

9) Financial Statements

Α.	The followin	a financia	I statements	were	prepared in	accordance	with:

☐ IFRS ☑ U.S. GAAP

B. The following financial statements were prepared by (name of individual)2:

Name: <u>Michael Hlavsa</u>

Title: CFO Relationship to Issuer: Employee

Describe the qualifications of the person or persons who prepared the financial statements:

Mr. Hlavsa is an executive that has over 47 years of combined financial and executive experience. He has received the designations of a Certified Public Accountant and a Certified Internal Auditor and is currently a Chartered Global Management Accountant.

Provide the following financial statements for the most recent fiscal year or quarter. For the initial disclosure statement (qualifying for Pink Current Information for the first time) please provide reports for the two previous fiscal years and any subsequent interim periods.

- a. Audit letter, if audited;
- b. Balance Sheet:
- c. Statement of Income;
- d. Statement of Cash Flows;
- e. Statement of Retained Earnings (Statement of Changes in Stockholders' Equity)
- f. Financial Notes

² The financial statements requested pursuant to this item must be prepared in accordance with US GAAP or IFRS and by persons with sufficient financial skills.

1. Description of Company

Psycheceutical Bioscience, Inc., formerly known as Blue Water Ventures International, Inc., was incorporated in the State of Nevada on June 16, 2004. The company is a pharmaceutical company with patented Janus particle production and novel delivery technologies that is intended to bring the highest levels of safety and efficacy to psychedelic compounds for the medical and pharmaceutical industries. The company expects to create and license its own patented nano-encapsulated and novel delivery formulas using different combinations of psychedelic molecules.

On January 19, 2022, Psych Acquisition Sub, Inc., a wholly-owned subsidiary of Blue Water Ventures International, Inc. OTC PINK BWVI ("BWVI"), merged (the "Merger") with and into Psycheceutical, Inc., ("Psycheceutical"). Psycheceutical was the surviving corporation of that Merger. As a result of the Merger, BWVI acquired the business of Psycheceutical and now continues the existing business operations of Psycheceutical as its wholly-owned subsidiary (collectively, the "Company"). Simultaneously with the closing of the Merger, all of the issued and outstanding shares of Psycheceutical common stock converted, on a 1-for-500 basis, into shares of BWVI's Series B Preferred Stock. Following the Merger, the Series B shares as a group represented an approximate 83% ownership in BWVI.

On March 7, 2022, BWVI amended and restated its Articles of Incorporation with the State of Nevada which included changing its name to Psycheceutical Bioscience, Inc. and increasing the number of authorized shares of preferred stock from 5,000,000 shares to 50,000,000 shares and the authorized shares of common stock from 300,000,000 shares to 3,400,000,000 shares.

All business combinations require the identification of the acquiring entity, which is the entity that obtains control of the acquiree. As control is a prerequisite to determining the accounting acquirer, the first step in determining if a business combination has occurred is to determine if control of another entity has been obtained. Based on the relative voting power of Psycheceutical shareholders, having approximately 83% ownership, Psycheceutical comprising the ongoing operations of the combined entity, Psycheceutical comprising a majority of the governing body of the combined company and Psycheceutical's senior management comprising the senior management of the combined company. Accordingly, for accounting purposes, Psycheceutical was determined to be the accounting acquirer. The Company followed the guidance for reverse acquisition and historical results of Psycheceutical are included at pre-combination carrying amounts except for equity which has been restated using the exchange ratio established in the acquisition agreement. The accounting for the transaction is identical to that resulting from a reverse merger, except that goodwill or other intangibles should not be recognized. As such, the Merger was accounted for as a reverse recapitalization in accordance with generally accepted accounting principles in the United States ("US GAAP"). Under this method of accounting, BWVI, who is the legal acquirer, is treated as the "acquired" company for accounting purposes and Psycheceutical is treated as the accounting acquirer whereby the historical financial statements of Psycheceutical became the historical financial statements of the Company upon the closing of the Merger. Accordingly, the Merger was treated as the equivalent of Psycheceutical issuing shares at the closing of the Merger for the net assets of BWVI as of the closing date, accompanied by a recapitalization. The net assets of BWVI were stated at historical cost, with no goodwill or other intangible assets recorded.

Net assets of BWVI as of transaction date:

Cash	\$ 1,000,055
Other	79
Revenue Participation Agreements	(787,000)
Note Payable	 (51,550)
	\$ 161,584

On November 22, 2021, BWVI entered into an agreement with W. Keith Webb, it's former CEO, to sell the operating subsidiary in exchange for 100,000 shares of BWVI common stock. The terms were that the assets and liabilities of the operations would be transferred to Blue Water Ventures International, LLC ("BWVI LLC") and that the membership interest in that wholly-owned subsidiary would be transferred to W. Keith Webb. On December 30, 2021 all of the assets and liabilities of BWVI were transferred to BWVI LLC excluding Cadence Bank account in connection with the Contribution Agreement. BWVI LLC was organized as a manager managed LLC, so despite the fact that BWVI owned all of the membership interests in BWVI LLC, BWVI no longer had operational control which we believe to be a deconsolidation event. Based on this organizational structure, as of the close of Merger described above, which occurred on January 19, 2022, BWVI did not have control of the net assets in BWVI LLC, therefore those net assets were not included in the merger accounting described above.

On October 6, 2022, Psycheceutical AU PTY LTD was formed in Australia, which is wholly-owned by Psycheceutical.

On February 6, 2023, NeuraSeed, LLC was formed in the State of Delaware, which is wholly-owned by Psycheceutical Bioscience, Inc.

On April 14, 2023, Psycheceutical acquired all of the outstanding shares of Psycheceutical NZ Limited which was organized in New Zealand on October 27, 2022.

2. Liquidity and Going Concern

The accompanying consolidated financial statements have been prepared in conformity with US GAAP, which contemplate continuation of the Company as a going concern and the realization of assets and satisfaction of liabilities in the normal course of business. The carrying amounts of assets and liabilities presented in the consolidated financial statements do not necessarily purport to represent realizable or settlement values. The consolidated financial statements do not include any adjustment that might result from the outcome of this uncertainty.

The Company is subject to risks and uncertainties common to early-stage companies in the biotechnology industry, including, but not limited to, development by competitors of new technological innovations, dependence on key personnel, protection of proprietary technology, compliance with government regulations and the ability to secure additional capital to fund operations. Any formulations will require significant additional research and development efforts, including preclinical and clinical testing and regulatory approval, prior to commercialization. These efforts will require significant amounts of capital, adequate personnel and infrastructure and extensive compliance-reporting capabilities. Even if the Company's formulation efforts are successful, it is uncertain when, if ever, the Company will realize revenue from sales or licensing.

The Company has financed its activities through equity financing. The Company has funded its operations primarily with capital contributions from its founders and proceeds from the sale of its common stock. The Company expects to generate operating losses for the foreseeable future. The future viability of the Company is dependent in part on its ability to raise additional capital to finance its operations. The Company's inability to raise capital as and when needed could have a negative impact on its financial condition and ability to pursue its business strategies. There can be no assurance that the current operating plan will be achieved or that additional funding will be available on terms acceptable to the Company, or at all.

Management expects to incur additional losses and cash outflows in the foreseeable future in connection with its operating activities. The Company will need to raise debt or equity financing in the future in order to finance its operations until operations are cashflow positive. However, there can be no assurance that such financing will be available in sufficient amounts and on acceptable terms, when and if needed, or at all. The Company believes its cash balances and cash flow from operations will not be sufficient to fund the commencement of its operations over the next twelve months from the issuance date of these consolidated financial statements. The

Company will need to raise additional funding from investors or through other avenues to continue as a going concern.

As a result of the above, in connection with the Company's assessment of going concern considerations, these conditions raise substantial doubt about the Company's ability to continue as a going concern for one year from the issuance of the consolidated financial statements. These consolidated financial statements do not include any adjustments relating to the recovery of the recorded assets or the classification of the liabilities that might be necessary should the Company be unable to continue as a going concern.

3. Summary of significant accounting policies

Basis of preparation and statement of compliance

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with US GAAP and the rules and regulations of the Securities and Exchange Commission for interim financial information. Accordingly, certain information and footnote disclosures normally included in consolidated financial statements in accordance with US GAAP have been omitted. In the opinion of management, all adjustments (consisting of normal recurring adjustments) considered necessary for a fair presentation have been included. Operating results for three and six months ended June 30, 2023 are not necessarily indicative of the results that may be expected for the year ending December 31, 2023.

The consolidated financial statements are presented in US dollars, which is also the Company's functional currency.

Basis of Consolidation

Subsidiaries

Subsidiary corporations are all entities (including structured entities) over which the Company has control. The Company controls an entity when the Company is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiary corporations are fully consolidated from the date on which control is transferred to the Company. They are deconsolidated from the date that control ceases.

In preparing the consolidated financial statements, intercompany transactions and balances and unrealized gains on transactions between the Company's entities are eliminated. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment indicator of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Company.

Non-controlling interests comprise the portion of a subsidiary corporation's net results of operations and its net assets, which is attributable to the interests that are not owned directly or indirectly by the equity holders of the Company. They are shown separately in the consolidated statement of comprehensive income, statement of changes in equity, and balance sheet. Total comprehensive income is attributed to the non-controlling interests based on their respective interests in a subsidiary corporation, even if this results in the non-controlling interests having a deficit balance.

Emerging Growth Company Status

The Company is expected to be an emerging growth company, as defined in Section 2(a) of the Securities Act of 1933, as amended, (the "Securities Act"), as modified by the Jumpstart Our Business Startups Act of 2012 (the "JOBS Act"). Under the JOBS Act, emerging growth companies can delay adopting new or revised accounting standards issued subsequent to the enactment of the JOBS Act, until such time as to those standards apply to private companies. The Company has elected to use this extended transition period for complying with

new or revised accounting standards that have different effective dates for public and private companies until the earlier of the date that it (i) is no longer an emerging growth company or (ii) affirmatively and irrevocably opts out of the extended transition period provided in the JOBS Act. As a result, these consolidated financial statements may not be comparable to companies that comply with the new or revised accounting pronouncements as of public company effective dates.

Sales and marketing expense

Sales and marketing expense, including advertising costs, are expensed as incurred.

Acquisitions

The acquisition method of accounting is used to account for business combinations entered into by the Company.

The consideration transferred for the acquisition of a subsidiary corporation or business comprises the fair value of the assets transferred, the liabilities incurred and the equity interests issued by the Company. The consideration transferred also includes any contingent consideration arrangement and any pre-existing equity interest in the subsidiary corporation measured at their fair values at the acquisition date.

Acquisition-related costs are expensed as incurred.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date.

On an acquisition-by-acquisition basis, the Company recognizes any non-controlling interest in the acquiree at the date of acquisition either at fair value or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets.

The excess of (i) the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the (ii) fair value of the identifiable net assets acquired, is recorded as goodwill.

Disposals

When a change in the Company's ownership interest in a subsidiary corporation result in a loss of control over the subsidiary corporation, the assets and liabilities of the subsidiary corporation including any goodwill are derecognized. Amounts previously recognized in other comprehensive income in respect of that entity are also reclassified to profit or loss or transferred directly to retained profits if required by a specific Standard.

Transactions with non-controlling interests

Changes in the Company's ownership interest in a subsidiary that do not result in a loss of control over the subsidiary are accounted for as transactions with equity owners of the Company. Any difference between the change in the carrying amounts of the non-controlling interest and the fair value of the consideration paid or received is recognized within equity attributable to the equity holders of the Company.

Coronavirus ("COVID-19") Impact

Since the last financial year ended December 31, 2022, the Coronavirus continues to have some impact on local and world economies. There continue to be some uncertainties with respect to future developments and impact to the Company related to the COVID-19 pandemic. The extent to which COVID-19 may further impact the Company's business activities will depend on future developments. The Company cannot determine the ultimate financial and operational impacts at this time. Any deterioration in the current situation could have an adverse impact on our business, results of operations, financial position and cash flows in 2023 and 2024.

The Company has considered the market conditions (including the impact of COVID-19) as at the balance sheet date, in making estimates and judgements on the recoverability of assets as of June 30, 2023.

Use of Estimates

The preparation of the accompanying consolidated financial statements in conformity with US GAAP requires management to make certain estimates and assumptions that affect the reported amounts and disclosures of assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Estimates are adjusted to reflect actual experience when necessary. Such estimates included, but are not limited to, valuation of share-based compensation, valuation of the Company's common stock, contingent liabilities, estimation of contingencies, recoverability of deferred tax assets and estimation of income taxes. Our actual results may differ from our estimates.

Cash and Cash Equivalents

Cash and cash equivalents are comprised of cash at banks and on hand and short-term deposits which have an original maturity of three months or less or are readily convertible into a known amount of cash. Cash and cash equivalents are maintained at financial institutions and, at times, balances may exceed federally insured limits. As of September 30, 2023 and December 31, 2022, the Company had \$212,343 and \$1,744,805 in excess of the federal insurance limit, respectively.

Stock Subscription Receivable

The Company records stock issuances at the effective date. When stock subscription receivables are not received prior to the issuance of financial statements at a reporting date in satisfaction of the requirements under FASB ASC 505-10-45-2, the stock subscription receivable is reclassified as a contra account to stockholders' equity (deficit) on the consolidated balance sheet.

Related Parties Transactions

A related party is generally defined as (i) any person that holds 10% or more of the Company's securities and their immediate families, (ii) the Company's management, (iii) someone that directly or indirectly controls, is controlled by or is under common control with the Company, or (iv) anyone who can significantly influence the financial and operating decisions of the Company. A transaction is considered to be a related party transaction when there is a transfer of resources or obligations between related parties. The Company conducts business with its related parties in the ordinary course of business. Related parties may be individuals or corporate entities.

Transactions involving related parties cannot be presumed to be carried out on an arm's-length basis, as the requisite conditions of competitive, free market dealings may not exist. Representations about transactions with related parties, if made, shall not imply that the related party transactions were consummated on terms equivalent to those that prevail in arm's length transactions unless such representations can be substantiated. It is not, however, practical to determine the fair value of amounts due from/to related parties due to their related party nature.

Leases

Effective July 2021, the Company accounts for its leases under ASC 842, Leases ("ASC 842"). Under this guidance, arrangements meeting the definition of a lease are classified as operating or financing leases and are recorded on the consolidated balance sheet as both a right of use asset and lease liability, calculated by discounting fixed lease payments over the lease term at the rate implicit in the lease or the Company's incremental borrowing rate. Lease liabilities are increased by interest and reduced by payments each period, and the right of use asset is amortized over the lease term. For operating leases, interest on the lease liability and the amortization of the right of use asset result in straight-line rent expense over the lease term.

In calculating the right of use asset and lease liability, the Company elects to combine lease and non-lease components as permitted under ASC 842. The Company excludes short-term leases having initial terms of 12 months or less from the new guidance as an accounting policy election and recognizes rent expense on a straight-line basis over the lease term.

As of September 30, 2023 and December 31, 2022, the Company did not have any long-term leases.

Concentration of Credit Risk

Financial instruments that subject the Company to credit risk consist primarily of cash and cash equivalents. The Company places cash and cash equivalents in established financial institutions. The Company has no significant off-balance-sheet risk or concentration of credit risk, such as foreign exchange contracts, options contracts, or other foreign hedging arrangements.

Net Loss per Common Share

The Company computes net loss per share under Accounting Standards Codification subtopic 260-10, Earnings Per Share ("ASC 260-10"). Basic net income (loss) per common share is computed by dividing net loss by the weighted average number of shares of common stock. Diluted net loss per share is computed using the weighted average number of common and common stock equivalent shares outstanding during the period. There is no effect on diluted loss per share since the common stock equivalents are anti-dilutive as of September 30, 2023 and 2022.

Research and Development Costs

Research and development costs will be expensed as incurred. Research and development expenses consist of costs incurred in performing research and development activities, including salaries, share-based compensation and benefits, travel, and external costs of outside vendors engaged to conduct clinical development activities, clinical trials and the cost to manufacture clinical trial materials.

Revenue Participation Subscriptions

The Company has various revenue participation subscription agreements which are recorded as liability when the subscription is sold. The Company reduces the liability as the holders receive their share of the net proceeds, as defined, from future recoveries of specified projects.

Share-Based Compensation

The Company accounted for all share-based payment awards, if any, granted to employees and non-employees as share-based compensation expense at fair value. The Company grants equity awards under its share-based compensation programs, which may include share options and restricted ordinary shares. The measurement date for employee and non-employee awards is the date of grant, and share-based compensation costs are recognized as expense over the requisite service period, which is the vesting period, on a straight-line basis.

Income Taxes

The Company accounts for income taxes using the asset and liability method, which requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been recognized in the consolidated financial statements or in its tax returns. Deferred tax assets and liabilities are determined on the basis of the differences between the consolidated financial statements and tax basis of assets and liabilities substantively enacted tax rates in effect for the year in which the differences are expected to reverse. Changes in deferred tax assets and liabilities are recorded in the provision for income taxes. The Company assesses the likelihood that deferred tax assets will be recovered in the future to the extent management believes, based upon the weight of available evidence, that it is more likely than not that all or a portion of the deferred tax assets will

not be realized, a valuation allowance is established through a charge to income tax expense. Potential for recovery of deferred tax assets is evaluated by estimating the future taxable profits expected and considering prudent and feasible tax planning strategies.

The Company accounts for uncertainty in income taxes in the consolidated financial statements by applying a two-step process to determine the amount of tax benefit to be recognized. First, the tax position must be evaluated to determine the likelihood that it will be sustained upon external examination by the taxing authorities. If the tax position is deemed more-likely-than-not to be sustained, the tax position is then assessed as the amount of benefit to recognize in the consolidated financial statements. The amount of benefits that may be used is the largest amount that has a greater than 50% likelihood of being realized upon ultimate settlement. The provision for income taxes includes the effects of any resulting tax reserves, or unrecognized tax benefits, that are considered appropriate, as well as the related net interest and penalties. As of June 30, 2023 and December 31, 2022, the Company has not identified any uncertain tax positions.

The Company recognizes interest and penalties, if any related to unrecognized tax benefits on the income tax expense line in the accompanying consolidated financial statement of operations and comprehensive loss. As of September 30, 2023 and December 31, 2022, no accrued interest or penalties are included on the related tax liability line in the consolidated balance sheets.

Fair Value Measurements

Accounting Standards Codification subtopic 825-10, Financial Instruments ("ASC 825-10") requires disclosure of the fair value of certain financial instruments. The carrying value of cash and cash equivalents, accounts payable, accrued liabilities, and short-term borrowings, as reflected in the consolidated balance sheets, approximate fair value because of the short-term maturity of these instruments. All other significant financial assets, financial liabilities and equity instruments of the Company are either recognized or disclosed in the consolidated financial statements together with other information relevant for making a reasonable assessment of future cash flows, interest rate risk and credit risk. Where practicable the fair values of financial assets and financial liabilities have been determined and disclosed; otherwise only available information pertinent to fair value has been disclosed.

The Company follows Accounting Standards Codification subtopic 820-10, Fair Value Measurements and Disclosures ("ASC 820-10") and ASC 825-10, which permits entities to choose to measure many financial instruments and certain other items at fair value.

Reclassifications and Adjustments

Certain reclassifications and adjustments have been made to the prior years' data to incorporate certain audit adjustments made in the audited financial statements for the year ending December 31, 2022.

Benefit from Research and Development Tax Credit

As a company that intends to carry out extensive research and development activities, the Company may benefit from research and development tax credits.

Changes in accounting principles and recently issued accounting pronouncements

In August 2020, the FASB issued ASU No. 2020-06, "Debt-Debt with Conversion and Other Options (Subtopic 470-20) and Derivatives and Hedging-Contracts in Entity's Own Equity (Subtopic 815-40): Accounting for

Convertible Instruments and Contracts in an Entity's Own Equity," which signifies the accounting for certain financial instruments with characteristics of liability and equity, including convertible instruments and contracts on an entity's own equity. The standard reduces the number of models used to account for convertible instruments, removes certain settlement conditions that are required for equity contracts to qualify for the

derivative scope exception, and requires the if-converted method for calculation of diluted earnings per share for all convertible instruments. The ASU is effective for the Company for fiscal years, and interim periods within those fiscal years, beginning on or after December 15, 2021. The adoption of ASU 2020-06 did not have a material impact on the Company's consolidated financial statements.

In September 2022, the FASB issued ASU No. 2022-04 – Liabilities—Supplier Finance Programs (Subtopic 405-50): Disclosure of Supplier Finance Program Obligations which is intended to enhance the transparency surrounding the use of supplier finance programs. The guidance requires companies that use supplier finance programs to make annual disclosures about the program's key terms, the consolidated balance sheet presentation of related amounts, the confirmed amount outstanding at the end of the period and associated roll forward information. Only the amount outstanding at the end of the period must be disclosed in interim periods. The guidance does not affect the recognition, measurement or financial statement presentation of supplier finance program obligations. The guidance becomes effective for fiscal years beginning after December 15, 2022, including interim periods within those fiscal years, except for the roll forward information, which is effective for fiscal years beginning after December 15, 2023. The Company does not have any supplier finance programs and does not believe the impact of adopting this accounting standard update will be material to the consolidated financial statements.

In March 2020, the FASB issued authoritative guidance to provide optional relief for companies preparing for the discontinuation of interest rates such as the London Interbank Offered Rate ("LIBOR") and applies to lease and other contracts, hedging instruments, held-to-maturity debt securities and debt arrangements that reference LIBOR or another rate that is expected to be discontinued as a result of reference rate reform. In January 2021, the FASB issued authoritative guidance that makes amendments to the new rules on accounting for reference rate reform. The amendments clarify that for all derivative instruments affected by the changes to interest rates used for discounting, margining or contract price alignment, regardless of whether they reference LIBOR or another rate expected to be discontinued as a result of reference rate reform, an entity may apply certain practical expedients in ASC 848. In December 2022, the FASB issued authoritative guidance to defer the sunset date of ASC 848 from December 31, 2022 to December 31, 2024. The Company is currently evaluating the potential impact of modifying treasury related arrangements and applying the relevant ASC 848 optional practical expedients, as needed. For existing lease, debt arrangements and other contracts, the Company does not expect any qualifying contract modifications related to reference rate reform and therefore does not expect that the optional guidance in ASC 848 will need to be applied through December 31, 2024. The Company will continue to monitor new contracts that could potentially be eligible for contract modification relief through December 31, 2024.

In October 2021, the FASB issued ASU No. 2021-08, Accounting for Contract Assets and Contract Liabilities from Contracts with Customers (Topic 805). This ASU requires an acquirer in a business combination to recognize and measure contract assets and contract liabilities (deferred revenue) from acquired contracts using the revenue recognition guidance in Topic 606. At the acquisition date, the acquirer applies the revenue model as if it had originated the acquired contracts. For the Company, the new guidance is effective for fiscal years beginning after December 15, 2023, including interim periods within those fiscal years. Adoption of the ASU should be applied prospectively. Early adoption is also permitted, including adoption in an interim period. The Company is currently evaluating the impact of this accounting standard update on its consolidated financial statements.

4. Notes Receivable - related party

The owners of mPhasics are directors and officers of the Company. In connection with the mPhasics license agreement (disclosed under the Minimum Royalty Obligation footnote) in May 2022, the Company entered into a convertible promissory note (the "Note") with mPhasics, LLC pursuant to which the Company contemplated, under certain conditions, to advance to mPhasics an aggregate of \$1,000,000 as follows: (A) \$350,000 on April 30, 2022, which amount was timely advanced; and (B) (i) an additional \$150,000 not later than June 30, 2022; (ii) and additional \$250,000 to be funded not later than September 30, 2022; and (iii) an additional \$250,000 to be funded not later than December 31, 2022, which amounts have not been advanced.

The Company has decided not to advance the \$650,000 and has not recorded the liability nor the offsetting note receivable as of September 30, 2023.

The Note bears interest at a rate of 2% per annum. Under the Note, Borrower is entitled to offset against any outstanding amounts under the Note any minimum royalty payments that become due to Borrower under the mPhasics Agreement. During the nine months ended September 30, 2023, the principal amount due under the Note was reduced by \$87,500 as a result of the application of a minimum royalty offset.

5. Notes Payable

In 2022, Notes Payable consists of \$51,550 of unsecured cash advances to BWVI with no specified repayment terms. Upon the sale of BWVI LLC, these liabilities were transferred to that entity, however the Company has not been legally released from their obligation, so the liability remains on its books.

6. Revenue Participation Subscriptions

During 2006 through 2021, BWVI sold marine salvage royalty interest subscriptions aggregating \$787,000, which entitles the holders to a share of net proceeds, as defined, from future recoveries on specified projects. Upon the sale of BWVI LLC, these liabilities were transferred to that entity, however the Company has not been legally released from their obligation, so the liability remains on its books.

7. Stockholders' Equity

Preferred Stock

The Company's authorized capital stock consists of 50,000,000 shares of preferred stock at a par value of \$0.001 per share. As of September 30, 2023 and December 31, 2022, there were 0 shares of Preferred stock issued and outstanding.

Series B Preferred Stock

Simultaneously with the closing of the Merger described in Note 1, all of the issued and outstanding shares of Psycheceutical common stock converted, on a 1-for-500 basis, into shares of the BWVI's Series B Preferred Stock. All issued and outstanding shares of Series B Preferred Stock shall automatically be converted into fully paid and non-assessable shares of common stock, without the payment of additional consideration by the holders thereof, on the date immediately following (the "Conversion Date") the effective date of any reverse split of common stock, where outstanding shares of common stock are reclassified and changed into fewer shares of outstanding common stock, at a conversion rate of 5,000 shares of common stock for every one share of Series B Preferred Stock. The Series B Preferred Stock have the same voting rights as the common stock as if they had been converted. The Series B shares as a group represent an approximate 74.5% ownership in BWVI as of September 30, 2023.

In connection with the merger, on January 19, 2022, the Company issued 600 shares of Series B Preferred Stock for \$150,000, of which \$50,000 was recorded as a stock subscription receivable. The stock subscription receivable remains outstanding as of September 30, 2023.

On March 7, 2022, BWVI amended and restated its Articles of Incorporation with the State of Nevada which included an increase in the number of authorized shares of preferred stock from 5,000,000 shares to 50,000,000 shares and authorized shares of common stock from 300,000,000 shares to 3,400,000,000 shares.

As of September 30, 2023 and December 31, 2022, there were 161,700 shares of Series B Preferred Stock issued and outstanding, respectively.

PSYCHECEUTICAL BIOSCIENCE, INC.

(formerly Blue Water Ventures International, Inc.) NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS FOR THE NINE MONTHS ENDED SEPTEMBER 30, 2023 AND 2022

Common Stock

The Company's authorized capital stock consists of 3,400,000,000 shares of common stock at a par value of \$0.001 per share.

In December 2020, in connection with Psycheceutical's formation, the Company issued 63,000,000 common shares to its founders at par value of \$0.0001 per share and received \$2,100 in cash.

On June 11, 2021, the Board of Directors authorized a three for one forward stock split for those shareholders of record at that date. All share and per share data have been retroactively restated in the 2021 consolidated financial statements to reflect the effects of the forward split.

In 2021, the Company issued 14,600,000 shares of common stock to an employee, an advisor and a director as an inducement to join the Company. The share grants had no vesting or other conditions that may affect shareholders. The income statement reflects \$1,460 in share-based compensation expense related to these share grants. The Company took into consideration ASC 820 and FASB 718 in determining fair value for these grants. The effect on the cash flow statement was a non-cash expense in the amount of \$1,460.

In September 2021, the Company sold 1,890,000 shares of the Company's common stock to various investors in a private placement under a Reg D exemption for \$0.50 per share resulting in \$945,000 in proceeds to the Company.

During the years ended December 31, 2022 and 2021, the Company issued 10,000,000 and 1,060,000 shares of common stock to two consultants, valued at \$1,380,000 and \$530,500, respectively as share-based compensation. The share grants had no vesting or other conditions that may affect shareholders. The income statement reflects \$1,380,000 and \$530,000 in share-based compensation expense related to these share grants or the years ended December 31, 2022 and 2021, respectively. The Company took into consideration ASC 820 and FASB 718 in determining fair value for these grants. The effect on the cash flow statement was a non-cash expense in the amount of \$1,380,000 and \$530,500, respectively. As of December 31, 2022, the 10,000,000 had not been issued to the consultant therefore the balance (\$1,380,000) is classified as a liability. These shares were issued in April 2023.

In connection with the reverse acquisition in January 2022 as disclosed in Note 1, BWVI former shareholders received, 164,947,437 shares of common stock and the 80,850,000 shares of common stock held by the Psycheceutical stockholders were converted to 161,700 shares of Series B Preferred Stock.

In 2022, the Company sold 98,080,000 shares of the Company's common stock and 98,080,000 fully vested warrants with an exercise price of \$0.10 per share that expire March 31, 2025 to various investors in a private placement under a Regulation D exemption for \$0.05 per share resulting in \$4,729,000 in proceeds to the Company. As of December 31, 2022, 2,800,000 shares had not been issued to investors but \$140,000 cash had been received from the Company therefore \$140,000 is classified as a liability. These shares were issued in April 2023.

In the first nine months of 2023, the Company sold 4,100,000 shares of the Company's common stock and 4,100,000 fully vested warrants with an exercise price of \$0.10 per share that expire March 31, 2025 to various investors for \$0.05 per share resulting in \$205,000 in proceeds to the Company. As of September 30, 2023, 20,000,000 shares had not been issued to an investor, but the cash had been received from the Company therefore \$1,000,000 is classified as a liability. These shares have not been issued.

As of September 30, 2023 and December 31, 2022, there were 276,427,437 and 256,727,437 shares of common stock issued and outstanding, respectively.

8. Earnings per share

Basic earnings per share is calculated by dividing the profit attributable to equity holders of the Company by the weighted average number of common shares issued and outstanding during the period.

For the nine months ended September 30, 2023 and 2022, the weighted average number of shares for diluted earnings per share was not increased to take into consideration conversion of the preference shares and the theoretical effect of the potential common shares that would be issued for the Company's employee share schemes as the effect would have been anti-dilutive. See Note 6 "Share capital" for additional details related to the Company's preference shares and the Company's employee share schemes.

The following table provides the amounts used in the calculation of basic and diluted earnings per share for the three and nine months ended September 30, 2023 and 2022:

				nne months ended ptember 30,			
	2023	2022	2023	2022			
Profit (loss) attributable to equity holders of the Company Weighted average number of common shares	\$ (2,905,041)	\$ (7,348,918)	\$ (8,413,506)	\$ (13,753,951)			
for basic earnings per common share	276,427,437	258,927,437	271,549,659	215,620,770			
Basic and diluted earnings per common share	\$ (0.01)	\$ (0.03)	\$ (0.03)	\$ (0.06)			

9. Commitments and Contingencies

Legal Proceedings

From time to time, the Company may be a party to litigation or subject to claims incident to the ordinary course of business. The Company was not a party to any material litigation and did not have material contingency reserves established for any liabilities as of September 30, 2023 and December 31, 2022.

Indemnification

In accordance with its Articles of Incorporation, the Company has indemnification obligations to its officers and directors for certain events or occurrences, subject to certain limits, while they are serving at the Company's request in such capacity. There have been no claims to date.

Minimum Royalty Obligations

In 2021, the Company entered into two license agreements pursuant to which it licenses some of its core technologies, one with DEF, LLC (the 'DEF Agreement") and one with mPhasics, LLC (the "mPhasics Agreement"). The DEF Agreement has no minimum royalty obligations. The mPhasics Agreement requires minimum royalty payments of \$100,000 during the first and second calendar years; \$150,000 in calendar year three; \$200,000 in calendar year four and \$250,000 in calendar year five and thereafter indefinitely. For the nine months ended September 30, 2023 and 2022, the Company expensed \$87,500 and \$75,000, respectively, related to these license agreements.

Option Fee

In connection with a binding term sheet the Company signed to acquire 70% equity interest of another entity, the Company paid a \$100,000 fee for an exclusive option for nine months. This amount will be reduced from the cash consideration paid upon execution of a final agreement. If a final agreement is not reached at the end of the exclusivity period, the \$100,000 will be forfeited by the Company and recorded as an expense in the statement of operations. In April 2023, the Company paid an additional \$50,000 to extend the option period 90 days. The option has been exercised and the Company is preparing formal acquisition documents.

10. Related Party Transactions

Key management personnel include those persons having authority and responsibility for planning, directing and controlling the activities of the Company as a whole. The Company has determined that key management personnel consist of members of the Company's Board of Directors and corporate officers. As of June 30, 2023 and December 31, 2022, the Company had no amounts due to the officers or directors of the Company.

The remuneration of directors and key management personnel made during the nine months ended September 30, 2023 and 2022, is as follows:

Nine months ended September 30,	2023	2022
Salaries to Officers	\$382,500	\$ 364,500
Royalty fees paid to a company controlled by one of the Company's directors	87,500	75,000
Total	\$470,000	 \$439,500

On March 29, 2023, the Company executed a promissory note payable to a related party in the amount of \$500,000. The loan matured on June 29, 2023, is in default and is an on-demand liability of the Company. Outstanding principal accrues interest at 25% per annum from the date of default until paid. In connection with the note, the Company issued a warrant for the purchase of 2,000,000 shares of common stock at an exercise price of \$0.145 per share. The warrant expires on March 28, 2028.

11. Subsequent Events

The Company has evaluated and recognized or disclosed subsequent events, as appropriate, from the balance sheet date through the date the consolidated financial statements were available to be issued.

10) Issuer Certification

Principal Executive Officer:

The issuer shall include certifications by the chief executive officer and chief financial officer of the issuer (or any other persons with different titles but having the same responsibilities) in each Quarterly Report or Annual Report.

The certifications shall follow the format below:

- I, Chad Harman certify that:
 - 1. I have reviewed this Disclosure Statement for Psycheceutical Bioscience, Inc.;
 - Based on my knowledge, this disclosure statement does not contain any untrue statement of a material fact or
 omit to state a material fact necessary to make the statements made, in light of the circumstances under
 which such statements were made, not misleading with respect to the period covered by this disclosure
 statement; and
 - 3. Based on my knowledge, the financial statements, and other financial information included or incorporated by reference in this disclosure statement, fairly present in all material respects the financial condition, results of operations and cash flows of the issuer as of, and for, the periods presented in this disclosure statement.
