SFLMAVEN CORP
Notes to the Financial Statements
(Unaudited)
September 30, 2023

Note 1- Organization and Description of Business

On October 5, 2020, Sun Kissed Industries, Inc. (SKI) entered into an Acquisition Agreement whereby the stock of SFL Maven, Inc. (SFLM) was exchanged for 300,000 of SKI. SFLM became a wholly owned subsidiary of SKI and Joseph Ladin became the Chief Executive Officer, President and sole Director of SKI. Mr. Ladin also received 10,000,000 shares of Company's Series A Preferred Shares representing voting control of the company. In November 2022, Mr. Ladin sold control of the Company to Chad MacKay, the Company's new Chief Executive Officer and Sole Director.

The Company's new business model focuses on acquisitions or technology licensing opportunities. The Company identifies companies and/or technologies that could be impactful in their respective industries. The Company's overarching objective is to add opportunities that it believes will be accretive to the Company and its Shareholders. For example, the Company is working with one credible university on some amazing technologies in the lithium mining industry that could prove to be important to the future of electric batteries. There is no assurance that this particular pursuit will be a success for the Company. Where it makes sense, the Company intends to focus on specific verticals.

Note 2- Significant Accounting Policies

This summary of significant accounting policies of the Company is presented to assist in understanding of the Company's financial statements. The financial statements and notes are representations of the Company's management who are responsible for the integrity and objectivity. The following policies are considered to be significant.

Accounting method

The Company recognizes income and expense on the cash method of accounting. The Company has elected a calendar year- end.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expense during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents consist of one bank account.

Revenue Recognition

Product sales are recorded as the cash is received. There are no accounts receivable.

Note 3- Going Concern

As shown on the accompanying financial statements, the Company has incurred continuous losses from operations, has an accumulated deficit and has minimal cash on hand as of September 30, 2023. These factors raise substantial doubt about the Company's ability to continue as a going concern. Management is currently seeking additional sources of capital to fund short term operations through debt or equity investments. The Company however, is dependent upon its ability to secure equity and/or debt financing and there are no assurances that the Company will be successful. Therefore, without sufficient financing it would be unlikely for the Company to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of any uncertainty as to the Company's ability to continue as a going concern. The financial statements also do not include any adjustments relating to the recoverability and classification of recorded asset amounts, or amounts and classifications of liabilities that might be necessary should the Company be unable to continue as a going concern.

Note 4 – Other Liabilities

In conjunction with the divestiture of the Company's operating subsidiaries, Other Loans Payable were satisfied.

Note 5 – Change in Control; Divestiture of Operating Subsidiary

On November 11, 2022, the Company's controlling shareholder, Joseph Ladin, entered into a control securities purchase agreement (the "Sale Agreement") with Loyal Technologies, LLC, pursuant to which Mr. Ladin is to sell the single share of Series A Preferred Stock which share of Series A Preferred Stock provides voting control of the Company to its holder. The Sale Agreement is expected to close prior to the close of business on November 21, 2022. As a condition precedent to the closing of the Sale Agreement, the Company was required to divest of its operating subsidiary, SFLMaven of Florida, LLC, which occurred in November 2022.

Note 6 – Note Receivable

In connection with the divestiture of the Company's operating subsidiary, the purchaser delivered a promissory note in payment of the \$50,000 purchase price, which note is unsecured and is due and payable in November 2024.

Note 7 – New Business Plan

The Company's new business model focuses on acquisitions or technology licensing opportunities. The Company identifies companies and/or technologies that could be impactful in their respective industries. The Company's overarching objective is to add opportunities that it believes will be accretive to the Company and its Shareholders. For example, the Company is working with one credible university on some amazing technologies in the lithium mining industry that could prove to be important to the future of electric batteries. There is no assurance that this particular pursuit will be a success for the Company. Where it makes sense, the Company intends to focus on specific verticals.

Note 8 – Convertible Note

In June 2023, the Company obtained a loan from Real Transition Capital, LLC which netted our company \$2,500 in proceeds. In consideration of such loan, we issued a \$10,000 face amount convertible promissory note (the "RTC Note"), with OID of \$7,500, with principal and interest payable in June 2024. The Company has the right to repay the RTC Note at any time, without penalty. The RTC Note is convertible into shares of the Company's common stock at a conversion price of \$.0001 per share.

Note 9 – Advances from Affiliate
